A draft resolution (L-279) of the Legal Division approving disclosure of information concerning incident 19980527-01, dated May 24, 1999, will be on the June 24, 1999 Commission meeting agenda. The Commission may vote on this resolution at that time, or it may postpone a vote until later. Interested parties may request that USB's investigative report and correspondence with Southern California Edison Company be treated as confidential. Interested parties seeking confidential treatment should recognize the strong public interest in disclosure of information concerning incidents involving public utilities, and should seek confidential treatment only if they can demonstrate to the Commission's satisfaction both that the portions they wish kept confidential fall within a specific exemption in the California Public Records Act (Government Code Section 6250 et seq.) and that the public interest in nondisclosure clearly outweighs the public interest in disclosure. Any request for confidentiality must be filed prior to the close of the comment period for this resolution.

Interested parties may obtain a copy of L-279 for review and submission of written comments. A copy of the draft resolution may be obtained from, and any subsequent written comments should be submitted to:

**Summary:** On May 20, 1999 Sempra Energy ("Sempra") requested clarification from Commission President Bilas on certain language in his Alternate Decision ("AD"). The request was made in a telephone call to the president's advisor, Dorothy Duda, by Sempra representative Kimberly Freeman. Clarification was sought on AD language on pp. 37-38 indicating it would be appropriate to re-evaluate the risk associated with the UDC no later than the 2002 cost of capital. Ms Freeman told Ms Duda that San Diego Gas & Electric Co. believes it is not required to file a cost of capital application before 2002 since their MICAM ("market indexed capital adjustment mechanism) automatically adjusts for market risk.

**Summary:** On May 20, 1999 AT&T Communications of California, Inc. ("AT&T") requested the Commission adopt the administrative law judge's draft decision and oppose Commissioner Neeper's alternate. The reason given was that the Commission had not conducted an investigation to determine consequences of the reversal of PUC policy incorporated in the alternate. AT&T's Rick Witherington and Bob Kargol made this ex parte request to PUC advisors Lester Wong and Fassil Fenikile. Mr. Wong is an advisor to Commission President Bilas, and Mr. Fenikile an advisor to Commissioner Neeper. The request was made during a meeting initiated by AT&T and held at CPUC. Accompanying AT&T were MCI WorldCom representatives Richard Severy and Bill Harrelson. AT&T's Notice of Ex Parte Communications indicated the MCI representatives conveyed the same request to the advisors as did AT&T.

Pacific Bell , for arbitration of an interconnection agreement with Pac-West Telecomm, Inc., pursuant to section 256(b) of the Telecommunications Act of 1996.

**Summary: AUGMENTATION REQUIRED.**

On May 21, 1999 Pacific Bell ("PacBell") provided PUC advisors three (3) documents on the issue of reciprocal compensation for Internet calls. One was a copy of a Massachusetts Dept. of Telecommunications and Energy ruling. The Massachusetts ruling was a 38 page document, captioned "D.T.E. 97-116-C." The order in the ruling, approved by three (3) Massachusetts commissioners, states in part "that...Bell Atlantic-Massachusetts shall not be required to make reciprocal compensation payments in excess of a 2:1 terminating to originating traffic ratio..." A concurring and dissenting opinion of two (2) Massachusetts commissioners indicated "we disagree with the majority conclusion that this invalidation automatically serves to relieve Bell Atlantic from any and all obligations to pay compensation for ISP bound traffic terminated by CLEC's." The second document was an E-Mail reportedly sent by Coastal Web Online official Mike Arciero to his company's customers requesting they contact PUC commissioners to express opposition to PacBell's proposal now before the Commission. The E-Mail indicated "two of the five CPUC commissioners have retired since October, leaving 3 commissioners to rule on all issues. And yes, the two that ruled against 'local' calls DID NOT retire and are going to vote on the issue again" and "it is the only item that they have refused to take comments on by the public." The third was a one (1) page summary sheet rebutting Mr. Arciero's E-Mail message, leading with the statement "The ISP message contains the following misleading and troubling points..." (followed by six (6) items). The PUC advisors receiving the PacBell package provided by Dan Jacobsen were Tim Sullivan, Fassil Fenikile, and Lester Wong.
