

ACCESS SERVICE

14. Wire Center and Meet Point Billing Information¹

(T)

The National Exchange Carrier Association Tariff F.C.C. No. 4 (NECA 4) contains information related to wire centers providing access service in Local Access and Transport Areas (LATAs) and Market Areas (MAs), subtending information identifying the relationship between wire centers for the ordering and provisioning of access services, and meet point billing information when two or more exchange carriers are jointly providing access service within or between LATAs or MAs under separate access tariffs.

(N)

NECA 4 also contains regulations for calculating the airline mileage between wire centers, on which certain access services are based, using the vertical and horizontal (V&H) coordinates method.

Sections 1 through 11 provide general information, including symbols, coding, and abbreviations, and mileage measurement regulations and methods.

Section 16 contains serving wire center V&H coordinate information for California.

Section 69 contains single state meet point billing information for California.

Section 125 contains multiple state meet point billing information for Arizona/California.

Section 127 contains multiple state meet point billing information for California/Nevada.

Section 195 contains multiple state meet point billing information for California/Oregon.

Section 316 contains subtending wire center information for California.
