SUBJECT: Order Authorizing Rate Increase Under Special Contract on Less Than Statutory Notice

WHEREAS: PACIFIC GAS AND ELECTRIC COMPANY by Advice Letter No. 658-G, filed April 8, 1974, having requested short notice authorization under Section X.A. of General Order No. 96-A and Sections 454, 491 and 532 of the Public Utilities Code to carry out the terms of a contract with Rogers Brothers Company for enlargement of gas facilities to furnish interruptible gas service to the customer's vegetable dehydrator near Livingston, Merced County, under conditions that deviate from filed tariffs, and

WHEREAS: The agreement for gas distribution facilities deviates from filed tariffs so that the cost of the installation will be borne by the customer without the free allowances provided in Rule No. 15, and

WHEREAS: The agreement further deviates from filed tariffs by requiring the customer to pay a monthly cost-of-ownership charge equal to 1% of any non-refunded advance for a period of sixty months, and

WHEREAS: The reason for such deviations is because sales of interruptible gas to this customer will result in no additional revenue to the utility from this class of service, and

WHEREAS: The distribution enlargement requested is not considered a project as defined by the California Environmental Quality Act and thus does not fall under the purview of Rule 17.1 of the Commission's Rules of Practice and Procedure, and

WHEREAS: Approval on less than statutory notice is requested in order that construction of facilities may proceed promptly to provide an early service date, and

WHEREAS: We find this increase is justified; therefore good cause appearing,

IT IS ORDERED that authority be granted under Sections 454, 491 and 532 of the Public Utilities Code to carry out the terms and conditions of the above agreement, effective April 16, 1974.

IT IS FURTHER ORDERED that the contract be marked to show that it was authorized under Resolution of the Public Utilities Commission of the State of California No. G-1631.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 16th day of April, 1974, the following Commissioners voting favorably thereon:
