RESOLUTION NO. G-2211

R E S O L U T I O N

UTILITIES DIVISION
 BRANCH/SECTION: Gas
 DATE: May 2, 1978

SUBJECT: Request to Provide Natural Gas Service in Excess of 50 Mcfd

WHEREAS: SOUTHERN CALIFORNIA GAS COMPANY, by Advice Letter No. 1125, filed April 17, 1978 has requested Commission approval under the provisions of Decision No. 85189, to supply natural gas in excess of 50 Mcfd to Standun, Inc. (Applicant) in Compton, Los Angeles County under the following circumstances:

1. Applicant's request is for an average daily consumption of 584 Mcf.
2. Applicant will use this additional gas to operate direct fired equipment in a can making facility.
3. Fuel oil cannot be used in this instance because of the highly sensitive off taste that oil fumes introduce into food containers.
4. Solar energy is not feasible for use in this instance due to high temperature and high volume of air required.
5. Applicant meets the criteria for FERC Priority 2 classification (Docket No. RP72-6). To deny service to this customer or other customers with direct fired uses would reduce gas entitlements to California.

WHEREAS: We find that this request should be granted and that the Applicant should be classified in Priority 2A under the end-use criteria adopted in Decision No. 85189; therefore good cause appearing,

IT IS ORDERED that:

1. Authority be granted under the provisions of Decision No. 85189 for Southern California Gas Company to supply the requested service to Standun, Inc. effective this date.
2. The above advice letter be marked to show that it was accepted for filing by Resolution of the Public Utilities Commission of the State of California No. G-2211. The effective date of this resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 2nd day of May, 1978, the following Commissioners voting favorably thereon:

 Executive Director
