SUBJECT: Request to Provide Additional Natural Gas Service by Pacific Gas and Electric Company

WHEREAS: PACIFIC GAS AND ELECTRIC COMPANY, by Advice Letter No. 731-G, filed July 16, 1975, having requested Commission approval under Decision No. 83819 to provide additional natural gas service to Rice Growers Association of California, and

WHEREAS: The customer states that the amount of additional gas needed is approximately 23,450 Mcf per year with the bulk of it taken during the months of September and October at an average rate of 460 Mcfd, and

WHEREAS: The customer will use this additional gas for the operation of rice dehydrators, and

WHEREAS: It is possible to use fuel oil for this purpose, and

WHEREAS: The customer plans to use propane as an alternate fuel and plans to install a 30,000 gallon storage tank, and

WHEREAS: The customer's application for service was not pending prior to Decision No. 83819, and

WHEREAS: The gas supply situation in California is critical and to provide this additional service will reduce service to other similar customers on the utility's system; therefore, good cause appearing,

IT IS ORDERED that Commission approval will be denied to Pacific Gas and Electric Company to provide the additional natural gas service to Rice Growers Association of California.

IT IS FURTHER ORDERED that the above advice letter and application be marked to show that it was rejected by Resolution of the Public Utilities Commission of the State of California No. G-1794.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 12th day of August, 1975, the following Commissioners voting favorably thereon:
