SUBJECT: Order Authorizing Special Contract Under Conditions
Deviating from Filed Tariffs

WHEREAS: PACIFIC GAS AND ELECTRIC COMPANY by Advice Letter No. 709-G, filed April 28, 1975, having requested authorization under Section X.A. of General Order No. 96-A and Sections 454 and 532 of the Public Utilities Code to carry out the terms of a contract with Sunsweet Growers, Inc. covering a gas main extension and supply of interruptible gas service to customer's plant in Yuba City under conditions that deviate from filed tariffs, and

WHEREAS: The agreement for said gas main extension deviates from filed tariffs in that refunds will be made in accordance with Rule No. 15 only if the customer agrees to accept a reduction in the hourly rate of flow in order to accommodate future applicants for firm gas service, and

WHEREAS: The agreement further deviates from filed tariffs by requiring the customer to pay a monthly cost-of-ownership charge equal to 1% of any non-refunded advance, with such monthly charge to terminate at the end of the 10-year refund period, and

WHEREAS: The reason for such provisions is that the gas service extension is sized to meet customer's requirements only with no provisions for spare capacity to serve possible future applicants for gas service, and

WHEREAS: The gas service will reduce the customer's present gas requirements, and

WHEREAS: We find that this contract is reasonable; therefore, good cause appearing,

IT IS ORDERED that authority be granted under Sections 454 and 532 of the Public Utilities Code to carry out the terms and conditions of the above agreement, effective June 3, 1975, and to render the gas service.

IT IS FURTHER ORDERED that the contract be marked to show that it was authorized under Resolution of the Public Utilities Commission of the State of California No. G-1752.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 3rd day of June, 1975, the following Commissioners voting favorably thereon:
