SUBJECT: Order Authorizing Contract between Pacific Gas and Electric Company and Shell Oil Company for Installation of Special Facilities

WHEREAS: 1. PACIFIC GAS AND ELECTRIC COMPANY (PG&E) by Advice Letter No. 601-E, filed June 24, 1977, request authority under Section 532 of the Public Utilities Code to carry out the terms and conditions of an agreement dated June 9, 1977, with Shell Oil Company (Applicant) covering installation of special facilities consisting of one underfrequency relay and associated equipment at applicant's Martinez Manufacturing Company in Contra Costa County.

2. Applicant will pay PG&E an advance of \$2,429.43 representing the estimated installed cost of the special facilities.

3. Applicant will pay to PG&E a monthly cost of ownership charge of \$24.29 representing 1% of the \$2,429.43 advance.

4. Upon discontinuance of the use of the special facilities, PG&E will refund to applicant the difference, if any, between its installation and net removal costs, and the advance of \$2,429.43.

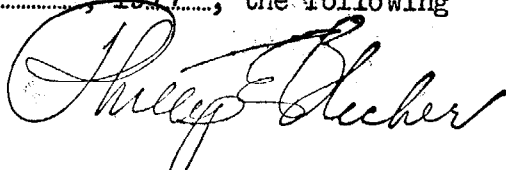

5. It is found that the provisions of this agreement are consistent with procedures for installation of special facilities, are not discriminatory, do not result in an unreasonable burden on ratepayers, and are hereby found to be just and reasonable; therefore, good cause appears.

IT IS ORDERED, that authority be granted Pacific Gas and Electric Company under Section 532 of the Public Utilities Code to carry out the terms and conditions of said agreement effective July 19, 1977. The effective date of this resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 19th day of July, 1977, the following Commissioners voting favorably thereon:

ROBERT BATINOVICH
