The August 3, 1999, Daily Calendar indicated that a draft resolution (L-285) of the Legal Division approving disclosure of confidential records concerning direct access customers to the California State Board of Equalization pursuant to a confidentiality agreement will be on the September 2, 1999, Commission meeting agenda. The Daily Calendar invited comments on the draft resolution and also noted that this draft resolution has been circulated to the Electric Restructuring Service List, R.94-04-031/I.94-04-032, the Registered Electric Service Providers Service List, and the Inactive Electric Service Providers Service List.

Due to changed circumstances, draft resolution L-285 will not be placed on the agenda for consideration at the Commission's September 2, 1999 meeting. - A98-07-005 San Diego Gas and Electric Company and Southern California Gas Company, for approval of a gas transmission service tariff.

Summary: On August 4, 1999, Greg Blue of Dynegy Marketing and Trade, representing Electric Generator Alliance (EGA) met with Cmmr. Neeper in San Francisco. Also present were: David Gamson, advisor to Cmmr. Neeper; Robert Weisenmiller, of MRW Associates, Inc., consultant to (EGA); and James Squeri, outside regulatory counsel for EGA. Written materials (attached to the notice) were used. The EGA representatives registered their opposition to the proposal of San Diego Gas & Electric Company (SDG&E) for a preferential gas transportation service option for international border (IB) customers, asserting that such a proposal is unjustified and anticompetitive. EGA representatives expressed their support for the tentative resolution of the IB issue announced by the presiding Administrative Law Judge. The EGA representatives indicated that EGA's proposal for a single, Semptra-wide gas transportation rate for electric generation customers solves the anticompetitive problems presented by SDG&E's proposed IB tariff and mitigates negative effects arising from existing discrepancies in regulatory pricing schemes.
