7/29/99	A98-06-001	Pacific Gas and Electric Company, for a permit to
		construct an electric substation, the Nortech Substation,
		and associated power lines, known as the North San
		Jose Capacity Project.

Summary: On July 26, 1999, Paul Storz, Senior Regulatory Representative of Pacific Gas and Electric Company (PG&E) telephoned Michelle Cooke, advisor to Cmmr. Duque. Storz expressed PG&E's concern about having capacity in place to meet the power needs

of the San Jose area in the summer of 2000 without expedited approval of the North San Jose Capacity Project (Project). Storz stated that in order to facilitate immediate construction of the Project, PG&E requests that Cmmr. Duque's Draft Decision be adopted, but that it be made effective upon issuance rather than 30 days later.

7/29/99 A99-03-047 Pacific Bell, for arbitration of an interconnection agreement with MFS/WorldCom pursuant to Section 252(b) of the Telecommunications Act of 1996.

Summary: On July 28, 1999, Ron Sawyer, Executive Director-Regulatory of Pacific Bell (Pacific), met with Tim Sullivan, advisor to Cmmr. Duque, in San Francisco. Also present was David Discher, Pacific General Counsel. Written materials (attached to the notice) were used. Pacific indicated that the draft arbitrator's report adopts MFS/Worldcom's (MFSW) position on reciprocal compensation; however, the rationale in the report does not support MFSW's position, which is that it should receive tandem routed compensation on every call it terminates regardless of the facilities or route used. Pacific stated that the draft report says MFSW is entitled to receive compensation for the tandem functions it provides Pacific on a reciprocal basis. Pacific explained that Pacific does not charge tandem routed rates on every call. Pacific indicated that the draft report also inappropriately extends its rationale to MFSW's incoming FEX calls, which, according to Pacific are not reciprocal and the only termination cost incurred by MFSW on incoming FEX calls is end office switching. Pacific also said that the draft was wrong to assume that MFSW's logical trunk group proposal will compensate Pacific for its costs to transport MFSW's incoming FEX calls. Pacific also explained that the draft report was confused on the issue of the price MFSW should pay for DA. Pacific stated that MFSW plans to buy DA as a UNE but the draft mistakenly assumes the dispute is over the price for resold DA calls.

Summary: On July 27, 1999, Glenn Semow, Director of State and Regulatory Affairs of the California Cable Television Association (CCTA), met with Norman Low, advisor to Cmmr. Wood, in San Francisco. Semow summarized CCTA's position on price floors issues currently under consideration in this proceeding. Semow stated that the proposed decision erred in determining that some UNEs are not essential for imputation purposes. Semow also stated that the proposed decision erred in adopting the contribution imputation methodology as opposed to the tariff imputation methodology.
