A set of tariffs ("A" or "B") is divided into alpha/numerical sections.

Each alpha/numeric section is a separate tariff schedule and contains a generic group of service offerings (i.e., A5. Exchange Services).

Within each section or schedule are sub-sections containing specific service offerings (i.e., 5.4 Premium Exchange Services).

Variations within a service offering are broken into sub-subsections (i.e., 5.4.2 - Touch-Tone Calling Service, 5.4.3 - Custom Calling Service).

B. LOCATION OF MATERIAL

To locate material in this tariff, refer to the General Table of Contents for the section desired. For a more precise listing, refer to the Table of Contents located in front of each section.

C. ABBREVIATIONS AND DEFINITIONS
