All *documents sent through the mail* for formal filing should be addressed *ONLY* to the Commission's Docket Office, Room 2001, 505 Van Ness Avenue, San Francisco, CA 94102.

Charge for Commission Documents

To purchase Commission documents, there is a charge of 20 cents a printed page (postage prepaid) with a minimum purchase of \$2.00.

SUBSCRIPTION INFORMATION

Subscription Notice for Draft Agenda Items

In compliance with Public Utilities Code Section 311.5, parties who wish to subscribe to receive draft agenda items may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003, 505 Van Ness Avenue, San Francisco, CA 94102, or by calling (415) 703-1798. The cost for a one-year subscription to the entire public agenda package (which excludes Executive Session materials) is \$1,000. You may also order a partial agenda package (energy agenda items only or telecommunication agenda items only) at the cost of \$500 per year. The package you receive via mail will include only those agenda items available at the time of the agenda distribution date, which is usually 10 to 12 days prior to the Commission meeting. If

agenda items (including revisions) are not ready on the distribution date, they will be made available at no charge in the lobby outside the Commission Auditorium at 9:00 a.m. on the morning of the Commission meeting, but not earlier.

In addition, the Commission will make draft agenda items available for viewing and photocopying (at 20 cents per page) at the Commission's Central Files Office (Room 2002), 505 Van Ness Avenue, San Francisco, and in the Los Angeles, San Diego, and the following field offices: El Centro, Eureka, Sacramento and San Bernardino. Since the agenda package will be mailed to these locations, it will be available at these locations a day or two after the distribution date. These locations will not receive agenda items that are not ready on the distribution date. If an agenda item is held over to a subsequent Commission meeting, that agenda item and any revisions to that agenda item that were available on the morning of the initial Commission meeting (as well as any further available revisions) will be mailed in the Escutia package for the subsequent Commission meeting; the item and its revisions will also be available for viewing and photocopying in the Commission's Central Files Office and field offices as set forth above. Intervenors who have a financial hardship determination pending or granted shall be eligible to receive draft agenda item packets at no charge.

The cost to receive the agenda only, without copies of draft agenda items, remains at \$75 per year.

Subscription Notice for Daily Calendar and/or Agenda

Parties who wish to subscribe to the Daily Calendar and/or the Agenda may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003, 505 Van Ness Avenue, San Francisco, CA 94102, or by calling (415) 703-1798. The subscription cost for the Daily Calendar is \$225 per year. The Biweekly Daily Calendar is \$50 per year. The Agenda is \$75 per year. Checks are to be made payable to the Public Utilities Commission.

Stakeholder Roundtable on CPUC Innovations

October 12, 1999 1 pm	California Public Utilities Commission 505 Van Ness Avenue Auditorium San Francisco (Corner of Van Ness Avenue and McAllister Street)
--------------------------	--

The Stakeholder Roundtable is a key element of our ongoing effort to assure that the way the California Public Utilities Commission (CPUC) conducts business is fully aligned with evolving publicly-valued needs and expectations.

Federal and state utility deregulation, technological change, as well as other current issues with widespread impact including area code proliferation, local and long distance telephone competition, competition in electricity services, and the need for consumer education and protection in competitive industries. All of these make it imperative for the CPUC to continue to strive to address stakeholder and public needs in innovative and efficient ways.

The goal of the *Stakeholder Roundtable* is to hear your suggestions for specific, feasible, needed innovations at the CPUC with respect to, for instance, changes in processes, rules, ways of conducting business, and ways we interact and communicate with the public and others. We also seek ideas from our employees on how we can make the Commission a more fulfilling place to work.

Recently, the Commission issued its *Draft 1999 – 2000 CPUC Business Plan* for stakeholder review and comment (available at www.cpuc.ca.gov). Within it are ongoing process reform efforts, planned innovations in expanded electronic access to the CPUC, and additional planned streamlined procedures to benefit stakeholders and the public directly. The *Draft Business Plan* incorporates a set of eight good government initiatives I proposed this spring and the Directors' responses to an innovation survey conducted by the Governor's Office of Innovation in Government. These documents are available on the Commission website in association with this notice.

The *Stakeholder Roundtable* is intended to go a step further by enabling us to hear firsthand from electric, telephone, and gas utilities and providers, rail, water, transportation, and other regulated entities. We also seek input from the public, consumer groups, industry labor representatives, legislators, the Administration, other government agencies, employee advocacy groups and employee union representatives about innovations or improvements you think we should make to better serve public and stakeholder interests, and how we should begin to implement them expeditiously.

Contact Garret Shean at 415-703-1114; 916-327-1416, or GShean@cpuc.ca.gov by September 13th if you wish to be a *Stakeholder Roundtable* participant.

Submission Instructions for Stakeholder Roundtable:

As a starting point, the Roundtable will consider:

Where are we now?
Where should we be?
How do we get there?

In asking, "Where should we be?" the Commissioners seek constructive ideas on making the agency effective, efficient, and future-oriented. Areas for discussion might include, for example:

New or evolving regulatory models for the Commission's regulatory, oversight, education, consumer protection, and enforcement roles;
Communication, both to and from the Commission, and access to Commission information, focusing on ease of use, availability of information or employees, and the timeliness and value of available information;
Electronic interfacing between the Commission and stakeholders, and e-business processes including the transferring information to and sharing of databases;
The development of expert systems or automated processes for repetitive business processes; and

Feedback mechanisms to continuously inform the Commission of a need to re-align its processes to address changing circumstances or enhanced technology.

Responses: The Commission requests that stakeholder responses be submitted electronically at Gshean@cpuc.ca.gov. Internal PUC submissions are to GPS on Outlook. Hardcopy submissions may be mailed to Mr. Shean, Room 5119, 505 Van Ness Avenue, San Francisco, California 94102

The Commission requests that all potential participants provide on or before September 20, 1999, a one-page summary of their innovation suggestions so that they can be compiled into general topic areas for panel selection and circulated electronically to participants prior to the *Roundtable* to facilitate a valuable dialogue. An agenda, including a designation of topic panels, for the *Roundtable* will be returned to all respondents on October 5, 1999. Non-panel participants may address the *Roundtable* during a general comment period.

Following the initial *Roundtable*, staff teams will review the replies, conduct any needed public workshops to discuss comments on stakeholder suggestions, and prepare an implementation plan for Commission consideration.

NOTICE OF DRAFT RESOLUTIONS

(Pursuant to PU Code § 311(g))

Draft Resolution Authorizing Passenger Stage Corporations To Temporarily Adjust Fares Available For Public Review And Comment

A draft resolution (TL-18904) of the Rail Safety and Carriers Division that gives passenger stage corporations (PSCs) temporary authority to adjust their fares without specific Commission authorization will be on the October 21, 1999 Commission meeting agenda. The Commission may vote on this resolution at that time, or it may postpone a vote until later. When the Commission votes on Resolution TL-18904, it may adopt all or part of it as written, amend or modify it, or set it aside and prepare a different resolution.

The resolution was drafted in response to the significant increases in fuel prices that have been experience by PSCs. It authorizes PSCs for a 180-day period to raise their fares as much as 15% above their current fares or, for those carriers who have been granted a zone of rate freedom (ZORF), 15% above the upper limit of the ZORF.

The draft resolution is available for review and comment. A copy may be obtained from, and any subsequent written comments should be submitted to:

Paul Wuerstle, Principal
RSCD Carriers Branch
California Public Utilities Commission
505 Van Ness Avenue, 2nd Floor
San Francisco, CA 94102
Telephone: (415) 703-2183

An original and 2 copies of comments must be received by the Rail Safety and Carriers Division by October 12, 1999. Comments shall be limited to 5 pages in length. Late filed comments will ordinarily be rejected. However, in extraordinary circumstances, a request for leave to submit comments late, together with the proposed comments, may be filed. An accompanying declaration under penalty of perjury shall also be submitted setting forth all reasons for the late submission.

Summary: On September 8, 1999, Michael R. Hoover, Director of Regulatory Affairs for Southern California Edison (SCE), delivered copies of documents to Dorothy Duda, advisor to Cmmr. Bilas, in San Francisco: (1) the Joint Comments of the Settling Parties on ALJ Minkin’s Proposed Decision (PD); (2) the changes SCE recommends to the PD to reflect the settling parties’ comments. - 9/13/99 A93-12-025 Southern California Edison Company, for authority to increase its authorized level of base rate revenue approximately \$153 million over the current ALBRR under the Electric Revenue Adjustment Mechanism for service rendered beginning 1/1/95 and to reflect this increase in rates and
- 194-02-002 Commission Order Instituting Investigation into the rates, charges, and practices of Southern California Edison Company, establishment of the utility's revenue requirement, and attrition request.

Summary: On September 8, 1999, Bruce Foster, Vice President Regulatory Affairs, and Mike Hoover, Director Regulatory Affairs, for Southern California Edison Company (SCE), had a meeting with Cmmr. Bilas. Jullie Halligan and Dorothy Duda, advisors to Cmmr. Bilas were also present at the meeting. Foster also met with Cmmr. Wood in a separate meeting on the same date. On September 9, 1999, Foster met with Cmmr. Hyatt. Later that day, Foster telephoned Kim Malcolm, advisor to Cmmr. Hyatt. On September 10, 1999, Mike Hoover, had a meeting with Michelle Cooke, advisor to Cmmr. Duque. All five meetings took place in San Francisco, and the same subject was discussed. Foster and Hoover (SCE representatives) explained that the revised draft decision of ALJ Gottstein provides a continuation of the Flexible Pricing Options (FPOs), even though on its face it would deny SCE’s petition to modify D.96-08-025. SCE representatives noted that an extension beyond March 31, 2000 was contingent upon SCE filing for a continuation of the FPOs in the global, post-transition rate design. SCE representatives indicated that the extension requested was through the end of the rate freeze period and that the revised decision provides an incentive to file for a continuation of the FPOs.

- 9/13/99 A98-11-023 Pacific Gas and Electric Company to establish performance-based ratemaking for electric and gas utility distribution service effective January 1, 2000

Summary: On September 8, 1999, Jana Corey, Director, Regulatory Relations, for Pacific Gas and Electric Company (PG&E), met with Cmmr. Wood. Also present during the meeting were Jasmin Ansar, Director, Regulatory Analysis, and Dr. Mark Schankerman, consultant, both for PG&E. A one-page handout titled “PG&E Distribution PBR,” was used and attached to the notice. Schankerman stated that the important design features of a

performance based ratemaking (PBR) mechanism include a starting point for rates (PG&E's pending GRC), that covers reasonable costs, unbiased benchmarks for key escalation parameters, symmetric sharing of risks, and competitive symmetry for all market participants. Schankerman described PG&E's proposal as a hybrid of the rate index and revenue per customer index mechanisms. Schankerman stated that PG&E's proposal would provide a rate index for larger customers who seek price stability, and revenue per customer index to promote energy efficiency and bill stability. Corey stated that the deferral of consideration of the interim PBR mechanism, given the delayed issuance of the GRC proposed decision, may, in essence, deny PG&E an opportunity to have an interim mechanism in place for January 1, 2000.

9/13/99 A97-06-021 Southern California Edison Company, for authority to adopt a revenue-sharing mechanism for certain other operating revenues.

Summary: On September 8, 1999, Bruce Foster, Vice President Regulatory Affairs, for Southern California Edison Company (Edison), met with Cmmr. Neeper, Cmmr. Bilas, and Cmmr. Wood, in three separate meetings, in San Francisco. Also present at the meetings were David Gamson, advisor to Cmmr. Neeper; Dorothy Duda and Julie Halligan, advisors to Cmmr. Bilas; and Tom Thompson, for the Office of Ratepayers Advocates (ORA). Edison and ORA expressed support for the Alternate Decision of Cmmr. Bilas. Edison and ORA objected to the Draft Decision's (DD) conclusion to reject the settlement unless modified. Furthermore, Edison and ORA believe that the modifications contained in the DD would cause much of the settlement to be renegotiated. Edison and ORA also briefly described the key aspects of the settlement.

9/13/99 A98-05-038 Pacific Bell, for authority for pricing flexibility and to increase prices of certain operator services, to reduce the number of monthly directory assistance call allowances, and adjust prices for four centrex optional features

Summary: On September 8, 1999, Paul Stein, staff attorney, for The Utility Reform Network(TURN), met with Cmmr. Neeper, in San Francisco. Also present were Fassil Fenikile, advisor to Cmmr. Neeper; Thomas J. Long, senior telecommunications attorney, and Terry Murray, consultant, both representing TURN. TURN explained that the proposed decision of the administrative law judge to raise the price of directory assistance (DA) calls to \$.50 cents and reduce the DA call allowances should not be adopted. TURN further explained that allowing a rate increase without ordering offsetting rate reductions through a surcredit would damage the efficiency incentives established by the New Regulatory Framework. A written handout material summarizing its position was provided and attached to the noticed.

Summary: On September 9, 1999, Andrew Ulmer, Attorney for the Office of Ratepayer Advocates (ORA), met with Cmmr. Wood, in San Francisco. Also present were Norman Low, advisor to Cmmr. Wood; Biran Chang, Supervisor, and Bill Johnston, Regulatory Analyst, for ORA. ORA stated that the proposed decision (PD) failed to account for the public protest or impact of Pacific Bell's application. ORA stated that the proposed decision would adversely impact residential subscribers of Pacific Bell's local exchange service. ORA stated that the PD's findings also modify a prior Commission decision, which ordered NRF ILECs to provide five monthly directory assistance (DA) allowances until the development of a marketplace for local exchange DA. ORA stated that the PD's statement that 80% of residential subscribers make less than three DA calls per month is misleading estimate by Pacific Bell. Finally, ORA stated that if the Commission decides to ignore the flaws in Pacific Bell's cost assertions, the Commission should increase Pacific Bell's price ceiling for DA to no greater than \$0.35.

9/14/99 A98-07-005 San Diego Gas and Electric Company and Southern California Gas Company, for approval of a gas transmission service tariff

Summary: On September 9, 1999, Lisa Hubbard, Director, for Sempra Energy (Sempra), met with Cmmr. Neeper, in San Francisco. Also present were David Gamson, advisor to Cmmr. Neeper; and Mark Ward, Regulatory Case Administrator, for Sempra. Hubbard stated that Southern California Gas (SoCal) and San Diego and Gas Electric Company (SDG&E) had a number of concerns with the Proposed Decision and asked to consider an alternate decision. Hubbard stated that SoCal/SDG&E intended to address, at the Oral Arguments scheduled for September 13, 1999, their beliefs regarding the adequacy of the record in support of their application. Ward stated that SoCal/SDG&E had recently informed the Commission and parties by letter that the timetable associated with the commencement of service to the Rosarito Power Plant had slipped by several months and, as a result, the previous need for a final Commission decision by October 1999 no longer existed. Ward noted that the timetable now envisioned by SoCal/SDG&E called for service to commence early in the year 2000.

9/14/99 I98-03-013 Commission Order Instituting Investigation, on the Commission's own motion, into whether existing standards and policies of the Commission regarding drinking water quality adequately protect the public health and safety with respect to contaminants such as Volatile Organic Compounds, Perchlorate, MTBEs, and whether those standards and policies are being uniformly complied with by Commission regulated utilities

Summary: On September 9, 1999, William T. Bagley, attorney for California Water Association (CWA), met with Cmmr. Duque, in San Francisco. Also present were Tim Sullivan, advisor to Cmmr. Duque, and Izetta Jackson, attorney in the Commission’s Legal Division. Bagley referred to the recent decision of the First District, California Court of Appeal in Hartwell v. Superior Court, in which the court dismissed a number of private lawsuits against Commission-regulated-water utilities which had alleged personal injuries resulting from the service by the utilities of allegedly contaminated water. Bagley stated that the court’s decision was based on the Commission’s exclusive jurisdiction over the terms and conditions of water service provided by the investor-owned water utilities. Bagley stated that the Commission should continue to assure that the water utilities are complying with all applicable water quality rules and regulations. Bagley further stated that such an on-going proceeding could be the venue for the Commission’s periodically reviewing developments related to new water quality regulations, the identification of new contaminants, and the development of new testing and treatment techniques.

Summary: On September 10, 1989, Bill Blasé, Vice President, for Pacific Bell (Pacific), met with Cmmr. Hyatt via conference call, in San Francisco. Also present at the conference call were Bob Lane and Kim Malcolm, advisors to Cmmr. Hyatt; Jack Leutza, Director of the Telecommunications Division; Helen Mickiewicz, Cheri Connor, Eleanor Szeto, and Mary Jo Borak, all CPUC staff members; Ross Ireland and Margaret Pascoe, both for Pacific. Pacific said that it supported certain aspects of the current Alternate Draft Decision in the 310 proceeding by Cmmr. Hyatt. Pacific explained Pacific Bell’s concerns with the proposed decision’s voluntary pooling trial. A prepared handout was presented and attached to the notice which outlined Pacific’s studies of the need for area code relief, a proposed schedule of activities and timeliness for a manual trial and the expected national pooling mandate from the FCC.

- 9/15/99 A98-04-016 Pacific Gas and Electric Company, for authorization to sell the El Dorado Hydroelectric Project to El Dorado Irrigation District

Summary: On September 13, 1999, Peter Fairchild, representative of the Office of Ratepayer Advocates (ORA), met with Kim Malcolm, advisor to Cmmr. Hyatt, in San Francisco. ORA addressed various claims made by Pacific Gas and Electric Company (PG&E) and the El Dorado Irrigation District (District) regarding the proposed transfer. Specifically, contrary to the request of PG&E that its electric ratepayers pay the District \$17,000,000. ORA explained that the record of the hearing held establishes that the value

of the El Dorado Project (Project) is \$150,000,000. ORA recommends that the Commission either deny the application, so that a more reasonable price may be negotiated, or condition approval of the proposed transfer on the requirement that PG&E remove the net book value of the Project from its ratebase without corresponding adjustment to its Transition Cost Balancing Account.

9/15/99 A97-06-021 Southern California Edison Company, for authority to adopt a revenue-sharing mechanism for certain other operating revenues.

Summary: On September 10, 1999, Robert Finkelstein, staff attorney, for The Utility Reform Network (TURN), met with Michelle Cooke, advisor to Cmmr. Duque, in San Francisco. A handout was provided and attached to the notice. Finkelstein urged that neither the Draft Decision (DD) nor the Alternate Decision (AD) be issued without substantial changes. Finkelstein noted that based on the record as it existed prior to the filing of Southern California Edison (Edison) and the Office of Ratepayer Advocates (ORA) Joint Reply Comments, the Proposed Settlement would demonstrate reductions in the amount of Other Operating Revenues that flowed to ratepayers under existing ratemaking mechanisms. Finkelstein also noted that both DD and the AD generally reject every substantive argument ORA had made in support of the reasonableness of the Settlement from ratepayers perspective. Finkelstein noted that the Reply Comments reversed the position of at least one of the Settling Parties on a core issue covered by the Proposed Settlement. While Finkelstein agreed that this was an incremental improvement, he contended that the Commission should be very troubled by the manner in which the change was made, and especially the fact that the Settling Parties claimed no change had occurred. Finkelstein suggested that since the support for the Proposed Settlement relied more on the credibility of the Settling Parties, that this should be further cause for the Commission to seriously reconsider the totality of the Proposed Settlement and as a result of that review, reject it.
