11/10/99	A97-12-020	Pacific Gas and Electric Company, for authority to increase rates and charges for electric and gas service effective 1/1/99 and
	I97-11-026	Commission Order Instituting Investigation, into the out-of-service status of Pacific Gas and Electric Company's El Dorado hydroelectric project and the need to reduce electric rates related to this non-functioning electric generating facility.

**Summary:** On November 5, 1999, Patrick Gileau, attorney for the Office of the Ratepayer Advocates (ORA), met with Michelle Cooke, advisor to Cmmr. Duque, in San Francisco. And on November 9, 1999, Jason Zeller, attorney for ORA, met with Cmmr. Neeper and David Gamson, advisor to Cmmr. Neeper, also in San Francisco. In both two meetings, Jonathan Bromson and Martin Lyons, for ORA; and Robert Finkelstein of The Utility Reform Network, participated. Gileau and Zeller indicated that they support the proposed decision (PD) of ALJ Wetzell. Gileau and Zeller also indicated that the combined recommendations of various parties would support a rate decrease. Gileau and Zeller noted that Pacific Gas and Electric Company (PG&E) has sought increases in the past that are from 2 to 9 times greater than what was found reasonable. Gileau and Zeller discussed that the PD grants all of PG&E estimates for safety and reliability other than in vegetation management. Gileau and Zeller also discussed that the PD increases this item by 76% whereas PG&E asks for 330%. Finally, Gileau and Zeller stated that this is a period of low inflation, low customer growth and one where the Legislature and Commission are attempting to lower rates.

----------	------------	--

**Summary:** On November 9, 1999, Robert Finkelstein, Staff Attorney, for The Utility Reform Network (TURN), met with Cmmr. Neeper in San Francisco. Also present were David Gamson, advisor to Cmmr. Neeper; Jason Zeller, Jonathan Bromson, and Marty Lyons, representing the Office of the Ratepayer Advocates. Finkelstein stated that TURN supports the adoption of the proposed decision (PD), as written, having come to the conclusion that it achieves on balance a fair and reasonable outcome. Finkelstein noted it provides Pacific Gas and Electric Company (PG&E) with increases of nearly 10% for electric revenues, and 8% for gas. Finkelstein urged the Commission to recognize that the PD represents the upper range of total revenue requirement amounts that could be deemed reasonable based on the record developed in the proceeding, and would ample resources to continue to adequate quality of service and reliability.

Neeper; Mona Petrochko of Enron. Petrochko stated that Enron was very supportive of the proposed decision (PD) in Phase I of Pacific Gas and Electric Company's (PG&E) general rate case, especially in its recognition of the detrimental impacts on competition which would engender from a PG&E distribution revenue requirement set higher than that necessary to provide an adequate level of distribution service. Bennett pointed out certain minor points on which Enron believes the PD needs slight modification, including the establishment of specific forum, for which certain issues such as the recovery procurement costs and the further unbundling of the revenue requirement can be addressed.
