SUBJECT: Order Authorizing Revision to the Excess Footage Costs for Gas Main and Gas Service Extensions.

WHEREAS: SOUTHERN CALIFORNIA GAS COMPANY, by Advice Letter No. 1129, filed May 3, 1978, requests authority under Section 454 of the Public Utilities Code to revise Rule No. 20, Gas Main Extensions, and Rule No. 21, Gas Service Connections, as set forth on Cal. P.U.C. Sheets Nos. 15163-G to 15166-G, inclusive, under the following conditions:

1. The revision to Rule No. 20 would decrease the advance supplied by customer per foot of gas main extension beyond the allowable free length from \$3.80 to \$3.50 per foot of gas main extension.
2. The revision to Rule No. 21 would increase the advance supplied by customer per foot of gas service extension beyond the allowable free length from \$3.15 to \$3.55 per foot of gas service extension.
3. The reason for the above revisions is the utility review of current construction costs in conformance with Section E.2 of Rule No. 20 and Section H.1 of Rule No. 21.
4. No significant change in revenue will be realized by the utility due to these revisions because they will merely offset existing construction costs, and

WHEREAS: We find these revisions to be justified; therefore, good cause appearing,

IT IS ORDERED that:

1. Authority be granted under Section 454 of the Public Utilities Code to make the above sheets effective on June 2, 1978, which constitutes regular statutory notice.
2. The above tariff sheets be marked to show that they were issued under Resolution of the Public Utilities Commission of the State of California No. G-2222. The effective date of this resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 31st day of May, 1978, the following Commissioners voting favorably thereon:
