**Stakeholder Roundtable on CPUC Innovations**

October 12, 1999 1 pm	California Public Utilities Commission 505 Van Ness Avenue Auditorium <b>San Francisco</b> (Corner of Van Ness Avenue and McAllister Street)
--------------------------	--

The *Stakeholder Roundtable* is a key element of our ongoing effort to assure that the way the California Public Utilities Commission (CPUC) conducts business is fully aligned with evolving publicly-valued needs and expectations.

Federal and state utility deregulation, technological change, as well as other current issues with widespread impact including area code proliferation, local and long distance telephone competition, competition in electricity services, and the need for consumer education and protection in competitive industries. All of these make it imperative for the CPUC to continue to strive to address stakeholder and public needs in innovative and efficient ways.

The goal of the *Stakeholder Roundtable* is to hear your suggestions for specific, feasible, needed innovations at the CPUC with respect to, for instance, changes in processes, rules, ways of conducting business, and ways we interact and communicate with the public and others. We also seek ideas from our employees on how we can make the Commission a more fulfilling place to work.

Recently, the Commission issued its *Draft 1999 – 2000 CPUC Business Plan* for stakeholder review and comment (available at [www.cpuc.ca.gov](http://www.cpuc.ca.gov)). Within it are ongoing process reform efforts, planned innovations in expanded electronic access to the CPUC, and additional planned streamlined procedures to benefit stakeholders and the public directly. The *Draft Business Plan* incorporates a set of eight good government initiatives I proposed this spring and the Directors' responses to an innovation survey conducted by the Governor's Office of Innovation in Government. These documents are available on the Commission website in association with this notice.

The *Stakeholder Roundtable* is intended to go a step further by enabling us to hear firsthand from electric, telephone, and gas utilities and providers, rail, water, transportation, and other regulated entities. We also seek input from the public, consumer groups, industry labor representatives, legislators, the Administration, other government agencies, employee advocacy groups and employee union representatives about innovations or improvements you think we should make to better serve public and stakeholder interests, and how we should begin to implement them expeditiously. Contact Garret Shean at 415-703-1114; 916-327-1416, or [GShean@cpuc.ca.gov](mailto:GShean@cpuc.ca.gov) by September 13th if you wish to be a *Stakeholder Roundtable* participant.

### **Submission Instructions for Stakeholder Roundtable:**

As a starting point, the Roundtable will consider:

Where are we now?  
Where should we be?  
How do we get there?

In asking, "Where should we be?" the Commissioners seek constructive ideas on making the agency effective, efficient, and future-oriented. Areas for discussion might include, for example:

New or evolving regulatory models for the Commission's regulatory, oversight, education, consumer protection, and enforcement roles;  
Communication, both to and from the Commission, and access to Commission information, focusing on ease of use, availability of information or employees, and the timeliness and value of available information;  
Electronic interfacing between the Commission and stakeholders, and e-business processes including the transferring information to and sharing of databases;  
The development of expert systems or automated processes for repetitive business processes; and

Feedback mechanisms to continuously inform the Commission of a need to re-align its processes to address changing circumstances or enhanced technology.

Responses: The Commission requests that stakeholder responses be submitted electronically at Gshean@cpuc.ca.gov. Internal PUC submissions are to GPS on Outlook. Hardcopy submissions may be mailed to Mr. Shean, Room 5119, 505 Van Ness Avenue, San Francisco, California 94102

The Commission requests that all potential participants provide on or before September 20, 1999, a one-page summary of their innovation suggestions so that they can be compiled into general topic areas for panel selection and circulated electronically to participants prior to the *Roundtable* to facilitate a valuable dialogue. An agenda, including a designation of topic panels, for the *Roundtable* will be returned to all respondents on October 5, 1999. Non-panel participants may address the *Roundtable* during a general comment period.

Following the initial *Roundtable*, staff teams will review the replies, conduct any needed public workshops to discuss comments on stakeholder suggestions, and prepare an implementation plan for Commission consideration.

**NOTICE OF DRAFT RESOLUTIONS**  
**(Pursuant to PU Code § 311(g))**

Draft Resolution Approving Disclosure of Clarification to Staff Investigative Report and Supporting Records Concerning Explosion Occurring on February 17, 1998 at 2101 San Pablo Avenue, Pinole, California, Available For Public Review And Comment.

A draft resolution (L-286) of the Legal Division approving the disclosure of information concerning the explosion occurring on February 17, 1998 at 2101 San Pablo Avenue, Pinole, California, will be on the September 2, 1999, Commission meeting agenda. The Commission may vote on this resolution at that time, or it may postpone a vote until later. When the Commission votes on L-286, it may adopt all or part of it as written, amend or modify it, or set it aside and prepare a different resolution.

The draft resolution was circulated on August 3, 1999 to the attorneys of record for the parties in State Farm v. EBMUD, Contra Costa County Case No. 9805176, and to Pacific Gas & Electric Company, the utility whose facilities were involved in the explosion.

Interested parties may obtain a copy of L-286 for review and submission of written comments. A copy of the draft resolution may be obtained from, and any subsequent written comments should be submitted to:

Lynne McGhee  
Legal Division  
California Public Utilities Commission

### **CORRECTION**

The August 3, 1999, Daily Calendar indicated that a draft resolution (L-285) of the Legal Division approving disclosure of confidential records concerning direct access customers to the California State Board of Equalization pursuant to a confidentiality agreement will be on the September 2, 1999, Commission meeting agenda. The Daily Calendar invited comments on the draft resolution and also noted that this draft resolution has been circulated to the Electric Restructuring Service List, R.94-04-031/I.94-04-032, the Registered Electric Service Providers Service List, and the Inactive Electric Service Providers Service List.

Due to changed circumstances, draft resolution L-285 will not be placed on the agenda for consideration at the Commission's September 2, 1999 meeting. Since the matter will require consideration by the Commission at a future business meeting, the Daily Calendar will provide notice and information about filing comments at a future time.

If you have questions, you may contact Fred Harris at (415) 703-1557.

8/16/99            A98-04-016            Pacific Gas and Electric Company, for authorization to sell the El Dorado Hydroelectric Project to El Dorado Irrigation District.

**Summary:** On August 11, 1999, Sabrina Miller, Senior Regulatory Representative, Pacific Gas and Electric Company (PG&E), met with Michelle Cooke, advisor to Cmmr. Duque, in San Francisco. Also present was Pat Power, attorney representing El Dorado Irrigation District (EID). Miller expressed PG&E's support for the proposed decision (PD), as modified by Cmmr. Duque's alternate. Miller stated PG&E's concern with Ordering Paragraph (OP) 4 of both the PD and the alternate, which states that PG&E is to obtain a certified copy of its Board of Directors acknowledging all of the terms and conditions of the order. Miller assured the Commission that PG&E will not seek rate recovery for project decommissioning costs. Miller stated that the next PG&E Board of Directors' meeting is not scheduled until October 20, 1999, and OP 4 would conflict with the agreed upon closing date of the deal between EID and PG&E, and would also delay commencement of restoration work EID has planned for the project. Miller asked that OP 4 be modified to require PG&E's Chief Executive Officer to sign a letter, or an affidavit, stating that PG&E will not seek decommissioning costs for the project, rather than the Board resolution requirement currently in the PD and the alternate. Power also expressed support for Cmmr. Duque's alternate, but refuted the position in the PD that the benefits to EID should be taken into account as an offset to the payment by PG&E and EID. Power stated that approval of the agreement will result in substantial benefit to PG&E ratepayers.
