Re: Time Extension Request for General Order 88-B for Authorization to Modify the Ocean Beach Bike Path Grade-Separated Highway-Rail Crossing, identified as CPUC Crossing No. 106-263.84-BD, 081MV-3.56-BD, and DOT Crossing No. 966289K, in the City of San Diego, San Diego County.

Dear Mr. Owsiany:

This refers to your letter, dated December 15, 2019, received by us on January 16, 2020, requesting an extension of time to comply with the provisions of the California Public Utilities Commission (Commission) General Order (GO) 88-B approval letter XREQ2015120013 issued on January 25, 2016. XREQ2015120013 authorized the alteration of the Ocean Beach Bike Path grade-separated highway-rail crossing (crossing) at the North County Transit District (NCTD) Coaster track in the City of San Diego (City), San Diego County. The crossing is identified as CPUC Crossing No. 106-263.84-BD/081MV-3.56-BD and DOT No. 966289K. San Diego County Association of Governments (SANDAG) is managing the crossing modification project, which consists of installing an additional mainline track west of the existing railroad track.

The GO 88-B authorization expired on January 25, 2019. SANDAG is requesting an extension of 36 months to complete the alterations of the of the track relocation and addition. The City of San Diego and NCTD have concurred with the requested time extension.

The Commission's Rail Crossing and Engineering Branch (RCEB) investigated the time extension request and find that there has been no substantial change in circumstances since the granting of the original authority. RCEB has no objections to the requested extension.

In consideration of the above, SANDAG is granted the time extension of the time to January 25, 2022, to complete the alterations of the crossing. In all other respects, the approval letter issued on January 25, 2016, shall remain in full force and effect.
