WHEREAS: The County states that the amount of gas needed is 434 Mcfd on a year-round basis of which 278 Mcfd will be on firm schedule and 156 Mcfd will be interruptible, and

WHEREAS: The County will use this additional gas to operate 14 water heaters, two space heating boilers, and various cooking equipment, and

WHEREAS: The County is constructing a new Juvenile Hall on the site of a previous facility which was destroyed by earthquake, and

WHEREAS: With the exception of the cooking equipment, all of the other equipment can be designed to operate on alternate fuel, and

WHEREAS: Boiler fuel and water heating requirements should be met by alternate fuels, and

WHEREAS: The County is planning for alternate fuel storage capacity for a 16 day supply of No. 2 fuel oil, and
