Source: December 2006 Numbering Resource Utilization and Forecast Reports as reported by 99 service providers in numbers of Working Telephone Numbers.

The list shows the ranking of carriers by the number of Working Telephone Numbers in the State as of December 2006. Working Telephone Numbers are numbers working in the Public Switched Telephone Network (PSTN) under an agreement such as a contract or tariff at the request of specific customers for their use, or as numbers not yet working but having a customer service order pending (5-day limit).
