10/21/99 A96-03-031 Southern California Gas Company, for authority to revise its rates effective 1/1/97, in its Biennial Cost Allocation Proceeding, for a total reduction in annual revenue of approximately \$147.9 million (5.7%) and
 A96-04-030 San Diego Gas & Electric Company, for authority to revise its rates effective January 1, 1997 in its Biennial Cost Allocation Proceeding for an approximately \$42 million decrease over presently authorized revenues.

Summary: On October 18, 1999, Kimberly Freeman, State Regulatory Relations, Administrator, for Sempra Energy (Sempra), met with Kim Malcom, advisor to Cmmr. Hyatt; Michelle Cooke, advisor to Cmmr. Duque; and David Gamson, advisor to Cmmr. Neeper in three separate meetings in San Francisco. Also present were Steve Rayon, Regulatory Case Manager, for Sempra; and Dave Follett, Business Unit Counsel, for Southern California Gas Company. Rahon urged the Commission to consider changes to the Proposed Decision (PD) of ALJ Gottstein. In addition, during the meeting with Cooke, Follett concluded that adoption of the PD, as currently written, would effectively penalize Sempra's shareholders for taking steps to solve an industry problem of interstate capacity surplus. In addition, during the meeting with Gamson, Freeman added that electric generator customers who are not customers of record when this case was originally decided now bear the burden of this reallocation. Copies of the written materials were provided and attached to the notice.

Summary: On October 18, 1999, Rick Witherington, Government Affairs Vice President, for AT&T Communications of California, Inc. (AT&T), met with Cmmr. Bilas, in San Francisco. Also present were Dorothy Duda and Lester Wong, advisors to Cmmr. Bilas; Randy Deutch, General Attorney; and Michael Morris, Division Manager, on behalf of AT&T. AT&T's representatives urge the approval of the AT&T merger with MediaOne. AT&T explained that the issues raised in protest to the application were before the FCC and were outside the Commissioner's jurisdiction. AT&T urged Cmmr. Bilas to issue a scoping memo as soon as possible determining that no hearing is required and moving to a decision approving the merger.

Summary: On October 19, 1999, Gloria M. Ing, attorney, for Southern California Edison Company (SCE), and Norman A. Pedersen, attorney, for Southern California Generation Coalition (SCGC), met with Michelle Cooke, in San Francisco. Also present was Roger T. Pelote, Manager, of Government Affairs, of William Energy. A handout materials were provided and attached to the notice. Ing, Pedersen, and Pelote urged the rejection of the proposed decision (PD). Ing, Pedersen, and Pelote indicated that if contrary to the recommendation of SCE and SCGC, the Commission were to adopt a cost shift to noncore customers as in the PD, the following errors require correction: The PD's discussion and findings that the linkage between gas costs and electric prices is no longer clear should be deleted; the PD's reliance on prior Commission decisions in its proposed allocation of surcharge costs attributed to Pacific Gas and Electric Company and other is misplaced and should be rejected; the PD's proposed allocation of the El Paso refunds in a manner different from the surcharge amounts is inequitable and should be rejected; the PD direct assignment of future Transwestern surcharge costs for recovery from the noncore, rather than through the ITCS, is erroneous; and the PD should be clarified so that the revenues received under the revenue crediting mechanism in the El Paso settlement should be allocated consistent with the allocation of the El Paso surcharges.

10/25/99	A99-05-044	Southern California Gas Company, for authority to modify and make permanent its requirements for contractors installing earthquake valves on its facilities, and to modify charges for SoCalGas' valve installation and related services.
----------	------------	---

Summary: On October 22, 1999, Elanor M.W. Youngsmith, Staff Counsel and Attorney for the Consumer Services Division, met with Kim Malcolm, advisor to Cmmr. Hyatt, in San Francisco. Younsmith stated that staff had protested the 1996 application (A.96-06-049) of Southern California Gas Company (SoCalGas) to modify D.96-09-044 because of safety concerns about the program which permitted unaffiliated contractors to install earthquake valves purchased by a customer on the utility's side of the meter and thus avoid safety inspections that are conducted under a Los Angeles City ordinance when such valves are installed on the customer's side of the meter. Youngsmith said that during a pre-hearing conference in the earlier proceeding (A.96-06-019), staff and SoCalGas entered into an agreement which was initially satisfactory to then presiding ALJ Patrick, but which

later he rejected because of concerns of closing the docket within an 18-month time-frame under SB 960. Consequently, the earlier proceeding was closed and SoCalGas had to refile for permanent authority to continue its program. In addition, Youngsmith said that staff is also concerned about the public safety danger presented by SoCalGas contesting its responsibility for safety of its system under Section 451 of the Public Utilities Code when installations of valves are made by independent third parties and contests its responsibility for customer purchased earthquake valves installed on its system.

Ing and Pedersen indicated that if contrary to the recommendation of SCE and SCGC, the Commission were to adopt a cost shift to noncore customers as in the PD, the following errors require correction: The PD's discussion and findings that the linkage between gas costs and electric prices is no longer clear should be deleted; the PD's reliance on prior Commission decisions in its proposed allocation of surcharge costs attributed to Pacific Gas and Electric Company and other is misplaced and should be rejected; the PD's proposed allocation of the El Paso refunds in a manner different from the surcharge amounts is inequitable and should be rejected; the PD direct assignment of future Transwestern surcharge costs for recovery from the noncore, rather than through the ITCS, is erroneous; and the PD should be clarified so that the revenues received under the revenue crediting mechanism in the El Paso settlement should be allocated consistent with the allocation of the El Paso surcharges. In addition during the meeting with Malcolm, Pedersen indicated that the PD errs by failing to recognize that core customers have benefited from the FERC settlements through lower gas transportation costs.

- 10/26/99 A96-03-031 Southern California Gas Company, for authority to revise its rates effective 1/1/97, in its Biennial Cost

A96-04-030 Allocation Proceeding, for a total reduction in annual revenue of approximately \$147.9 million (5.7%) and San Diego Gas & Electric Company, for authority to revise its rates effective January 1, 1997 in its Biennial Cost Allocation Proceeding for an approximately \$42 million decrease over presently authorized revenues.

Summary: LATE FILED: On October 19, 1999, Keith McCrea, Counsel for California Industrial Group and California Manufacturers Association (CIG/CMA), engaged in three separate telephone communications with Dave Gamson, advisor to Cmmr. Neeperr; Kim Malcolm, advisor to Cmmr. Hyatt; and Kevin Coughlan, advisor to Cmmr. Woods, in San Francisco. McCrea stated that the Proposed Decision (PD) ignored the benefits flowing from the FERC rate case settlements and that those benefits were acknowledged both by the CPUC in its written comments to FERC and by the FERC orders. McCrea also stated that the stepdown benefits ascribed to the noncore customers by the PD failed to recognize that those benefits were a direct result of D.92-07-025 and are offset by the ITCS burden imposed on noncore customers. McCrea further stated that the PD was internally inconsistent in that it claimed that the FERC rate case settlement were black boxes, but then proceeded to delve into the settlements to segregate the amount of surcharges attributable to the Pacific Gas and Electric Company stepdowns. Further, McCrea stated that PD should be modified to require that El Paso refunds be allotted the same way as the surcharges are allocated.
