5/12/99	A98-07-003	Pacific Gas and Electric Company, for verification, consolidation, and approval of costs and revenues in the Transition Revenue Account.
	A98-07-006	San Diego Gas & Electric Company, for approval of consolidated changes in 1999 authorized revenue and revised rate components; the CTC rate component and associated headroom calculations, RGTCOMA balances; credit computations, disposition of various balancing/memorandum accounts; and electric revenue allocation and rate design changes.
	A98-07-026	Southern California Edison Company, to consolidate authorized rates and revenue requirements; verify residual competition transition charge revenues; review

and dispose of amounts in various balancing and memorandum accounts; verify regulatory balances transferred to the transition cost balancing account on 1/1/98; and propose rate recovery for Santa Catalina Island Diesel fuel costs.

Summary: On May 10, 1999 Enron Corp. ("Enron") told Commission President Bilas the proposed decision ("PD") issued by Administrative Law Judge Malcolm provided no relief to the electric service provider community. Enron said the PD erred in adopting an avoided cost approach for determining which costs should be reflected in the PX credit. The issue, Enron said, is not which costs are avoided, but what costs are incurred by the UDC to provide procurement service to bundled service customers. The latter, Enron said, are costs which must be recovered through Schedule PX (and thus reflected in the PX credit). The ex parte communication occurred during a meeting at CPUC initiated by Enron. Representing Enron were Sue Mara and Jeanne Bennett. Gary Ackerman and Daniel Douglas of the Western Power Trading Forum ("WPTF") accompanied the Enron contingent. Before departing, both Enron and WPTF proposed various options the Commission could utilize to place additional procurement costs in the PX credit and still adhere to the record in the proceeding. No written materials were provided during the meeting.

	A95-05-031	Roseville Telephone Company, for authority to implement a proposed agreement and plan for reorganization which would result in a holding company structure.

Summary: On May 7, 1999, Roseville Telephone Co. ("Roseville") told Lester Wong the pending proposed decision on the affiliate transaction and non-regulated audits of Roseville should be modified to set out the proper scope of audit if PUC determines now is the to commence the audit. The Roseville representative, Greg R. Gierczak, said it is important at the outset to state the proper scope of the audit in order to avoid disputes. This is because the Commission authorized the Office of Ratepayer Advocates ("ORA") to seek permission to conduct an audit only of affiliate and non-regulated transactions, Mr. Gierczak said, and not a complete review of Roseville's operations and new regulatory framework. The

Roseville representative concluded his discussion with Mr. Wong by requesting the audit be

conducted by the PUC Telecommunications Division and not ORA.

	A96-08-072	San Diego Gas & Electric Company, to estimate transition costs and establish a transition cost balancing account; prepared direct testimony attached; amended to reflect the impacts of AB1890.

Summary: On three (3) separate dates, Russell G. Worden of Southern California Edison ("SCE") conveyed oral ex parte communications to PUC officials regarding the related proceedings. On May 5, 10, and 11, respectively, the SCE representative initiated communications with (1) Commission President Bilas' advisor, Julie Halligan, (2) Commissioner Neepers' advisor, David Gamson, and (3) Commissioner Duque's advisor, Michelle Cooke. The contact with Ms Halligan was by telephone, with the other two (2) encounters occurring in person at CPUC headquarters. In the first two (2) encounters, Mr. Worden said Energy Division Draft Resolution E-3600 dated 4/12/99 required modification to comply with Pub.Util.C. § 369 as interpreted in D98-12-067. He cited three reasons, i.e., safety regarding third party generator hookup, the need for follow up physical testing, denial to the utility of fact gathering preparatory to alternate dispute resolution requirements. In the meeting with Ms Cooke, Mr. Worden repeated the need to modify the

resolution, but did not go into the detail stated in the first two encounters. SCE filed a

"Notice of Ex Parte Communication" for each of the three (3) encounters.

Summary: On May 12, 1999, MCI WorldCom ("MWC") telephoned an advisor to Commissioner Neepser and urged immediate consideration of a filed response prior to ruling on a Pacific Bell ("PacBell") motion. The filing by MCI WorldCom ("MWC"), AT&T Communications of California, Inc., and California Cable Television Assoc.(collectively "CLC's") was in response to a motion by PacBell for a cooperative workshop in lieu of filing comments. The MWC representative placing the call to advisor Fassil Fenikile was Evelyn Lee, and she pointed out that PacBell's comments were originally due on the following day (5/13/99). Ms Lee then summarized three points the CLC's had made in their filing in regard to PacBell's OSS test plan: (1) requirement that independent third party be responsible for the plan, (2) CLC's be represented at any workshop by anyone whom they choose, and (3) all parties have opportunity to review and comment on plan before consideration by Commission. No written materials were used during the 30 minute telephone conversation.

5/14/99	A98-11-024	Pacific Bell , for arbitration of an interconnection agreement with Pac-West Telecomm, Inc., pursuant to section 256(b) of the Telecommunications Act of 1996.
---------	------------	--

Summary: THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION WHICH WAS FILED ON 5/14/99 AND APPEARED IN THE CALENDAR OF 5/18/99.

On May 12, 1999 representatives of The Grid met at CPUC with Commissioner Neepser to discuss the arbitrator's report and to underscore the importance of maintaining the status quo regarding termination compensation for Internet destined traffic. The representatives were Tim Higgins and David A. Simpson, and they were accompanied by Mike Arciero, Coastal Web Online founder. They urged the Commission to require Pacific Bell pay Pac-West Telecomm, Inc., for terminating compensation for calls destined for ISP's. Without such payments, the representatives stated, Pac-West would no longer be able to provide

reasonable flat rate access services for ISP's, a situation which could lead to thousands, perhaps hundreds of thousands of rural customer being cut off from Internet access.
