RESOLUTION NO. G-2412

RESOLUTION

UTILITIES DIVISION  
BRANCH/SECTION: Gas  
DATE: February 18, 1981

**RETURN TO GAS BRANCH**

**SUBJECT:** Pacific Gas & Electric Company, Gas Department. Order Authorizing Acceptance of a Special Contract Under Conditions Deviating from Filed Tariffs.

**WHEREAS:** PACIFIC GAS & ELECTRIC COMPANY (PG&E), by Advice Letter No. 1138-G, filed January 26, 1981, has requested authority to carry out the terms and conditions of a special contract with Southern Pacific Industrial Development Company, covering a gas main extension and service stubs to provide natural gas service to applicant's commercial and industrial development in San Jose, Santa Clara county under conditions deviating from filed tariffs and resulting in the following:

1. The agreement deviates from filed tariffs in that the applicant will pay in advance of construction \$42,581, which represents the total cost of the system (\$61,566) less a credit of \$18,985 for trenching and backfilling to be performed by applicant.

2. The agreement further deviates from filed tariffs in that the applicant will pay PG&E a monthly cost-of-ownership charge of \$615.66, which represents 1% of the total cost of the gas system, and will be adjusted accordingly if refunds are made.

3. The applicant is constructing a commercial and industrial development and is not the ultimate consumer of gas service to be provided.

4. Since not all of the ultimate consumers have been determined at this time, exercising the Exceptional Case clause of Rule No. 15 is appropriate in this case.

5. The agreement is basically similar in content with prior agreements filed by PG&E and authorized by prior Commission Resolutions; most recent of which was Resolution No. G-2408 on January 21, 1981, and

**WHEREAS:** We find that this agreement is compensatory and nondiscriminatory and will provide service to applicant in such a manner as not to place a burden on other ratepayers; therefore, good cause appearing,

**IT IS ORDERED that:**
