**SUBJECT:** Order Authorizing Special Contract Under Conditions Deviating from Filed Tariffs.

**WHEREAS:** PACIFIC GAS AND ELECTRIC COMPANY by Advice Letter No. 712-G, filed May 9, 1975, having requested authorization under Section X.A. of General Order No. 96-A, and Sections 454 and 532 of the Public Utilities Code to carry out the terms of a contract with Nurserymen's Exchange, Inc., covering a gas main extension and supply of interruptible gas service under conditions that deviate from filed tariffs, and

**WHEREAS:** The agreement for said gas main extension deviates from filed tariffs in that the cost of construction will be borne by the customer without allowing one year's estimated revenue to be deducted from the advance as provided under Rule No. 15, and

**WHEREAS:** The reason for such deviation is because sale of interruptible gas to this customer will result in no additional revenue to the utility from this class of service, and

**WHEREAS:** Refunds will be made in accordance with Rule No. 15 only if the customer is willing to accept a reduction in the hourly rate of flow proportionate to that of the refund to the advance, and

**WHEREAS:** The reason for this provision is that the gas service extension is sized to meet customer's requirements only with no provisions for future applicants for gas service, and

**WHEREAS:** The rate of flow to this customer will be less than 200 Mcfd and thus this contract does not fall under the purview of the provisions of Decision No. 83819, and

**WHEREAS:** We find that this agreement is compensatory and nondiscriminatory and will not place a burden on other ratepayers; therefore, good cause appearing,

IT IS ORDERED that authority be granted under Sections 454 and 532 of the Public Utilities Code for this contract to become effective June 8, 1975.

IT IS FURTHER ORDERED that the contract be marked to show that it was accepted for filing under Resolution of the Public Utilities Commission of the State of California No. G-1759.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 3rd day of June, 1975, the following Commissioners voting favorably thereon:
