RESOLUTION NO. G-2130

RESOLUTION

UTILITIES DIVISION  
BRANCH/SECTION: Gas  
DATE: August 23, 1977

SUBJECT: Request to Provide Additional Natural Gas Service  
In Excess of 50 Mcfd

WHEREAS: SOUTHERN CALIFORNIA GAS COMPANY, by Advice Letter No. 1089, filed August 8, 1977, has requested Commission approval under the provisions of Decision No. 85189, to supply additional natural gas in excess of 50 Mcfd to Flamingo Textile Mills, Inc. (Applicant) in Inglewood, Los Angeles County under the following circumstances:

1. Applicant's request is for an additional peak day consumption of 39 Mcf, raising his existing peak day consumption from 38 Mcf to 77 Mcf.
2. Applicant will use this additional gas in an existing, direct fired, drying oven, which Applicant intends to enlarge, in his textile finishing plant.
3. Fuel oil cannot be used in this direct fired oven since combustion contaminants would discolor the textile and ruin the product.
4. Solar heating is not feasible since the operation runs 24 hours per day and requires oven temperatures close to 300°F.
5. Applicant meets the criteria for FPC Priority 2 classification (Docket No. RP 72-6).
6. We find that this request should be granted and that the Applicant should be classified in Priority 1 under the end-use criteria adopted in Decision No. 85189; therefore, good cause appearing,

IT IS ORDERED that:

1. Authority be granted under the provisions of Decision No. 85189 for Southern California Gas Company to supply the requested service to Flamingo Textile Mills, Inc., effective August 23, 1977.
2. The above advice letter be marked to show that it was accepted for filing under Resolution of the Public Utilities Commission of the State of California No. G-2130. The effective date of this Resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 23rd day of August, 1977, the following Commissioners voting favorably thereon:
