**Re: Pacific Gas and Electric Company's Monthly Report on Interruptible Load  
and Demand Response Programs for December 2024**

Dear Energy Division Central Files:

Pacific Gas and Electric Company (PG&E) submits a confidential and public version of its Report on Interruptible Load and Demand Response Programs for December 2024 (Report). PG&E is serving the public version of the Report on the service lists for A.08-06-001, et seq., A.11-03-001, A.13-01-003, A.17-01-012 et seq., R.13-09-011 and R.19-11-009. The confidential version of the Report is being provided to Energy Division Central Files pursuant to the Commission's General Order 66-D. PG&E's report follows all applicable reporting requirements and uses a template approved by the Energy Division.

The public version of the Report redacts certain customer information to comply with the Decision Adopting Rules to Provide Access to Energy Usage and Usage-Related Data While Protecting Privacy of Personal Data, D.14-05-016 (Decision). In the Decision, the Commission stated: "we...retain a requirement of a minimum aggregation standard of fifteen customers per zip for residential, agricultural and commercial customers." The Commission also states: "we... follow a 15/15 Rule for public posting of data concerning commercial, industrial and agricultural data." (D.14-05-016, page 118; and Finding of Fact 17.) PG&E notes that this information can also be sensitive commercial information for the aggregators in PG&E's programs. PG&E redacted information from the table I-4 titled "Year-to-Date Event Summary December 2024" in the report where there are fewer than 15 customers involved, where a single customer in the group accounts for more than 15% of the aggregated load, or where the data is for a single aggregator. Additionally, this information is sensitive market information for the aggregators in PG&E's programs and subject to confidentiality agreements.

Please let us know if you have any questions or concerns about the redactions to comply with the Decision.

PG&E's public December 2024 report is available on PG&E's website at:

[https://www.pge.com/en\\_US/business/save-energy-money/energy-management-programs/demand-response-programs/case-studies/case-studies.page](https://www.pge.com/en_US/business/save-energy-money/energy-management-programs/demand-response-programs/case-studies/case-studies.page)

OR

1. Go to link: [www.pge.com](http://www.pge.com)
2. Select the "Business" tab (at the top of the page)
3. Select "Save Energy & Money"
4. Under "Energy Incentive Programs," select "Energy Incentives"
5. At the bottom of the page, under "Other information," select "Visit What is Demand Response"
6. In the right rail under "Help with Demand Response," select "Demand Response Reports and Case Studies"
7. Reports are listed at the top of the page under "Monthly Interruptible Load Program Reports"

Sincerely,

*/s/ Darren P. Roach*
