SUBJECT: Order Authorizing Special Rate Contract Filed Under
Section X, Paragraph A of General Order No. 96
Which Will Result in Increased Rates or Charges.

WHEREAS: SOUTHERN CALIFORNIA EDISON COMPANY, by letter dated January 7, 1953, has submitted for filing a special contract under date of December 30, 1952, covering the delivery of electric service to the Department of Water and Power of the City of Los Angeles, during the three-year period commencing January 1, 1953, at rates and special conditions that differ from Edison's filed tariffs and that will result in increases in the rates and charges previously applicable to such service under prior contracts and authorization therefor being required under Sections 454 and 532 of the Public Utilities Code, and

WHEREAS: The Department of Water and Power, under date of February 3, 1953, has advised the Commission that the rates set forth in the contract were negotiated between the two agencies and were mutually agreed upon, and

WHEREAS: Edison currently has pending before this Commission an application, Application No. 33952, for general increases in its rates for electric service, wherein it proposed an increase of 0.1 cent per kwhr in the rates stated in the preceding contract for service during the period prior to January 1, 1953, and

WHEREAS: It appears that authorization for delivery of such service by Edison under the rates, terms and conditions of the special contract dated December 30, 1952 is justified, and good cause appearing, therefore,

IT IS HEREBY FOUND AS A FACT that the increases in rates and charges authorized herein are justified, and

IT IS HEREBY ORDERED that Southern California Edison Company be and it is authorized to carry out the terms and conditions of the written contract dated December 30, 1952, with the Department of Water and Power of the City of Los Angeles, in so far as it relates to the furnishing of electric utility service by Southern California Edison Company, and to render the service described therein under the terms, charges and conditions stated therein, subject to the following conditions:

1. That the Commission may hereafter, in the exercise of its jurisdiction, order modifications of or changes in the rates, terms, and conditions applicable to public utility service then being supplied by Southern California Edison Company under said contract, and
