RESOLUTION NO. G-2177

R E S O L U T I O N

UTILITIES DIVISION
 BRANCH/SECTION: Gas
 DATE: December 20, 1977

SUBJECT: Request to Provide Additional Natural Gas Service in Excess of 50 Mcfd

WHEREAS: PACIFIC GAS & ELECTRIC COMPANY, by Advice Letter No. 950-G, filed November 1, 1977, has requested Commission approval under the provisions of Decision No. 85189, to supply additional natural gas in excess of 50 Mcfd to California State College Stanislaus (Applicant) in Turlock, Stanislaus County under the following circumstances:

1. Applicant's request is for an additional peak daily consumption of 4 Mcf, raising his existing peak daily consumption from 120 Mcf to 124 Mcf.
2. Applicant will use this additional gas to operate direct fired spot heaters in a federally funded addition to the corporation yard.
3. It is not practical to require Applicant to install a fuel oil system for this minor addition to an existing heating system.
4. Solar heating is not feasible. There is a high incidence of fog in the central valley during the heating season which would necessitate a supplementary heating system and also extend the pay back period over 25 to 30 years.
5. Applicant meets the criteria for FPC Priority 2 classification (Docket No. RP 72-6).
6. We find that this request should be granted and that the Applicant should be classified in Priority 2A under the end-use criteria adopted in Decision No. 85189; therefore, good cause appearing,

IT IS ORDERED that:

1. Authority be granted under the provisions of Decision No. 85189 for Pacific Gas & Electric Company to supply the requested service to California State College Stanislaus effective this date.
2. The above advice letter and application be marked to show that they were authorized for filing under Resolution of the Public Utilities Commission of the State of California No. G-2177. The effective date of this Resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 20th day of December, 1977, the following Commissioners voting favorably thereon:
