ORDER AUTHORIZING SOUTHERN CALIFORNIA EDISON COMPANY (SCE) TO IMPLEMENT A SPECIAL AGREEMENT FOR THE INSTALLATION OF AN ELECTRIC LINE EXTENSION TO A RESIDENTIAL CUSTOMER'S RESIDENCE, GUEST HOUSE, AND BARN UNDER CONDITIONS WHICH DEVIATE FROM FILED TARIFFS

By Advice Letter 666-E filed September 26, 1984, SCE requests Commission approval of a Special Agreement dated April 5, 1984 with Mr. Harry Antonian (Applicant), providing for the extension of electric service to 12664 Elizabeth Lake Road, Leona Valley, California, located in the County of Los Angeles. The facts are as follows:

1. The Agreement as listed below, deviates from SCE's filed tariffs by the advance payment by Applicant of the total cost of the facilities by the provisions for refunds based on five times estimated base rate revenues from load to be connected to the facilities, and by the payment of a lump sum amount to create a fund covering SCE's cost of ownership.

Advice Letter	Applicant	Lump Sum Payment to Cover Refundable Extension Amount	Lump Sum Payment to Cover Refundable Cost of Ownership Fund	Estimated Annual Base Rate Revenue
666-E	Harry Antonian	\$19,447.00	\$ 7,519.00	\$ 1,429.00

2. The amount collected by SCE is refundable based on the base rate revenue for up to a period of 10 years. The cost of ownership fund is based on the present worth value of the monthly cost of ownership charge for a period of ten years using a rate of 12.65 percent which was SCE's authorized rate of return when the Agreement was negotiated.

3. Inasmuch as the anticipated annual base rate revenue of \$1,429.00 is substantially less than SCE's \$18,877.00 line extension cost, SCE believes the above provisions to be just and nondiscriminatory. They enable the line extension to be installed under conditions acceptable to the Applicant and prevent the installation from being a burden on SCE's other ratepayers.

4. This request by SCE is similar to that of previous advice letter filings that have been approved by this Commission.

5. This filing has been reviewed by the staffs of the Service and Safety and the Energy Branches. The staff recommends authorization, and they are herewith presented to the Commission for its approval.

6. We find that this Special Agreement is just and reasonable, has been reached by mutual consent of both parties, is consistent with established criteria, and enables Applicant to obtain needed service under conditions which are acceptable and which prevent the cost of such service from becoming a burden on other ratepayers.

THEREFORE:

1. Southern California Edison Company is authorized by Sections 454 and 532 of the Public Utilities Code and by Section X.A. of General Order 96-A to place the above Special Agreement into effect today.

2. Advice Letter No. 666-E and the accompanying agreement shall be marked to show that they were approved for filing by Commission Resolution E-2019. This Resolution is effective today.

I certify that this resolution was adopted by the Public Utilities Commission at its regular meeting on December 19, 1984. The following Commissioners approved it:
