PACIFIC GAS AND ELECTRIC COMPANY (PG&E), ELECTRIC DIVISION.
 AUTHORIZATION TO ESTABLISH A RATE FOR THE CONSERVATION
 FINANCING ADJUSTMENT (CFA) PROVISION IN THE UTILITY'S FILED
 TARIFFS RESULTING IN REVENUE INCREASE OF \$390,702 or 0.1%
 FOR THE PERIOD ENDING DECEMBER 31, 1983

By Advice Letter 977-E, filed September 2, 1983, PG&E has requested authority to file revised electric tariff schedules, to establish a CFA Rate under the guidelines of Section C of the Preliminary Statement. The revisions as set forth on Cal. P.U.C. Sheets 8169-E through 8192-E, inclusive, increase rates system-wide. The facts are as follows:

1. The filing is made in accordance with Decision 93497 and 93891, dated September 30, 1981 and December 30, 1981, respectively, which authorized a procedure to adjust quarterly the CFA Debt Service Rate for expenses, including overcollection or under-collections, in the Debt Service Balancing Account for borrowings by Pacific Conservation Services Company (PCSC).
2. The resultant rate revision is an increase of \$0.00003 per KWh for all rates, resulting in a revenue increase of \$390,702 or 0.1% for the three-month period ending December 31, 1983. The derivation of the CFA rate increase is shown as Attachment A to this resolution.
3. The rate design is a uniform cents per KWh increase for all rates pursuant to the provisions of Paragraph 6, Section C of the Preliminary Statement.
4. A comparison of the present and proposed rates for electric service is as follows:
