Time Extension Request for General Order 88-B Authorization XREQ2016080007 to Alter the Birkmont Drive At-Grade Highway-Rail Crossing, CPUC Crossing No. 083E-18.52 and DOT No. 926341D, in Sacramento County

Dear Mr. White:

This refers to your letter, dated August 23, 2022, requesting a second three-year time extension to alter the Birkmont Drive at-grade highway-rail crossing (crossing) of Sacramento Regional Transit District (SRTD) track in Sacramento County (County).

On September 1, 2016, the California Public Utilities Commission (Commission) granted SRTD authorization to alter the crossing via XREQ2016080007, which expired on September 1, 2019. The Commission granted a three-year time extension which allowed the authorization to expire on September 1, 2022.

The Commission's Rail Crossings and Engineering Branch (RCEB) investigated this time extension request and finds that there has been no substantial change in circumstances since the granting of the original authority. RCEB has no objections to the requested extension.

In consideration of the above, the County is granted an extension of time to September 1, 2025, to complete the alterations of the crossing. In all other respects, the approval letter issued on September 1, 2016, shall remain in full force and effect.

If you have any questions, please contact David Stewart at (415) 806-0490 or atm@cpuc.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Anton Garabetian".
