7/22/99	A95-06-024	Eastern Municipal Water District, for a CPCN to construct a public utility water system in the unincorporated area of Riverside County, in or near Perris, and to establish rates for service and to issue stock
---------	------------	--

Summary: On July 21, 1999, Steven B. Abbott, representing Eastern Municipal Water District (District), met with Cmmr. Neepor in San Francisco. Also present were: Fassil Fenikile, advisor to Cmmr. Neepor; and Gregory Bowling, representative of the District. Written materials (attached to the notice) were used. Representatives of the District expressed its belief that the proposed decision errs because the McCanna Ranch Water Company (Applicant) is proposing to invade the territory currently being served by the District, and because this matter does not present an issue of service area expansion by two entities. The District representatives noted that Resolution M-4708 should bar granting the requested certificate to Applicant, that the guarantee given by Applicant's parent would not apply upon the sale of the Applicant, and that Applicant's proposed facilities were not up to the District's standards.

Summary: On July 21, 1999, Mona Petrochko, Director of Government Affairs for Enron Corp. (Enron), met with Cmmr. Neepor in San Francisco. Also present were: David Gamson, advisor to Cmmr. Neepor; and Jeanne Bennett, attorney for Enron. Written materials (attached to the notice) were used. Petrochko discussed the proposed decision of the administrative law judge regarding Southern California Edison Company's (SCE) settlement, and Enron's concerns about the dollar amounts encompassed by the proposed decision. Petrochko pointed out that the settlement amounts were approximately five times those approved for San Diego Gas & Electric Company and three times those approved for Pacific Gas and Electric Company. Petrochko noted that Enron was pleased with the language contained in the proposed decision requiring SCE to track the procurement costs being recovered under the settlement for potential future inclusion into the power exchange credit. Petrochko stated, however, that the directive should require SCE to track revenue cycle service costs recovered under the settlement.
