The Honorable Lois Wolk  
Member, California State Assembly  
State Capitol, Room 3120  
Sacramento, CA 95814**RE: AB 2501 (Wolk) – As Introduced February 21, 2008 – Support  
Status: Assembly Committee on Appropriations**

Dear Assemblymember Wolk:

On April 10, 2008, the California Public Utilities Commission (Commission) voted unanimously to support your AB 2501, which would require the Department of Water Resources to prepare a report that determines the energy savings and green house gas emissions reductions resulting from the use of recycled water for nonpotable uses and from water conservation. The California Public Utilities, along with other state agencies, will serve as consultation in the preparation of the report.

Please see the attached analysis for an explanation of the Commission's position.

If you have any questions or wish to discuss this matter further, please do not hesitate to call me at (916) 327-8441.

Sincerely,
