SUBJECT: Order Authorizing Gas Service Contracts Including Terms Deviating from Filed Tariffs

WHEREAS: SOUTHERN CALIFORNIA GAS COMPANY by Advice Letter No. 867 filed April 20, 1973, having requested short notice authorization under Section XA of General Order No. 96-A and Sections 454, 455, 491 and 532 of the Public Utilities Code to carry out the terms of contracts with Southern California Edison Company for gas service at Ellwood under conditions which deviate from filed tariffs and reflect into Cal. P.U.C. Sheets Nos. 13547-G to 13549-G, inclusive, and

WHEREAS: Edison was previously granted a certificate of public convenience and necessity to build and operate the Ellwood substation, with natural gas fuel, by Decision No. 80587, dated October 11, 1972, in Application No. 53458, and

WHEREAS: The service extension agreement deviates from filed tariffs in that the full cost of the service extension will be borne by the customer without free-footage allowances as provided in Rule 21, and

WHEREAS: The service extension requested is not considered a project as defined by the California Environmental Quality Act and thus does not fall under the purview of Rule 17.1 of the Commission's Rules of Practice and Procedure, and

WHEREAS: Approval on less than statutory notice is requested in order that construction of facilities may proceed promptly to provide an early service date, and

WHEREAS: We find this increase is justified; therefore, good cause appearing,

IT IS ORDERED that authority be granted under Sections 454, 491 and 532 of the Public Utilities Code, effective as of May 10, 1973, to carry out the terms and conditions of the above agreements.

IT IS FURTHER ORDERED that the above sheets be marked to show that they were issued under Resolution of the Public Utilities Commission of the State of California No. G-1579.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 8th day of May, 1973, the following Commissioners voting favorably thereon:
