RESOLUTION NO. G-2184

UTILITIES DIVISION
BRANCH/SECTION: Gas
DATE: January 10, 1978

RESOLUTION

SUBJECT: Request to Provide Additional Natural Gas Service in Excess of 50 Mcfd

WHEREAS: SOUTHERN CALIFORNIA GAS COMPANY, by Advice Letter No. 1112, filed December 8, 1977 has requested Commission approval under the provisions of Decision No. 85189 to supply additional natural gas in excess of 50 mcf to Townsend Textron (Applicant) in Santa Ana, Orange County under the following circumstances:

1. Applicant's request is for an additional average daily consumption of 59 mcf, raising his existing average daily consumption from 166 mcf to 225 mcf.
2. Applicant will use this additional gas in new heat treating equipment and a dryer/parts washer to increase production of metal fasteners for the aircraft industry.
3. Fuel oil is not feasible for the heat treating equipment due to very close temperature control for reduction or oxidation atmospheres through a range of 350° F to 1250° F.
4. The dryer/parts washer as designed and built is not adaptable to fuel oil firing.
5. Solar equipment would be incapable of supporting the high temperatures required in this 24 hour per day operations.
6. Applicant meets the criteria for FPC Priority 2 classification (Docket No. RP72-6).
7. We find that this request should be granted and that the Applicant should be classified in Priority 2A under the end-use criteria adopted in Decision No. 85189; therefore, good cause appearing,

IT IS ORDERED that:

1. Authority be granted under the provisions of Decision No. 85189 for Southern California Gas Company to supply the requested service to Townsend Textron effective this date.
2. The above advice letter be marked to show that it is authorized for filing by Resolution of the Public Utilities Commission of State of California No. G-2184. The effective date of this resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 10th day of January, 1978, the following Commissioners voting favorably thereon:
