

R. 00-01-005
Prehearing Conference and Workshop
February 10-11, 2000

February 10, 2000
Auditorium, Conference Center
455 Golden Gate Ave
San Francisco, CA 94102

- 10:00 a.m. **Prehearing Conference**—ALJ Carol Brown Presiding
- ALJ Brown will ask participants to describe briefly their interest in this proceeding.
- 1:00 p.m. **Workshop**—Lead by Energy Division
- The workshop is intended to identify issues and identify priorities, and allow all participants to discuss the current program, the nature of possible issues in the proceeding, the availability of data, and the need for future workshops. Participants will have an opportunity to submit written comments after the workshop; therefore, any comments made at the workshop are not final.
- Introduction, Groundrules, Review of the Agenda
- 1:10 Question Period on the Current Undergrounding Program and Commission Policy
- The moderator will invite each participant to ask a question; once a list of questions is prepared, the moderator will call on Commission Staff, Participants, and/or Respondents to answer them.
- 2:10 Issue Statements
- The moderator will invite each participant to identify an issue for Commission consideration.
- 2:40 Break
- 3:00 Dr. Raymond Neutra, Department of Health Services, will discuss the ongoing study of Electromagnetic Fields, which includes a cost/benefit study of Undergrounding.
- 4:00 Remaining Issue Statements

- 4:20 Participant Statements on Issue Priority and Order
- Moderator will invite each party to comment on which issues should be addressed first and why.
- 5:00 Adjourn for the Day
