RESOLUTION NO. G-2255

RESOLUTION

UTILITIES DIVISION

BRANCH/SECTION: Gas

DATE: November 28, 1978

SUBJECT: Order Authorizing Revision of the Excess Footage Costs for Gas Main and Gas Service Extensions

WHEREAS: C.P. NATIONAL, by Advice Letter No. 128-G, filed October 26, 1978, requests authority under Section 454 of the Public Utilities Code to revise Rule No. 15, Gas Main Extensions, and Rule No. 16, Service Connections and Facilities on Customers' Premises, applicable to both the utility's South Tahoe and Needles rate areas, as set forth on Cal. P.U.C. Sheets Nos. 633-G to 636-G, inclusive, under the following conditions:

1. The revision to Rule No. 15 would increase the unit cost to customer in the South Tahoe rate area per foot of gas main extension beyond the allowable free length from \$4.40 to \$5.45 per foot. No change is made at this time in the Needles rate area.

2. The revision to Rule No. 16 would increase the unit cost to customer in the Needles rate area per foot of gas service extension beyond the allowable free length from \$3.35 to \$3.85 per foot. No change is made at this time in the South Tahoe rate area.

3. The reason for the above revisions is the utility's review of current construction costs in conformance with Section B.3.a.(1) of Rule No. 15 and Section A.3. of Rule No. 16.

4. No significant change in revenue will be realized by the utility as a result of these revisions because they will merely offset existing construction costs, and

WHEREAS: We find these revisions to be justified; therefore, good cause appearing,

IT IS ORDERED that:

1. Authority is granted under Section 454 of the Public Utilities Code to make the above sheets effective this date.

2. The above tariff sheets be marked to show that they were issued under Resolution No. G-2255 of the Public Utilities Commission of the State of California. The effective date of this resolution is the date hereof.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular conference of the Public Utilities Commission of the State of California, held on the 28th day of November, 1978, the following Commissioners voting favorably thereon:
