SUBJECT: Order Authorizing Special Agreement Between Pacific Gas and Electric Company and Union Oil Company of California (Applicant) for an Uneconomic Electric Overhead Line Extension and Service

PACIFIC GAS AND ELECTRIC COMPANY (PG&E), by Advice Letter No. 813-E filed August 12, 1980 requests authority pursuant to Section X.A. of General No. 96-A to carry out the terms and conditions of a special agreement dated April 21, 1980 with the Applicant covering the construction of an electric overhead line extension to supply electric service to Applicant's 0.36 kW transmitter plus one kW of lighting at PG&E's Unit 12 at Geysler, Sonoma County.

This is an uneconomic electric overhead line extension 3,142 feet long and in excess of that which PG&E would install at its expense per Extension Rule No. 15. Also, this agreement is of the type on file with the Commission in which the estimated ratio of annual revenue to installed cost of the facilities falls significantly short of that normally realized with the majority of customers. Applicant will pay to PG&E an advance of \$17,578. This amount represents the difference between the estimated installed cost of \$17,978 and \$400; the latter amount is five times the estimated annual revenue.

In addition, Applicant will pay to PG&E a monthly charge of \$175.78. This cost-of-ownership charge of 1% per month is deviating from the 3/4% per month as specified under the utility's Rule No. 15.1, Section D.5. PG&E has submitted cost data supporting the 1% per month cost-of-ownership charges, which appear satisfactory to the staff.

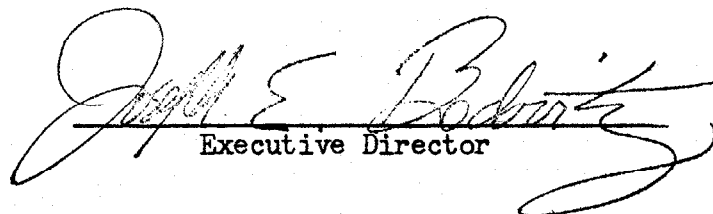

The agreement provides for refund of all or a portion of the advance payment and corresponding adjustment to the cost of ownership fund in the event new permanent load is installed.

It is found that the provisions of this agreement are in accordance with PG&E's established policy, are not discriminatory, do not result in an unreasonable burden on other ratepayers and are hereby found to be just and reasonable; therefore, good cause appearing:

IT IS ORDERED that authority is granted to PG&E under Section 532 of the Public Utilities Code to carry out the terms and conditions of said special agreement effective October 8, 1980. The effective date of this Resolution is the date hereof.

I certify that this Resolution was introduced, approved and adopted at a regular conference of the Public Utilities Commission of the State of California. on October 8, 1980. The following Commissioners voted favorably:
