RESOLUTION NO. G-2155

R E S O L U T I O N

UTILITIES DIVISION  
BRANCH/SECTION: Gas  
DATE: October 25, 1977

SUBJECT: Request to Provide Additional Natural Gas Service  
In Excess of 50 Mcfd

WHEREAS: SOUTHERN CALIFORNIA GAS COMPANY, by Advice Letter No. 1099, filed October 11, 1977, has requested Commission approval under the provisions of Decision No. 85189, to supply additional natural gas in excess of 50 Mcfd to Visalia Unified School District (Applicant) in Visalia, Tulare County under the following circumstances:

1. Applicant's request is for an additional peak daily consumption of 48 Mcf, raising his existing peak daily consumption from 50 Mcf to 98 Mcf.
2. Applicant will use this additional gas to operate domestic type space and water heaters, portable classroom space heaters and kitchen equipment.
3. Fuel oil is not feasible for use in Applicant's domestic type heating equipment, and the portable classroom space heaters as well as the kitchen equipment cannot be converted to alternate fuel.
4. It would not be feasible to install solar equipment since the heating load is scattered in numerous buildings throughout the complex.
5. Applicant meets the criteria for FPC Priority 2 classification (Docket No. RP 72-6).
6. We find that this request should be granted and that the Applicant should be classified in Priority 1 under the end-use criteria adopted in Decision No. 85189; therefore, good cause appearing,

IT IS ORDERED that:

1. Authority be granted under the provisions of Decision No. 85189 and under Section 491 of the Public Utilities Code for Southern California Gas Company to supply the requested service to Visalia Unified School District, effective this date.
2. The above advice letter be marked to show that it was accepted for filing under Resolution of the Public Utilities Commission of the State of California No. G-2155. The effective date of this Resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 25th day of October, 1977, the following Commissioners voting favorably thereon:
