4/15/99 A98-05-019 San Diego Gas & Electric Company, for authority to increase its authorized return on common equity, to adjust its existing ratemaking capital structure, to adjust its authorized embedded costs of debt and preferred stock, to decrease its overall rate of return, and to revise its electric distribution and gas rates accordingly.

A98-05-021 Pacific Gas and Electric Company, for authority to

the PD, and ORA's more adamant opposition to the AD. The Commission's original purpose to unbundle the cost of capital has been misdirected he said. Providing details, he also said both decisions misinterpreted and violated constitutional requirements of Hope and Bluefield. Mr. Linsey said that the PD moderated interest rate changes twice, to reach an unreasonably high ROE. He further said the AD violates the principle that "a deal is a deal." ORA concluded by stating no decision can be based on economic conditions occurring after the record has been closed.

	A98-05-022	Pacific Gas and Electric Company, to report assessments of inventory balances and to address appraisal of retained generation assets

Summary: On April 15, 1999 two (2) representatives from the Regional Council of Rural Counties ("RCRC") had an ex parte meeting with Commission President Bilas and his staff. Wesley Lujan and Valerie Justice from RCRC told President Bilas their organization was concerned about water supplies for their member counties and the state with regard to hydroelectric assets currently held by Pacific Gas & Electric Co. ("PG&E"). Mr. Lujan said appraisal valuation proceedings are important to rural counties, and that the outcome of those proceedings have an impact on the property tax base in small rural counties. He said appraisal proceedings help determine and raise questions on details and facts related to the PG&E hydroelectric system. Ms Justice added that divestiture of these assets also have impact on these counties. Mr. Lujan concluded by noting SB 797, SB 1063, and SB 1183 are related to the valuation and divestiture of PG&E assets.

4/21/99	A98-05-004	Pacific Gas and Electric Company, to establish the eligibility and seek recovery of certain electric industry restructuring implementation costs as provided for in Public Utilities Code Section 376.
---------	------------	--

Summary: On April 16, 1999, Pacific Gas & Electric Co. ("PG&E") initiated an ex parte meeting at CPUC with David Gamson, advisor to Commissioner Neeper. Commissioner Duque. The PG&E representatives initiating the communication were Jana Corey, Veronica Andrews, and William Manheim. Mr. Manheim stated PG&E's understanding that Enron does not oppose recovery of settlement costs, but does care about who will pay for the costs. He noted all three (3) proposed decisions state that restructuring implementation costs should be borne by all customers, not just bundled customers. Based on various "reply" briefs noted, Mr. Manheim then referred to the six (6) categories in Enron's functionalization proposal in which to allocate restructuring related costs. Ms Andrews

stated if some costs are assigned only to bundled customers, then other costs would likely be assigned to direct access customers as well. Mr. Mannheim concluded by referring to the settlement agreement's provision that ongoing 1999 costs will be booked to the Electric Restructuring Cost Account ("ERCA"). He said the issue of whether "procurement" costs should be paid by direct access customers has been considered in the RAP proceeding or in the 1999 ERCA proceeding for 1999 costs.
