RESOLUTION NO. G-1806

R E S O L U T I O N

UTILITIES DIVISION

BRANCH/SECTION: Gas

DATE: September 16, 1975

SUBJECT: Request to Provide Additional Gas Service by Southern California Gas Company

WHEREAS: SOUTHERN CALIFORNIA GAS COMPANY, by Advice Letter No. 938, filed August 11, 1975, having requested Commission approval under Decision No. 83819 to install additional facilities to provide additional service to Jim Riley Company, and

WHEREAS: The customer states that the amount of additional gas needed is 384 Mcfd on a year-round basis, and

WHEREAS: Jim Riley Company will use this additional gas for boiler fuel, and

WHEREAS: Boiler fuel requirements should be met with alternate fuels, and

WHEREAS: Proposed end-use priorities would not allow for natural gas boiler fuel after 1975, thus making present expenses for such facilities impractical, and

WHEREAS: The gas supply situation in California is critical and to provide this additional service will reduce service to other similar customers on the utility's system; therefore, good cause appearing,

IT IS ORDERED that Commission approval will be denied to Southern California Gas Company to install the additional facilities required to provide the additional service to Jim Riley Company.

IT IS FURTHER ORDERED that the above filing be marked to show that it was rejected under Resolution of the Public Utilities Commission of the State of California No. G-1806.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 16th day of September, 1975, the following Commissioners voting favorably thereon:
