SUBJECT: Request to Provide Additional Natural Gas Service
in Excess of 50 Mcfd

WHEREAS: SOUTHERN CALIFORNIA GAS COMPANY, by Advice Letter No. 1096, filed September 26, 1977, has requested Commission approval under the provisions of Decision No. 85189, to supply additional natural gas in excess of 50 Mcfd to Chaffey Community College District (Applicant) in Alta Loma, San Bernardino County under the following circumstances:

1. Applicant's request is for an additional peak daily consumption of 28 Mcf, raising his existing peak daily consumption from 290 Mcf to 318 Mcf.
2. Applicant will use this additional gas for space heating, hot water heating and operation of laboratory equipment in the recently completed Auto Technical Building.
3. Applicant has been designated the area source of instruction and development in solar energy, and this building will house a new course which will be the initial step towards developing a comprehensive program in solar energy.
4. This project was included in the Governor's Budget because it was found to include educational programs basic to the manpower needs of California.
5. Classes were scheduled to start on September 12, 1977 in this building, and if it is to serve the intended purpose, it must have gas service.
6. Applicant meets the criteria for FPC Priority 2 classification (Docket No. RP 72-6).
7. We find that this request should be granted and that the Applicant continue to be classified in Priority 2A under the end-use criteria adopted in Decision No. 85189; therefore, good cause appearing,

IT IS ORDERED that:

1. Authority be granted under the provisions of Decision No. 85189 and under Section 491 of the Public Utilities Code for Southern California Gas Company to supply the requested service to Chaffey Community College District, effective this date.

2. The above advice letter be marked to show that it was accepted for filing under Resolution of the Public Utilities Commission of the State of California No. G-2154. The effective date of this Resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 12th day of October, 1977, the following Commissioners voting favorably thereon:
