RESOLUTION NO. G-2140

R E S O L U T I O N

UTILITIES DIVISION
BRANCH/SECTION: Gas
DATE: September 7, 1977

SUBJECT: Request to Provide Additional Natural Gas Service in Excess of 50 Mcfd

WHEREAS: PACIFIC GAS & ELECTRIC COMPANY, by Advice Letter No. 934-G, filed August 11, 1977, has requested Commission approval under the provisions of Decision No. 85189, to supply additional natural gas in excess of 50 Mcfd to Johns-Manville Sales Corporation (Applicant) in Willows, Glean County under the following circumstances:

1. Applicant's request is for an additional average daily consumption of 1,250 Mcf, raising his existing average daily consumption from 2,300 Mcf to 3,550 Mcf.
2. Applicant will use this additional gas to increase the capacity of existing fiberglass, thermal insulation, manufacturing equipment and to add a new production line.
3. Fuel oil cannot be used in this application due to the precise fuel/air ratio control and Btu rate control required.
4. Solar energy is not feasible in this process due to the high temperatures required, the mechanics of the process and the 24 hour per day operations.
5. Applicant meets the criteria for FPC Priority 2 classification (Docket No. RP 72-6).
6. We find that this request should be granted and that the Applicant should be classified in Priority 2A under the end-use criteria adopted in Decision No. 85189; therefore, good cause appearing,

IT IS ORDERED that:

1. Authority be granted under the provisions of Decision No. 85189 for PG&E to supply the requested service to Johns-Manville Sales Corporation effective September 10, 1977.
2. The above advice letter and application be marked to show that they were accepted for filing under Resolution of the Public Utilities Commission of the State of California No. G-2140. The effective date of this Resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 7th day of September, 1977, the following Commissioners voting favorably thereon:
