

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

CERTIFICATION OF HOUSEHOLD GOODS CARRIER PERMIT APPLICANT

1. I (we) certify that I (we) and/or any drivers employed by me (us) hold valid California driver licenses authorizing the operation of the vehicles to be utilized, or will hold such licenses before conducting any operations. The driver license(s) to be used is/are as follows (to be verified by PUC):

Driver's Name	License No.	Expiration Date	Class License

Attach sheet(s) for additional drivers if necessary

If applicant(s) or drivers hold other authorization required to legally operate the highway equipment to be utilized in these proposed operations, state the nature of such authorization.

II. Section 5135 of the Public Utilities Code requires the Commission to issue a household goods carrier permit only to those applicants who it finds have demonstrated that they possess, among other things, sufficient integrity and responsibility to perform the service within the scope of their application. It states that the Commission may refuse to issue a permit if it is shown that an "applicant or an officer, director, partner or associate" of the applicant has (1) committed any act constituting dishonesty or fraud, (2) committed any act which, committed by a permit holder would be grounds for a suspension or revocation of the permit, (3) misrepresented any material fact on the application, or (4) committed a felony, or crime involving moral turpitude.

Section 5135 also requires the Commission to submit the fingerprints of each applicant's "owner, partner, officer, and director" to the California Department of Justice (DOJ), and allows the DOJ to transmit the fingerprints to the FBI for a national criminal history record check. It allows the Commission to use any information obtained to determine the applicant's qualification for a permit.

Included with the application packet is one DOJ fingerprint card (form BID-7), and one FBI fingerprint card (form FD-258), for the applicant to use. Additional forms, if needed, may be obtained from the Commission's License Section in San Francisco. Since it may take several weeks for the DOJ and FBI to check their records and report to the Commission, the applicant should ensure that each owner, partner, officer, and/or director take this form as soon as possible to the agency doing the fingerprinting so that they may be submitted to the Commission with the household goods carrier application and promptly forwarded to the DOJ. A permit will not be issued until the required fingerprint cards are returned to the PUC and the results reviewed.

CERTIFICATION OF APPLICANT(S)

I (we) certify that:

- a) I (we) am (are) not legally prohibited from engaging in operations as a Household Goods Carrier.
- b) I (we) have have not committed any act constituting dishonesty or fraud; committed any act which, committed by a permit holder would be grounds for a suspension or revocation of the permit; misrepresented any material fact on the application; or, committed a felony, or crime involving moral turpitude. (If the first box is checked, please attach a full explanation).
- c) The trucking equipment operated will be maintained in good repair and will be operated in a safe and lawful manner in accordance with Rules and Regulations of the Department of the California Highway Patrol, Title 13 of the California Code of Regulations and Public Utilities Commission Rules and Regulations.

NOTE: All owners, partners, officers, directors and associates are required to print their name and title and sign their name below and to submit fingerprints to the Commission . (Attach additional page(s) if necessary)

I (we) certify (or declare), under penalty of perjury, that I (we) have read and understand the above certifications and that they are true and correct.
