RESOLUTION NO. G-2162

R E S O L U T I O N

UTILITIES DIVISION
BRANCH/SECTION: Gas
DATE: November 22, 1977

SUBJECT: Order Authorizing Changes in Gas Tariff Schedules
on Less Than Statutory Notice

WHEREAS: SOUTHERN CALIFORNIA GAS COMPANY, by Advice Letter No. 1101, filed October 27, 1977, requests authority under Sections 491 and 532 of the Public Utilities Code to amend Schedule No. G-61, Wholesale Natural Gas Service, to provide for a temporary reduction in additional peaking gas supply during the winter period from November 1, 1977 through April 15, 1978, as set forth on Cal. P.U.C. Sheets Nos. 15051-G to 15052-G, inclusive, and by letter agreement between SoCal and SDG&E, dated October 17, 1977, resulting in the following:

1. The decrease in the additional peaking gas from 88,000 Mcfd to 77,000 Mcfd constitutes gas that is required by SDG&E during the winter of 1977-1978 and is an interim agreement pending possible further revisions of the San Diego Gas Service Agreement of September 10, 1963, as amended.
2. The requested effective date of November 1, 1977 coincides with the anniversary date of the Gas Service Agreement.
3. The revenue decrease resulting from the decrease in the current annual demand charge is \$49,000 with a potential revenue decrease that could result, under cold temperature conditions, of approximately \$395,000.
4. The Commission has previously approved similar revisions of this nature under Resolutions Nos. G-1508, G-1562, G-1602 and G-1979.
5. We find the proposed decreases to be reasonable; therefore, good cause appearing,

IT IS ORDERED that:

1. Authority be granted under Sections 491 and 532 of the Public Utilities Utilities Code to make the above letter agreement and the above tariff sheets effective as of November 1, 1977.
2. The above tariff sheets be marked to show that they were issued under Resolution of the Public Utilities Commission of the State of California No. G-2162. The effective date of this Resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 22nd day of November, 1977, the following Commissioners voting favorably thereon:
