A99-09-031 Citizens Telecommunications Company of Golden State, Inc., (CTC-Golden State) and GTE West Coast Incorporated, for GTE West Coast to sell and transfer assets to CTC-Golden State.

Summary: LATE FILED: On February 2, 2000 @ 11:00 a.m., an all-party telephone conference was held between ALJ Kenney and the following persons, to wit: Elaine M. Duncan, Esq., GTE California, Inc. and GTE West Coast, Inc.; Kurt Rasmussen, Manager, Regulatory Affairs, GTE Service Corp.; Barbara Snider, Esq., Citizens Telecommunications Company of California, Inc. Ms. Duncan requested elimination of a rate comparison table of the rates of GTE and Citizens in the customer notice. Ms. Snider concurred, also stating that Citizens would commit not to change rates for at least eighteen months, which it will do on the record, but which commitment would not be included in the customer notice. Mr. Rasmussen stated that Citizens would prefer to do a single direct mailing of customer notice rather than a bill message, and in response to a question from Ms. Yun, stated that GTE would prepare a separate, very similar, notice for each application rather than one customer notice.

I93-04-002 Commission Order Instituting Investigation on the Commission's own motion into open access and network architecture development of dominant carrier networks.

Summary: On February 14, 2000 @ 4:00 p.m., at the CPUC in San Francisco, the following person(s) met with Commission President Richard Bilas and his Advisors, Lester Wong and Dorothy Duda, in a meeting initiated by GTE California Incorporated ("GTE"), to discuss the recently issued ALJ's ruling on line sharing, to wit: GTE representatives,

Jenny Wong, Director, Regulatory Affairs; Steve Pitterle, Director, Contract Negotiations; and John Boshier, Marketing Manager. A handout used as a guide for discussion purposes is appended hereto.

Ms. Wong, in sharing GTE's concerns regarding implementation of line sharing in California consistent with State and Commission requirements, stated it is GTE's intent to meet the FCC deadline of June 6, 2000. Mr. Pitterle indicated that in a cooperative effort, GTE has been working diligently with Competitive Local Carriers in preparing for a live customer field trial in five central offices beginning in mid-March. GTE believes this logical and systematic approach will ensure a successful roll-out of a new service to end-users and that these efforts met the spirit and intent of AB991. GTE urged the Commission to allow this trial to be implemented rather than imposing unrealistic requirements without regard to associated difficulties.
