SUBJECT: Order Authorizing a Gas Service Contract Under Terms
Deviating From Filed Tariffs

WHEREAS: SOUTHERN CALIFORNIA GAS COMPANY by Advice No. 874, filed August 10, 1973, having requested authority under Section XA of General Order No. 96-A and under Section 532 of the Public Utilities Code to carry out the terms of a contract with United Air Lines for gas service to the customer's incinerator at its new flight kitchen facilities in El Segundo under terms which deviate from filed tariffs, and

WHEREAS: The deviation requested is a waiver of the standby requirements provision contained in Special Condition 2(a) of Rate Schedule G-50, and

WHEREAS: The necessity for this deviation is due to the customer's failure to obtain permission from the Los Angeles Air Pollution Control District to burn fuel oil as a standby fuel, and

WHEREAS: Due to normal operations and anticipated periodic shut-downs for maintenance, repairs and malfunctions, the customer has already made provisions for alternate waste disposal through grinding and/or an outside refuse service, and

WHEREAS: These alternate methods can also be utilized during periods of primary fuel curtailment and have been found acceptable by the utility; therefore, good cause appearing,
