**NOTICE OF DRAFT RESOLUTIONS
(Pursuant to PU Code § 311(g))**

Draft Resolution Approving Disclosure Of Information Concerning Utility Readiness With Respect To The Year 2000 Computer Problem, Including Utility Responses to Resolution M-4792, Dated November 19, 1998 Available For Public Review And Comment.

A draft resolution (M-4793) of the Executive Division approving disclosure of information concerning utility readiness with respect to the Year 2000 (Y2K) computer problem, including utility responses to resolution M-4792, dated November 19, 1998, will be on the April 1, 1999 Commission meeting agenda. The Commission may vote on this resolution at that time, or it may postpone a vote until later. When the Commission votes on M-4793, it may adopt all or part of it as written, amend or modify it, or set it aside and prepare a different resolution.

The draft resolution was circulated on March 2, 1999 to the Resolution M-4792 Service List, and to other entities, such as certain passenger stage corporations and vessel common carriers, who have been asked to provide information concerning their Y2K readiness.

Utilities and other entities providing Y2K readiness reports to the Commission pursuant to Resolution M-4792 may request in comments to this draft resolution that certain limited portions of their Y2K readiness reports should be treated as confidential. Entities seeking confidential treatment should recognize the strong public interest in disclosure of Y2K readiness information, and should seek confidential treatment only if they can demonstrate to the Commission's satisfaction both that the portions they wish kept confidential fall within a specific exemption in the California Public Records Act (Government Code Section 6250 et seq.) and that the public interest in nondisclosure clearly outweighs the public interest in

disclosure. An entity should not seek confidential treatment of any information which has been made publicly available through Y2K readiness reports filed by that entity with other agencies or through reports posted on the entity's web site. Any request for confidentiality must be filed prior to the close of the comment period for this resolution.

Interested parties may obtain a copy of M-4793 for review and submission of written comments. A copy of the draft resolution may be obtained from, and any subsequent written comments should be submitted to:

Fred Harris, Staff Counsel
Legal Division

3/8/99 I87-11-033 Commission investigation into alternative regulatory frameworks for local telecommunications exchange carriers, and

Summary: On March 3, 1999 AT&T Communications of California, Inc. ("AT&T") initiated three (3) ex parte meetings with PUC officials and engaged in oral and written ex parte communications in each meeting, covering the same subject matter each time. The PUC officials were, in order: (a) Commission President Bilas and advisor Lester Wong, (b) Tim Sullivan, advisor to Commissioner Duque, and (c) Commissioner Neep and advisor Fassil Fenikile. The AT&T contingent for the first meeting included Rick Witherington, and accompanying him were Richard Purkey of Sprint and Richard Severy of MCI. For the second and third meetings, Bob Munoz was the MCI representative instead of Mr. Severy. The attendees encouraged the PUC officials to issue an order requiring Pacific Bell to implement 1+ presubscription on an expedited basis as this would, it was stated, benefit consumers and small businesses. Five (5) briefing sheets were provided the recipients in the first two meeting (but none in the meeting with Commissioner Neep). The sheets were headlined "Public Interest," "IntraLATA 1+ Presubscription," "8th Circuit is Done," "No Justification for Further Delays," "Pacific Bell Contradicts Its Own Legal Position," and "Immediate Action Required." The writings were attached to the filer's Notice of Ex Parte Communications.

Summary: On March 5, 1999, Pacific Bell ("Pacific") representatives initiated an ex parte

meeting at CPUC with Tim Sullivan, advisor to Commissioner Duque. The representatives were Cynthia Marshall, Agnes Lowe, Vivian Irving, Petty Garber, and April Rodewald-Fout. Also in attendance was PUC Telecommunications Staff member Karen Jones. Pacific raised questions on collocation addressed in D98-12-068 and D98-12-069, and indicated the following statements required clarification: (1) Pacific shall refund nonrecurring charges for cage installation to carriers which surrender their collocation space, if that space is needed by another carrier, (2) the timeframe for CLEC's to request a space inspection tour, (3) Pacific shall accept applications and payment in advance of its advice letter becoming effective. However, no construction work shall commence until the advice letter is approved, and (4) the prioritization process reduced to 5 days to respond and 10 business days for CLEC's to send in their application with the check or post the surety bond.

Summary: On March 4, 1999 AT&T Communications of California, Inc. ("AT&T") initiated three consecutive (3) ex parte meetings with PUC officials, conveying the same oral communications in each meeting. The AT&T representatives were John Zeglis, President of AT&T, Rick Witherington, and David Condit. The PUC officials were, (a) Commission President Bilas and advisor Lester Wong, (b) Commission Duque and advisor Tim Sullivan, and (c) Commissioner Neeper and advisor Fassil Fenikile. Mr. Zeglis thanked the commissioners for promptly approving the AT&T-TCI merger, but he expressed concern that Pacific's Operations Support Systems ("OSS") Test Plan is inadequate. He said the OSS test plan does not comply with FCC or PUC requirements, and that any "271" application based on Pacific's plan should be denied. Mr. Zeglis added that PUC should require Pacific to refile a more credible plan. Concluding, Mr. Zeglis recommended that the Commission finish the OANAD ("Open Access Network Architecture Development") proceeding to establish cost-based recurring non-recurring UNE prices because AT&T will continue to rely on the use of UNE's to serve many parts of California for the foreseeable future.

3/12/99	A95-05-030	Roseville Telephone Company, for authority to increase its intrastate rates by \$26,890,729 effective 1/1/96; adopt the new regulatory framework proposal,
	I95-09-001	Commission Order Instituting Investigation, into the rates, charges, service, practices and regulation of Roseville Telephone Company; consolidated with A95-05-030, and
	A95-05-031	Roseville Telephone Company; for authority to implement a proposed agreement and plan for reorganization which would result in a holding company structure.

Summary: On March 9, 1999, Roseville Telephone Co. initiated consecutive meetings with PUC officials (“Roseville”) and therein conveyed oral ex parte communications. In the first meeting, Michael D. Campbell and Greg R. Gierczak met with Commission President Bilas and advisor Lester Wong. In the second meeting, Mr. Gierczak met with Mr. Fassil T. Fenikile, advisor to Commissioner Neeper. The communications by Roseville were the same in each meeting, as follows: Objections about the Office of Ratepayer Advocates’ (“ORA”) proposed audit were primarily about the process that led to the improper selection of and contracting with Overland Consulting. Roseville stated this occurred before ORA had any authority to do so. Moreover the scope of the audit far exceeded that described in the general rate case and holding company orders. Consequently, its cost is greater than it should be. The process used to select the consultant was improper in that the low bidder was excluded from consideration. Roseville concluded by saying PUC should require ORA to re-start the process if it determined that an audit should begin now.
