RESOLUTION

UTILITIES DIVISION

BRANCH/SECTION: Gas

DATE: March 11, 1975

.....Director

.....Numerical File

.....Alphabetical File

.....Accounting Officer

SUBJECT: Order Authorizing Revision to Previously Approved Contract

WHEREAS: PACIFIC GAS AND ELECTRIC COMPANY, by Advice Letter No. 699-G, filed February 18, 1975, having requested authorization under Sections 454 and 532 of the Public Utilities Code to revise a special contract previously approved by the Commission, and

WHEREAS: Said special contract with Firestone Tire and Rubber Company was filed by Advice Letter No. 668-G, and authorized by Commission Resolution No. G-1660, and

WHEREAS: After the original agreement was authorized, it was determined that a revision of the original construction plans would increase the capacity of the system as well as reduce the cost of installation, and

WHEREAS: Future growth in firm peak demand will require additional capacity in the near future and the proposed modification would exceed the customer's requirements, the utility and the customer will share the cost of the facility, and

WHEREAS: The revised contract would reduce the customer's advance from \$81,089 to \$49,745 and the monthly cost of ownership charge from \$810.89 to \$497.45 or one percent of any non-refunded advance, and

WHEREAS: We find that this reduced cost to the customer is minor in nature and will not place a burden on other ratepayers; therefore, good cause appearing,

IT IS ORDERED that authority be granted under Sections 454 and 532 of the Public Utilities Code to carry out the terms and conditions of the above amendment to the agreement, effective March 20, 1975.

IT IS FURTHER ORDERED that the amended contract be marked to show that it was authorized under Resolution of the Public Utilities Commission of the State of California No. G-1727.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 11th day of March, 1975, the following Commissioners voting favorably thereon:
