A6. MESSAGE TELECOMMUNICATIONS SERVICE^(*) (T)

6.1 APPLICATION

Message Telecommunications Service (MTS)^(*) applies to all MTS^(*) messages and to message toll mobile telephone service furnished or made available by the Utility over facilities within a LATA. (T)

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATION SERVICE¹

A. GENERAL

1. Description

A toll telephone message is a completed call or telephonic communication between two exchange stations located in different local service areas, between toll stations or between a toll station and an exchange station to which rates are applicable in accordance with the provisions of this schedule.

2. Regulations

a. The toll service charges specified in this tariff are in payment for all service furnished between the calling and the called stations.

b. Toll service is classified and rated as either:¹ (T)

Dial (credit) calling card station	
Dial station	Operator station
	Operator person

c. Regulations applicable to Sections A. thru D. following.

Use of Service for Unlawful Purposes

Legal requirements for refusal or discontinuance of service are set forth in Schedule Cal.P.U.C. No. A2.1.31.

d. The designated commercial credit cards, authorized by contract for use, are as follows: American Express (AE), Master Card, VISA, Carte Blanche and Diner's Club, JCB (Japanese Credit Bureau). Acceptance of designated commercial credit cards is limited to the condition defined in Schedule Cal.P.U.C. No. A5.5.1.

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATION SERVICE¹ (Cont'd)

A. GENERAL (Cont'd)

2. Regulations (Cont'd)

g. Express Call Completion (Cont'd)

This service is furnished solely for the telephone calling purposes of the caller.

Provisions concerning limitations of liability and allowance for interruptions in service are set forth in Schedule Cal.P.U.C. No. A2.1.14.

The ECC service charge is not subject to optional calling plan discounts. The usage associated with a call will be subject to any applicable discount.

Centrex, PBX and Commstar II customers with toll restriction will be offered ECC on an alternate billing basis only.

- h. The MTS usage charges associated with up to five (5) ISDN lines, used for data and video applications, for Public Schools, Libraries and Community Colleges and Private Schools as defined in Schedule Cal.P.U.C. No. A2., participating in the Education First Program shall be waived for a period of one (1) year. The one (1) year period shall begin on the date of installation of the ISDN lines and continue for twelve (12) months after which time the customer shall begin paying the usage charges associated with these lines.

- i. When calls are made to or from prefixes used by Emergency Preparedness Trailers within the lata of each prefix, no charge will be made to the calling party. For calls made outside of the LATA, toll charges will apply. The Emergency Preparedness prefixes are: (N)

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATION SERVICE¹ (Cont'd)

A. GENERAL (Cont'd)

3. Territory

Between two points within a LATA where the respective rate centers of such points also are located in said LATA.

4. Rates and Charges

a. Method of Applying Rates¹

(T)

(1) Toll rates between points (cities, towns or localities) are based on the airline distance between rate centers. In general, each point is designated as a rate center; certain small towns or localities are assigned adjacent rate centers with which they are closely associated for communication purposes.

(2) Determine the rate airline distance between the rate centers involved.

Where a point is divided into district areas specified in Schedule Cal.P.U.C. No. A6.2.7,B. the rate airline distance is the mileage between the rate center of the district area and the rate center of the other point, except that when such mileage exceeds 40 miles the rate airline distance is the mileage between the exchange rate center and the rate center of the other point with a minimum of 41 miles.

If both points are divided into district areas the rate airline distance is the mileage between the rate centers of the district areas, except that when such mileage exceeds 40 miles the rate airline distance is the mileage between the exchange rate centers with a minimum of 41 miles.

(3) Refer to (12) following. Opposite the mileage step which includes the mileage determined as in (2) above, will be found the rates for sent-paid dial initial periods and rates for additional minutes for all classes of service between the rate centers involved. Below the table are the service charges for dial (credit) credit card station, operator station, and operator person service.

(*) Also known as Local Toll.

(T)

NOTE 1: In addition to the rates shown in this schedule, one or more of the operator assistance service charges in Schedule Cal.P.U.C. No. D5.2.1 may apply per message.

B. MOBILE TELEPHONE SERVICE

1. Description

a. General

(1) Message toll mobile telephone service is a communication service through a mobile telephone service base station, between a mobile unit and a wire telephone located outside the mobile service area associated with such base station, or between two mobile units served through different base stations.

Message toll mobile telephone service also includes service through a mobile telephone service base station between a wire telephone located outside the mobile service area and a fixed station, located within the normal range of the base station, which is authorized by the Federal Communications Commission to communicate through that base station, or between two such fixed stations served through different base stations.

In the application of rates and special conditions fixed stations, as described above, are considered as mobile units.

6.2 STANDARD SERVICE OFFERINGS (CONT'D)

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATION SERVICE¹ (CONT'D)

B. MOBILE TELEPHONE SERVICE (CONT'D)

3. Territory

Mobile Telephone service is available through numerous mobile telephone service base stations; provided by various carriers operating partly within and partly without the State of California, and between various mobile telephone units, base stations, fixed stations and wire telephones all of which are explained in 1. preceding.

4. Rates and Charges

a. Person rates, subject to a minimum rate of \$2.65 for the first minute or fraction, apply to toll messages as follows:

- (1) Between a wire telephone outside the mobile service area and a mobile unit served by a base station listed in 2.a.(1) preceding or between a wire telephone and a mobile unit served by, but not registered with a base station listed in 2.a.(2) preceding.
- (2) Between two mobile units, one or both served by base stations listed in 2.a.(1) above or between two mobile units, one served by a base station listed in 2.a.(3) preceding, and the other served by, but not registered with a base station listed in 2.a.(2) preceding.

b. The dial, dial (credit) calling card station, or operator station or person, day, evening or night rate, as applicable, applies to toll messages as follows:

- (1) Between a wire telephone outside the mobile service area and a mobile unit served by and also registered with a base station listed in a.(2) above or between a wire telephone and a mobile unit served by a base station listed in a.(2) above.
- (2) Between two mobile units served by different base stations listed in a.(2) above, or between two mobile units, one served by a base station listed in a.(2) above and one served by and also registered with a base station listed in a.(2) above.

c. Regulations

The party on the mobile unit placing or receiving a toll call shall inform the mobile service operator, upon request, as to the state in which the mobile unit is located at the time of placing or receiving the call.

C. SERVICE THROUGH RADIOTELEPHONE UTILITIES

1. Rates and Charges

- a. Service is available to and from customers of a radiotelephone Utility with which arrangements have been made for the interexchange of telephone traffic.
- b. For mobile telephone service, the rates between the applicable wire telephone rate center and the rate center of the radiotelephone utility are the rates set forth in A.4. preceding for two-point service.
- c. For maritime radiotelephone service, the rates between the applicable coast station toll rate center and the rate center of the radiotelephone utility are the rates set forth in D. below. The rate center of the radiotelephone utility is the rate center of the Utility serving exchange. An additional charge which the radiotelephone utility bills to and collects from its customer is applicable to the remainder of the haul as set forth in the Radiotelephone Utility's tariff on file with the Public Utilities Commission of the State of California.

D. MARITIME MOBILE RADIOTELEPHONE SERVICE

1. Description

Maritime mobile radiotelephone service applies to ship and aircraft service furnished or made available through the coast stations listed in 4. following.

2. Regulations

- a. For service between a ship or aircraft served through a coast station listed in 4.b.(1) following and a telephone within a LATA, or two ships or aircraft, or a ship and an aircraft, where both are served through these stations, the total charge is the sum of the rates in 4.a. and b. following:

c. Application of Rates

- (1) Calls may be filed either on an operator station service or person service basis at charges shown in 4.a. preceding.
- (2) The Utility does not undertake to bring to a telephone a called person who cannot be reached. However, at the request of the calling party, the Utility, when possible, will arrange on behalf of the calling party for messenger service; that is, a messenger or other means to notify the called party of the call. The Utility shall be reimbursed by the calling party for the amount expended for such messenger service, such charges being subject to prior authorization by the calling party to the extent that they can be determined in advance. Such charges for messenger service are in addition to the tariff charges for the message.

(3) Initial and Additional Periods

Maritime Mobile Radiotelephone service rates are quoted in terms of initial and additional periods.

The initial period is three minutes or any fraction thereof.

The additional period is one minute or any fraction thereof.

6.2.4 LONG DISTANCE DIRECTORY ASSISTANCE SERVICE

The call allowances and charges shown in Schedule Cal.P.U.C. No. A5.7.2 Local Directory Assistance Service, only apply to calls to Directory Assistance within the calling party's area code (normally accessed by dialing 411). There is no limit, and no charge, for calls to Directory Assistance outside the calling party's area code within the calling party's LATA (normally accessed by dialing the appropriate area code plus 555-1212). InterLATA and interstate calls placed to Directory Assistance are covered by the tariffs of the Utility providing such service.

A. TOLL RATE GUIDE GENERAL RATE REGULATIONS

1. Description

This schedule contains the general rate regulations governing the use of the Toll Rate Guide material.

2. Regulations

The information contained in Toll Rate Guide for the State of California B. following, is used in conjunction with other rate quoting material to determine rates and charges.

- a. The Toll Rate Guide schedule contains lists of rate centers, localities and central offices, hereinafter generally referred to as "points", within the State of California with V-H (vertical and horizontal) coordinates for use in determining airline mileages for message toll telephone service, secretarial line service, foreign exchange and foreign district area service and wide area telephone service available over the lines of the Utility and of the companies with which it connects.

NOTE 1: Also known as Local Toll.

2. Regulations (Cont'd)

b. The material is arranged as follows:

- (1) Rate Centers, including toll stations, are listed alphabetically in B.1. following. The symbol "ts" associated with a rate center listed indicates toll station service.
- (2) Localities are listed alphabetically in B.2. following, and cross-referenced to the rate center with which they are associated.
- (3) Central Offices are listed numerically by NPA (Numbering Plan Area) in B.3. following, and cross referenced to the rate center with which they are associated.
- (4) Local Access and Transport Areas are listed numerically in B.4. following.

c. The columns headed "LATA", "NPA" and "Central Office" in B.1. following, contain the local access and transport area, numbering plan area and central office codes for each rate center.

d. The columns headed "V" and "H" in B.1. following, contain the vertical and horizontal coordinates for each rate center.

e. The column headed "ID" in B.1. following, contains an identifier when the vertical and horizontal coordinates are to be used only for a particular type of service.

3. Basis For V-H Coordinates

For the purpose of determining airline mileages, vertical and horizontal grid lines have been established across the United States. The spacing between adjacent vertical grid lines and between horizontal grid lines represents a distance of one coordinate unit. This unit is the square root of 0.1, expressed in statute miles. A four-digit vertical (V) and a four-digit horizontal (H) coordinate is computed for each rate center from its latitude and longitude location by use of appropriate map-projection equations. A pair of V-H coordinates locates a rate center, for determining airline mileages, at a particular intersection of an established vertical grid line with an established horizontal grid line. The distance between any two rate centers is the airline mileage computed as explained in 4., following.

To determine the V-H coordinates for a point refer to B. following. Look for the point in the column headed "Exchange-Rate Center" in B.1. following. If the point is not listed, look for the name in the column headed "Locality" in B.2. following, determine the rate center and locate the latter in B.1. following. Central office codes listed in B.3. following may also be used to determine rate centers for use in determining rate distances for message toll service.

4. Determination of Airline Mileages

To determine the rate distance between any two rate centers proceed as follows:

Step 1. Obtain the "V" and "H" coordinates for each rate center.

Step 2. Obtain the difference between the "V" coordinates of the two rate centers. Obtain the difference between the "H" coordinates.

The difference is always obtained by subtracting the smaller coordinate from the larger coordinate.

Step 3. Divide each of the differences obtained in Step 2. by three, rounding each quotient to the nearer integer.

NOTE 1: Also known as Local Toll.

- 6.2.7 MESSAGE TOLL TELEPHONE SERVICE (CONT'D)
- A. TOLL RATE GUIDE GENERAL RATE REGULATIONS (CONT'D)
- 4. Determination of Airline Mileages (Cont'd)

Step 4. Square these two integers and add the two squares.

If the sum of the squares is greater than 1777, divide the integers obtained in Step 3. by three and repeat Step 4. Repeat this process until the sum of the squares obtained in Step 4. is less than 1778.

Step 5. The number of successive divisions by three in Steps 3. and 4. determines the value of "N". Multiply the final sum of the two squares obtained in Step 4. by the multiplier specified in the following table for this value of "N" preceding:

<u>N</u>	<u>MULTIPLIER</u>	<u>MINIMUM RATE MILEAGE</u>
1	0.9	-
2	8.1	41
3	72.9	121
4	656.1	361

Step 6. Obtain square root of product in Step 5. and, with any resulting fraction, round up to next higher integer. This is the message rate mileage except that when the mileage so obtained is less than the minimum rate mileage shown in Step 5., the minimum rate mileage corresponding to the "N" value is applicable.

Example:

The message rate distance is required between Los Angeles and San Francisco.

		<u>V</u>	<u>H</u>
Step 1.	Los Angeles	9213	7878
	San Francisco	<u>8492</u>	<u>8719</u>
Step 2.	difference	721	841
Step 3a.	dividing each difference by three and rounding to nearer integer = 240 and 280

4. Determination of Airline Mileages (Cont'd)

Example: (Cont'd)

Step 4a.	squaring integers and adding,	240 x 240 = 57,600
		280 x 280 = <u>78,400</u>
	sum of squared integers	136,000

sum of squared integers is greater than 1777, so divide integers in Step 3a. by three and repeat Step 4a.

Step 3b. dividing integers in Step 3a. by three and rounding = 80 and 93

Step 4b.	squaring integers and adding,	80 x 80 = 6,400
		93 x 93 = <u>8,649</u>
	sum of squared integers	15,049

sum of squared integers is greater than 1777, so divide integers in Step 3b. by three and repeat Step 4b.

Step 3c. dividing integers in Step 3b. by three and rounding = 27 and 31

Step 4c.	squaring integers and adding,	27 x 27 = 729
		31 x 31 = <u>961</u>
	sum of squared integers	1,690

This sum of squared integers is less than 1778 and was obtained after three successive divisions by three; therefore, "N" = 3.

Step 5.	Multiply final sum of squared integers by factor 72.9 (corresponding to "N" = 3)	1,690
		<u>x 72.9</u>
		= 123,201.0

Step 6. Square root of 123,201 = 351 miles. The 351 miles is larger than the minimum of 121 rate miles applicable when "N" = 3, so the message rate mileage is 351 miles.

6.4 RESIDENCE DISCOUNT CALLING PLANS

6.4.2 PACIFIC BELL 24 HOUR DISCOUNTS-SERVICE AREA PLAN

A. APPLICABILITY AND TERRITORY

Applicable to the Service Area Plan in connection with residence individual line flat rate, residence individual line measured rate, residence universal lifeline measured rate exchange service, foreign exchange service furnished within the exchange areas of all exchanges as listed in Schedule Cal.P.U.C. No. A5.1.1.A.

B. DESCRIPTION OF SERVICE

1. General

- a. The Service Area Plan is furnished as an adjunct to one-party residence exchange services and provide for directly dialed and calling card communications to toll as specified in Schedule Cal.P.U.C. No. A6.2.1 and Schedule Cal.P.U.C. No. A5.2.1,B, respectively.
- b. For a fixed monthly rate the Service Area Plan offers to one-party residence exchange service customers a discount as shown in D. following, on directly dialed and calling card calls (including calling card service charges) within the Service Area.
- c. Each individual call is computed on the basis of whole minutes, a fraction of a minute being considered a whole minute. For all messages, a fraction of a minute is charged as a full minute.
- d. The Service Area Plan message rates are applicable during the time of day when the conversation takes place as specified in Rates and Charges, following. This is in accordance with the time system - standard or daylight savings - legally or commonly in use, and will determine the applicable rate period treatment. In cases where the message extends beyond one rate period, the appropriate rate treatment as specified in Schedule Cal.P.U.C. No. A6.2.1, Message Telecommunications Service¹, applies to the respective portions of the message.
- e. Minimum billing as set forth in Schedule Cal.P.U.C. No. A2.1 is applicable to the monthly rate for the Service Area Plan.

C. REGULATIONS

1. Limitations of Service

- a. Person, collect, conference, third number billed, toll stations or any other calls requiring operator handling except as specified in 2., following, are not included and will be billed at the regular toll or ZUM rate schedule applicable to the type of call.
- b. The Service Area Plan may not be furnished to any residence exchange service (except Remote Call Forwarding service as specified in Schedule Cal.P.U.C. No. A5.4.4) that is interconnected, physically, acoustically or by any other means to any other line, facilities or service at the customer's premises to extend a two-point connection beyond the originating station and called station location.
- c. The premises of a customer is that shown in Schedule Cal.P.U.C. No. A2.1, Premises. In the event the premises is located in more than one exchange, the premises will be considered as in the exchange in which the primary service is located.
- d. The Service Area Plan will not be furnished in connection with multiparty (operator identified) or any business service (except Centrex Dormitory service with billing arrangement Option "C" as specified in Schedule Cal.P.U.C. No. A9.1.1.)
- e. The Service Area Plan is limited to one plan per one-party residence service. The Service Area subscribed to by the customer must be the Service Area in which their residence service is served from.
- f. The Service Area Plan is authorized by Decision 94-09-065 as a flexibly priced service. The rates and applicable service charges (except for Pay Station Service Charge) may be increased (not to exceed the ceiling on file with the Commission) by the Utility upon at least 30 days prior notice to the CPUC and affected customers or decreased (not below the floor on file with the Commission) by the Utility upon at least ten days prior notice to the CPUC and affected customers.

Decision 89-01-031 dated October 12, 1989 states in part that "Beginning in 1990, Pacific and GTE shall file advice letters in accordance with General Order 96-A no later than October 1, of each year for Commission consideration and approval to update rate caps and floors for flexibly priced services according to the adopted price cap indexing mechanism with new caps, and floors to be effective the following January 1".

6.4.4 EASY SAVER, SAVER 60, SAVER PLUS AND ONEPRICE SAVER (T)

A. APPLICABILITY AND TERRITORY

Applicable to Easy Saver, Saver 60, Saver Plus and OnePrice Saver plans in connection with residence individual line flat rate, residence individual line measured rate, residence universal lifeline measured rate exchange service, foreign exchange service furnished within the exchange areas of all exchanges as listed in Schedule Cal.P.U.C. No. A5.1.1.A or where facilities and operating conditions permit. (T)

B. DESCRIPTION OF SERVICE

1. General

a. Easy Saver, Saver 60 Saver Plus and OnePrice Saver plans are furnished as an adjunct to one-party residence exchange services and provide for directly dialed and calling card communications to toll as specified in Schedule Cal.P.U.C. No. A6.2.1 and Schedule Cal.P.U.C. No. A5.2.1.B, respectively. (T)

b. Easy Saver - has no monthly rate. One-party residence exchange service customers will make local toll calls at a postalized rate. The local toll calls will be timed and rated at a flat per minute rate regardless of mileage band and based on the two rate periods of peak and off-peak:
- Peak rate is 8AM to 5PM Monday through Friday
- Off-peak is 5PM through 8AM Monday through Friday, and Saturday, Sunday and holidays.

c. Saver 60 - includes a fixed monthly rate. One-party residence exchange service customers will make local toll calls which includes 60 minutes of calling and a postalized rate for local toll calls over 60 minutes. The local toll calls over 60 minutes will be timed and rated at a flat per minute rate regardless of mileage band and based on the two rate periods of peak and off-peak:
- Peak rate is 8AM to 5PM Monday through Friday
- Off-peak is 5PM through 8AM Monday through Friday, and Saturday, Sunday and holidays.

d. Saver Plus - includes a fixed monthly rate. One-party residence exchange service customers will make local toll calls which includes 180 minutes of calling and a postalized rate for local toll calls over 180 minutes. The local toll calls over 180 minutes will be timed and rated at a flat per minute rate regardless of mileage band and based on the two rate periods of peak and off-peak:
- Peak rate is 8AM to 5PM Monday through Friday
- Off-peak is 5PM through 8AM Monday through Friday, and Saturday, Sunday and holidays. (L)

- B. DESCRIPTION OF SERVICE (Cont'd)
1. General (Cont'd)
- e. OnePrice Saver--includes a fixed monthly rate. One-party residence exchange service customers will make local toll calls which includes 1000 minutes of calling and a postalized rate for local toll calls over 1000 minutes. The local toll calls over 1000 minutes are rated at a flat per minute rate regardless of mileage band or time of day. (N)
- f. Each individual call is computed on the basis of whole minutes, a fraction of a minute being considered a whole minute. For all messages, a fraction of a minute is charged as a full minute. (T)
- For Saver 60, Saver Plus and OnePrice Saver, the minutes of calling included in the monthly rate are computed by first adding the customer's peak minutes calls followed by off-peak minutes calls, if needed, to total 60, 80 or 1000 minutes of calling identified with each of the respective plans. The calls must be service area calls within California and for the service area in which the customer resides. (T)
- g. Pacific Bell service area calling card calls are billed at the appropriate direct dialed postalized rate. (T)
- For customers subscribing to Saver 60 or Saver Plus or OnePrice Saver respectively, the P*B calling card calls will not be included in the 60 or 180 or 1000 minutes of calling included in the monthly rate. (T)
- h. Minimum billing as set forth in Schedule Cal.P.U.C. No. A2.1 is applicable to the monthly rate for Saver 60, Saver Plus and OnePrice Saver. (T)
- C. REGULATIONS
1. Limitations of Service
- a. Person, collect, conference, third number billed, toll stations or any other calls requiring operator handling except as specified in 2., following, are not included and will be billed at the regular toll or ZUM rate schedule applicable to the type of call.

6.5 VALUE PROMISESM

6.5.1 SIMPLELINKSM

A. DESCRIPTION

SimpleLinkSM is an optional total volume discount package for small business customers. Subscribing customers receive monthly discounts on selected eligible services (a combination of Category II and Category III products and services) based on the customer's contributory services whose revenue is counted towards the achievement of a Minimum Monthly Revenue Commitment (MMRC) and term length. SimpleLinkSM provides additional discounts on specific features as set forth following. (D)

B. REGULATIONS

1. Contributory Services shall be defined as those regulated Category II and Category III services whose monthly billed charges are counted towards achievement of the customer's selected MMRC, unless otherwise noted. Services contributing toward the MMRC as described in 6.5.1,C. are applicable. (N)
(N)
2. SimpleLinkSM is available only for selected business service where the Utility also provides local service.
3. A customer may subscribe to only one SimpleLinkSM plan at a time.
4. An eligible SimpleLinkSM customer may include up to, but not exceed, 10 accounts under one SimpleLinkSM agreement.

6.5 VALUE PROMISESM (Cont'd)

6.5.1 SIMPLELINKSM (Cont'd)

B. REGULATIONS (Cont'd)

5. SimpleLinkSM discounts are not available on eligible business services with existing term discount plans, or with any other discount toll or local optional calling plan, except for Unlimited Local Calling Plan which is allowed in SimpleLinkSM. Customers may change from an existing Utility optional calling plan (e.g., Value Promise Plus, Advantage 5, 10, or 25, Flat Rate Pro, or CompleteLinkSM Basic) to SimpleLinkSM without being assessed early termination charges for discontinuing the plan.

6. SimpleLinkSM is offered under a one-year, two-year or three-year term. The one-year term also has a 1-year renewable option. If the customer selects the 1-year renewable option, the plan will renew for one year intervals. A maximum of two 1-year renewals are available after the first 1-year term. The customer will receive written notification of their selection outlining the details of the agreement, plus subsequent notifications regarding their renewal options prior to the expiration of each 1-year term. Additionally, three MMRC levels will be available for customers to choose from and customers subscribing to a 2- or 3-year term plan will be required to sign a written order confirmation form in order to qualify for the applicable plan discounts.

A customer may increase the MMRC level at any time without assessment of early termination charges. To increase an MMRC, the customer must also commit to a new term. A decrease of the MMRC level during the term is deemed to be a termination of the service and early termination charges as described in D., following, are applicable.

7. The customer must meet or exceed the selected MMRC in each month of the term plan. If the customer fails to meet or exceed the MMRC in any month of the customer's term, the customer will be billed an Under-Utilization Charge which is the difference between the MMRC and the actual billings for the Contributory Services, excluding taxes and surcharges.

6.5.1 SIMPLELINKSM (Cont'd)

B. REGULATIONS (Cont'd)

8. If the customer elects to discontinue the plan, early termination charges as described in D., following, are applicable.

9. Customers will be notified prior to the term expiration date. If a customer does not commit to a new term plan by the last date of the existing term plan (or the final renewal term for 1-year renewable options), the customer's SimpleLinkSM service will terminate and the customer's service will revert to the non-discounted tariffed rates for the services offered in SimpleLinkSM service.

10. The MMRC is the minimum monthly revenue commitment selected by the customer which must be satisfied each month under the elected term (based on a one, two, or three-year term commitment) to receive a volume discount. The customer's term commitment commences the day after the SimpleLinkSM service is provided by the Utility. The date provided shall be the date the service order is completed by the Utility's billing system. MMRC revenue is the sum total of the customer's monthly billed charges on all included business accounts for services specified as Contributory in the SimpleLinkSM tariff before discounts are applied.

Revenue from the following services are not included as Contributory Services nor counted towards the achievement of the MMRC:

Enhanced 9-1-1 (E9-1-1) surcharges, End User Common Line (EUCL) surcharges, EUCL offset surcharges, Deaf and Disabled surcharges, Primary Interexchange Carrier (PIC) charge, Local Number Portability (LNP) charge, Infrastructure Maintenance Fees (IMF), Universal Service Fund (USF) Fee, Federal and State Line Port charges, State Regulatory Fee, California High Cost Fund-A (CHCF-A), California High Cost Fund-B (CHCF-B), California Teleconnect Fund (CTF) Surcharge, Universal Lifeline Telephone Service (ULTS) Surcharge, California Relay Service and Communications Devices Fund, and Equal Access Recovery Charge. Additionally, any services provided by the Utility's affiliates (e.g., SBC Messaging Services, Frame Relay, Asynchronous Transfer Mode (ATM) Cell Relay, Digital Subscriber Line (DSL) Service, Internet service or Customer Owned Pay Telephones); charges for services provided by any other service provider and billed by the Utility on behalf of that other service provider and corresponding taxes and surcharges; and any other tax or charge imposed by any local, state or federal government entity are also excluded.

B. REGULATIONS (Cont'd)

11. There is no non-recurring service connection charge nor set-up charge to establish a customer on a SimpleLinkSM plan. Other recurring and non-recurring installation charges will apply per applicable tariff rates.
12. With the exception of Business Local Exchange Access and Local Usage, SimpleLinkSM customers are not required to purchase any of the MMRC Contributory Services. Recurring and non-recurring charges at applicable tariff rates apply to the installation and use of the Contributory Services.
13. Interstate/intraLATA calls from LATA 5 do not qualify for SimpleLinkSM discounts. The Utility reserves the right to bill the customer the standard tariffed rates for these calls, including the ability to adjust billing or backbill to reflect the proper rate.
14. Each MMRC will carry a Maximum Monthly Allowable Discount (MMAD), which is the maximum allowable amount per month of Total Volume Discounts on all eligible services. The MMAD will apply to all term lengths and revenue commitments.

D. EARLY TERMINATION LIABILITY

1. Within 90 days of subscribing to a SimpleLinkSM 2- or 3-year term commitment, customers may cancel this service without incurring the early termination liability charges specified in this tariff. This guarantee does not apply to customers who terminate or convert to another Utility toll, access, and/or usage commitment product for the purpose of subscribing to SimpleLinkSM.
2. Within 30 days of subscribing to a SimpleLinkSM 1-year term commitment, customers may cancel this service without incurring the early termination liability charges specified in this tariff.
3. A SimpleLinkSM commitment is not transferable to, nor may it be assumed by, a customer or customers other than the customer of record without prior written consent of the Utility.
4. SimpleLinkSM commitments cannot be superseded as described in Schedule Cal.P.U.C. No. A2.1.23.
5. The customer's term commitment commences the day after the SimpleLinkSM service is provided by the Utility.
6. Except as provided for elsewhere in this tariff, if the customer terminates their SimpleLinkSM agreement prior to the expiration of their term, early termination charges apply. Termination charges will be equal to 50% of the MMRC multiplied by the number of months remaining in the customer's term period. For a partial month, if the partial month revenue is less than the MMRC, the customer is liable for 50% of the difference between the MMRC and the actual billed revenue.
7. Termination liability charges are not applicable if during the SimpleLinkSM term commitment the customer converts to another access and usage plan with a term equal to or greater than the existing SimpleLinkSM plan, and a revenue commitment equal to or greater than the remaining SimpleLinkSM revenue commitment.

c. Winback Months Free Discount

An additional discount will be applied to business customers who convert their access line service to the Utility as their local service provider and subscribe to a SimpleLinkSM agreement. These eligible business customers will receive a monthly discount equal to the total monthly recurring charges for all eligible services on their bill for three (3) months, up to a maximum of \$500 per month in discounts. These 3 months of recurring charge discounts will be applied in months 2, 3, and 4 of the business customer's term plan.

6.5.2 SIMPLELINK ENHANCEDSM

A. DESCRIPTION

SimpleLink EnhancedSM is an optional total volume discount for small business customers. Subscribing customers receive monthly discounts on selected eligible services (a combination of Category II and Category III products and services) based on the customer's contributory services whose revenue is counted towards the achievement of a Minimum Monthly Revenue Commitment (MMRC) and term length. SimpleLink EnhancedSM provides additional discounts on specific features as set forth following. (D)

B. REGULATIONS

5. Contributory Services shall be defined as those regulated Category II and Category III services whose monthly billed charges are counted towards achievement of the customer's selected MMRC, unless otherwise noted. Services contributing toward the MMRC as described in 6.5.2,C. are applicable. (N)
|
(N)
(T)

6. SimpleLink EnhancedSM is available only for selected business service where the Utility also provides local service.

7. A customer may subscribe to only one SimpleLink EnhancedSM plan at a time.

8. An eligible SimpleLink EnhancedSM customer may include up to, but not exceed, 10 accounts under one SimpleLink EnhancedSM agreement.

9. SimpleLink EnhancedSM discounts are not available on eligible business services with existing term discount plans, or with any other discount toll or local optional calling plan unless otherwise stated. Customers may change from an existing Utility optional calling plan (e.g., Value Promise Plus, Advantage 5, 10, or 25, Flat Rate Pro, or CompleteLinkSM Basic) to SimpleLink EnhancedSM without being assessed early termination charges for discontinuing the plan.

10. SimpleLink EnhancedSM is offered under a one-year, two-year or three-year term. The 1-year term also has a 1-year renewable option. If the customer selects the 1-year renewable option, the plan will renew for one year intervals. A maximum of two 1-year renewals are available after the first 1-year term. The customer will receive written notification of their selection outlining the details of the agreement, plus subsequent notifications regarding their renewal options prior to the expiration of each 1-year term. Additionally, three MMRC levels will be available for customers to choose from and customers subscribing to a 2- or 3-year term plan will be required to sign a written order confirmation form in order to qualify for the applicable plan discounts.

A customer may increase the MMRC level at any time without assessment of early termination charges. To increase an MMRC, the customer must also commit to a new term. A decrease of the MMRC level during the term is deemed to be a termination of the service and early termination charges as described in D., following, are applicable.

(T)

B. REGULATIONS (CONT'D)

(N)

7. The customer must meet or exceed the selected MMRC in each month of the term plan. If the customer fails to meet or exceed the MMRC in any month of the customer's term, the customer will be billed an Under-Utilization Charge which is the difference between the MMRC and the actual billings for the Contributory Services, excluding taxes and surcharges.
8. If the customer elects to discontinue the plan, early termination charges as described in D., following, are applicable.
9. Customers will be notified prior to the term expiration date. If a customer does not commit to a new term plan by the last date of the existing term plan (or the final renewal term for 1-year renewable options), the customer's SimpleLink EnhancedSM service will terminate and the customer's service will revert to the non-discounted tariffed rates for the services offered in SimpleLink EnhancedSM service.
10. The MMRC is the minimum monthly revenue commitment selected by the customer which must be satisfied each month under the elected term (based on a one-, two-, or three-year term commitment) to receive a volume discount. The customer's term commitment commences the day after the SimpleLink EnhancedSM service is provided by the Utility. The date provided shall be the date the service order is completed by the Utility's billing system. MMRC revenue is the sum total of the customer's monthly billed charges on all included business accounts for services specified as Contributory in the SimpleLink EnhancedSM tariff before discounts are applied.

Revenue from the following services are not included as Contributory Services nor counted towards the achievement of the MMRC:

Enhanced 9-1-1 (E9-1-1) surcharges, End User Common Line (EUCL) surcharges, EUCL offset surcharges, Deaf and Disabled surcharges, Primary Interexchange Carrier (PIC) charge, Infrastructure Maintenance Fees (IMF), Universal Service Fund (USF) Surcredit Fee, Federal and State Line Port charges, State Regulatory Fee, California High Cost Fund-A (CHCF-A) Surcharge, California High Cost Fund-B (CHCF-B) Surcharge, California Teleconnect Fund (CTF) Surcharge, Universal Lifeline Telephone Service (ULTS) Surcharge, California Relay Service and Communications Devices Fund, and Equal Access Recovery Charge. Additionally, any services provided by the Utility's affiliates (e.g., SBC Messaging Services, Frame Relay, Asynchronous Transfer Mode (ATM) Cell Relay, Digital Subscriber Line (DSL) Service, Internet service or Customer Owned Pay Telephones); charges for services provided by any other service provider and billed by the Utility on behalf of that other service provider and corresponding taxes and surcharges; and any other tax or charge imposed by any local, state or federal government entity are also excluded.

B. REGULATIONS (Cont'd)

11. There is no non-recurring service connection charge nor set-up charge to establish a customer on a SimpleLink EnhancedSM plan. Other recurring and non-recurring installation charges will apply per applicable tariff rates.
12. With the exception of Business Local Exchange Access and Local Usage, SimpleLink EnhancedSM customers are not required to purchase any of the MMRC Contributory Services. Recurring and non-recurring charges at applicable tariff rates apply to the installation and use of the Contributory Services.
13. Interstate/intraLATA calls from LATA 5 do not qualify for SimpleLink EnhancedSM discounts. The Utility reserves the right to bill the customer the standard tariffed rates for these calls, including the ability to adjust billing or backbill to reflect the proper rate.
14. Each MMRC will carry a Maximum Monthly Allowable Discount (MMAD), which is the maximum allowable amount per month of Total Volume Discounts on all eligible services. The MMAD will apply to all term lengths and revenue commitments.

D. EARLY TERMINATION LIABILITY

1. Within 90 days of subscribing to a SimpleLink EnhancedSM 2- or 3-year term commitment, customers may cancel this service without incurring the early termination liability charges specified in this tariff. This guarantee does not apply to customers who terminate or convert to another Utility toll, access, and/or usage commitment product for the purpose of subscribing to SimpleLink EnhancedSM.
2. Within 30 days of subscribing to a SimpleLink EnhancedSM 1-year term commitment, customers may cancel this service without incurring the early termination liability charges specified in this tariff.
3. A SimpleLink EnhancedSM commitment is not transferable to, nor may it be assumed by, a customer or customers other than the customer of record without prior written consent of the Utility.
4. SimpleLink EnhancedSM commitments cannot be superseded as described in Schedule Cal.P.U.C. No. A2.1.23.
5. The customer's term commitment commences the day after the SimpleLink EnhancedSM service is provided by the Utility.
6. Except as provided for elsewhere in this tariff, if the customer terminates their SimpleLink EnhancedSM agreement prior to the expiration of their term, early termination charges apply. Termination charges will be equal to 50% of the MMRC multiplied by the number of months remaining in the customer's term period. For a partial month, if the partial month revenue is less than the MMRC, the customer is liable for 50% of the difference between the MMRC and the actual billed revenue.
7. Termination liability charges are not applicable if during the SimpleLink EnhancedSM term commitment the customer converts to another access and usage plan with a term equal to or greater than the existing SimpleLink EnhancedSM plan, and a revenue commitment equal to or greater than the remaining SimpleLink EnhancedSM revenue commitment.

6.5.3 VOLUME DISCOUNTS

A. APPLICABILITY

Applicable to all subscribers of Value PromiseSM plans, furnished or made available by the Utility over facilities wholly within a Service Area.

B. DESCRIPTION OF SERVICE

Volume Discounts is an optional feature that is offered to all customers who subscribe to either Option 1 or 2 of Advantage 50 or Advantage 1000. It allows customers to have additional discounts once specified volumes of usage have been met. Additional discounts based on volumes of usage are applied to the undiscounted amount and appear at the BTN level. Nothing herein prevents joint use as permitted in Pacific's tariffs.

C. REGULATIONS

1. Volume Discounts are available to Billed Telephone Numbers (BTNs) that subscribe to Advantage 50 or Advantage 1000.
2. A single customer may have unlimited BTNs for Advantage 50 and Advantage 1000.

6.5.4 VALUE PROMISESM PLUS - OPTIONS 1 & 3

A. APPLICABILITY

Except as otherwise provided in this tariff, Value PromiseSM Plus (VPP) applies to all directly dialed Message Telecommunications Service* (MTS) furnished or made available by the utility over facilities wholly within a Service Area.

B. TERRITORY

All MTS between two points wholly within a Service Area where the respective rate center of such points are also located wholly within said Service Area as defined in the Schedule Cal.P.U.C. tariffs.

C. DESCRIPTION

1. Customers may receive a discount on intraLATA directly dialed usage charges, non-operator assisted Pacific Bell calling card usage (including calling card service charges and pay station service charges, if any), Zone 3 or Pacific Bell Custom 8 inbound calls.
2. Applicable Pacific Bell calling card charges to points wholly within a Service Area will be applied under the rate specified and illustrated in F.1. following.
3. VPP allows customers to select Options 1 or 3 and receive a percent discount on directly dialed MTS, Zone 3 or non-operator assisted Pacific Bell calling card calls. On Options 1 & 3, customers receive a hourly rate for Custom 8 inbound calls. These options are illustrated in F.1. following.
4. VPP will provide customers with a single, consolidated account for all Billed Telephone Numbers (BTNs) for a Monthly Fee.
5. The applicable discount rate, as illustrated in F.1., is dependent on the total amount of monthly directly dialed MTS, Zone 3, Custom 8 or non-operator assisted Pacific Bell calling card usage billed.

D. REGULATIONS

1. VPP plans contained herein are not available on residence exchange lines or on Centrex dormitory lines.
2. The discounted rates are provided to the Utility's customer only and shall not be used for any purpose for which a payment or other compensation shall be received by the customer from any other person, firm or corporation for such use.
3. Person, collect, conference, third number billed toll station, or any other calls requiring operator handling (including operator handled calling card calls), are not included and will be billed at the regular message toll rates applicable. Only California intraLATA calls are included.
4. These discounts are applicable to VPP plans only and do not apply to any other Utility offered plans.
5. VPP is only available on BTNs billed to the customer of record.
6. Customers may select Options 1 or 3 per VPP group plan as illustrated in F.1. following.
7. Zone 1, Zone 2, and Extended Area Service (EAS) calls are not subject to the VPP plans. All Pacific Bell intraLATA calling card calls are included.
8. One month minimum billing as set forth in Schedule Cal.P.U.C. No. A2.1, Rule No. 9, is required when subscribing to any VPP plan.
9. VPP is not available on WATS or Private Line Service.
10. Each individual call is rated on the basis of one second increment with a minimum of 18 seconds per message.
11. VPP calling card rates do not apply to calls placed on calling cards other than Pacific Bell calling cards.

6.5.4 VALUE PROMISESM PLUS - OPTIONS 1 & 3 (Cont'd)

G. VALUE PROMISESM (VPP) TERM DISCOUNT

Value PromiseSM Plus (VPP) Term Discount allows VPP customers to subscribe to a discount plan which provides a discount on charges for directly dialed MTS, Zone 3, Custom 8 and Pacific Bell calling card (including calling card service charges and pay station service charges if any) usage for a fixed term in 12, 18 or 24 month increments.

1. The discounts will be effective when Pacific Bell completes the processing of the service order.
2. A minimum monthly usage charge of \$100.00 for directly dialed MTS, Zone 3, Custom 8 and Pacific Bell calling card usage shall apply as illustrated in G.9. following.
3. The applicable discount will apply against the actual usage billed and to the difference between the actual billed and the required minimum monthly usage, as illustrated in G.9. following.
4. A customer may cancel the current VPP term agreement without termination charges (as shown in G.9.a following, times the months remaining in the term agreement) provided the customer establishes a new term agreement from one of the following replacement term agreements for an equal or greater length of time than the current VPP term agreement:

VPP (12, 18 or 24 months), Flat Rate Plus (12 or 24 months), Flat Rate Pro (12 or 24 months, or 96A Contract (minimum 12 months). All new term agreements begin from the date of the new agreement, and no credit shall be given for the term of the original agreement. (D)
5. A customer may terminate an agreement by paying Pacific Bell a termination charge (as shown in G. 9. a. following) times the number of months remaining in the term agreement.
6. Minimum usage is determined by the amount of directly dialed MTS, Zone 3, Pacific Bell calling card calls without operator assistance, Custom 8 inbound calls.
7. If a customer subscribes to a term agreement, the discounts as shown in G.9. following apply in lieu of Options 1 or 3 in F.1. preceding.
8. VPP Term Discounts do not apply to each BTN, they apply to all BTNs aggregated at the customer level.

6.5.5 FLAT RATE PLUS FOR BUSINESS (FLAT RATE PLUS)

A. DESCRIPTION

Flat Rate Plus For Business (Flat Rate Plus) is a postalized rate calling plan with associated blocks of time for the business customer. Rate Plus provides customers a predictable rate on directly dialed intraLATA calls and CUSTOM 8¹ incoming calls, includes four Custom Calling Features (Caller ID, Three Way Calling, Call Forwarding and Remote Access to Call Forwarding)² and reduced Custom 8¹ monthly recurring charge. (T)

Flat Rate Plus allows customers to select either Option 1 or Option 2 for business usage: (T)

Option 1: For no monthly fee, customers will make calls at \$.11 per minute, regardless of time of day or distance. This option requires a monthly usage minimum of \$50 per plan. If the customer's undiscounted usage is less than \$50, the billing system will automatically charge the required minimum of \$50.

Option 2: For a monthly fee, the customer receives a predetermined call allowance. For all calls over the predetermined call allowance, each additional minute will be rated at a postalized rate as determined by the customer's monthly fee schedule.

Flat Rate Plus will provide customers with a single, consolidated account for all Billed Telephone Numbers (BTNs) in the Flat Rate Plus Group Plan.

NOTE 1: Category III Service. See Schedule Cal.P.U.C. No. D8.

NOTE 2: Category II Service. See Schedule Cal.P.U.C. No. A5.

B. REGULATIONS

1. Flat Rate Plus plans contained herein, are not available on residence exchange lines or on Centrex dormitory lines.
2. The plan rates are provided to the Utility's customer only and shall not be used for any purpose for which a payment or other compensation shall be received by the customer from any other person, firm, or corporation for such use.
3. Person to person, collect, conference, third number billed toll station, or any other calls requiring operator handling (including operator handled calling card calls), are not included and will be billed at the regular message toll rates applicable. Only California intraLATA calls are included.
4. These rates are applicable to Flat Rate Plus plans only and do not apply to any other Utility offered plans.
5. Flat Rate Plus is only available on BTNs billed to the customer of record.
6. Customers may select Option 1 or Option 2 per Flat Rate Plus Plan.
7. Flat Rate Plus is not available on Basic 8, Easy 8, 900, 976, or Private Line Services.
8. Each individual call is rated on the basis of one second increments with an eighteen second minimum, except 0 - 12 mile direct dialed calls which are billed in one minute increments.
9. Customer's subscribing to another Value Promise plan or Custom 8 BAGs are ineligible for Flat Rate Plus.

B. REGULATIONS (Cont'd)

10. Calls made over the allocated calling period will be rated at the postalized rate determined by the customer's monthly fee schedule.
11. Eligible calls for Flat Rate Plus must be within the Pacific Bell Service Area.
12. Calls will be rated without sensitivity to time of day or distance.
13. Direct dialed calls within 0 - 12 miles will count first toward the allocated minutes of use.
14. Customers must commit to a 12 or 24-month term commitment.
15. The 12 or 24-month term commitment remains in force when the account(s) are moved, superseded, billing name changed, or billing number(s) changed. The new customer must agree to maintain the remainder of the current term or the outgoing customer will be charged the termination penalty.
16. If the customer discontinues service prior to the end of the term agreement, the customer will pay Pacific Bell their current monthly fee times the number of months remaining on the term agreement.
17. Customers may make changes between monthly fees and the call allowance for the same term commitment throughout the length of the term agreement.
18. Customers may switch to another Pacific Bell Value Promise term calling plan, with no early termination penalty, as long as the new term agreement is for the same term commitment, i.e. 12 or 24 months or greater and the customer agrees to the terms and conditions of the applicable tariff.
19. Customers must maintain all of their BTNs in the Flat Rate Plus calling plan to remain in compliance with the tariff.

B. REGULATIONS (Cont'd)

- 20. All eligible BTNs and their associated usage will be combined on a single Summary Billing Arrangement bill. There is no Summary Billing Arrangement charge for BTNs in the Flat Rate Plus plan.
- 21. All other applicable regulations, rates and charges for Custom 8 service will apply. (See Schedule Cal.P.U.C. No. A7.) Participants in the Flat Rate Plus Plan will also receive a \$10 credit applied to their monthly recurring charge.
- 22. Term commitments will automatically be renewed at the end of the customer current commitment. Customers will have a 30-day grace period after the new term begins to cancel the new term without incurring any penalties. (T)
- 23. Customers will be notified 30 days prior to the term expiration date that their term agreement will automatically be renewed unless Pacific Bell is notified by the customer. (T)
- 24. Option 1 requires a monthly usage minimum of \$50.00 per plan. If the customer's undiscounted usage is less than \$50.00, the billing system will automatically charge the required \$50.00 minimum. (T)
- 25. An early termination fee will be assessed if the customer terminates the plan before the expiration date. (T)
- 26. The rates and applicable charges reflected may be increased (not to exceed the ceiling on file with the Commission) by the Utility upon at least 30 days prior notice to the CPUC and affected customers, or decreased (not below the floor on file with the Commission) by the Utility upon at least 5 days prior notice to the CPUC and affected customers.

4000 minutes	2 year	\$136.79	\$.0342	\$.036	\$.0108	\$.0006

For all calls over the predetermined allocated time allowance, each
 additional minute will be rated at a postalized rate as determined by the
 customer's fee schedule.

Maximum Rates

This service combines Category II and Category III Services. Pricing
 flexibility associated with Category II services will apply. No maximum
 rates exist at this time.

NOTE 2: Requires a \$50 monthly usage minimum.

B. REGULATIONS

1. The rules and regulations in this section are in addition to the rules and regulations set forth in Schedule Cal.P.U.C. Nos. A2, A5, A7, A9, D2, D6.3 and 175-T.
2. Pricing flexibility associated with Category II will apply for Access Advantage Plus Packages which combines both Category II and Category III services. (T) (T)
3. Access Advantage Plus Packages options and services are only available where facilities and/or operating conditions permit as determined by the Utility. Where facilities and/or operating conditions do not permit, Special Construction as set forth in Schedule Cal. P.U.C. A2.1.3 shall apply.
4. Access Advantage Plus Packages is only offered on a 24 month or 36 month term commitment. (T)
5. Customers who select a 24 month term will pay the full price for installation of the Access Advantage Plus Packages and for any additional services (from the Menu Of Add-On Options as set forth in A preceding). Additionally they must pay installation charges for all additional services added during the 24 month term. (T)
6. Customers who select a 36 month term will have their installations charges waived for the Access Advantage Plus Packages package and for any additional services (from the Menu Of Add on option as set forth in A. preceding) added initially or during the term commitment. Service rearrangement charges however, will not be waived. (T)
7. Caller ID, Custom 8, and Hunting are included in Access Advantage Plus Packages. Customers who elect not to have these features will not receive a discount. (T) (T)

B. REGULATIONS (Cont'd)

8. Person to person, collect, conference, third number billed toll station, or any other calls requiring operator handling (including operator handled calling card calls), are not included and will be billed at the applicable message toll rates. Only California Direct Dialed IntraLATA calls originating and terminating within Pacific Bell Service Area are included.

9. Three months prior to the end of the term, a letter will automatically be generated to alert the customer they are nearing the end of their term. At that time, the customer must select an option of either rolling over to another term of the same length or choose the alternate term. If the customer takes no action the current term will be automatically renewed for the same length. Customers will have a 60-day grace period after the new term begins to cancel the new term without incurring any penalties.

10. If the customer elects to renew their term or is automatically renewed, the customer will receive a Loyalty Bonus credit after 60 days after the end of the grace period as set forth in B.9. preceding.

11. At the expiration of the current term if the customer elects to renew their 24 month term or migrate from a 36 month term to a 24 month term they will receive a Loyalty Bonus credit of \$500. Customers who renew their 36 month term or migrate from a 24 month term to a 36 month term will receive a loyalty bonus credit of \$1,000. Renewal will be at the current tariffed rate.

12. If the tariffed rates for Access Advantage Plus Packages or the Access Advantage Plus Packages options and connecting services decrease during the term the customer will automatically receive the lower tariffed rate. If the rates increase, the current rates will be grandfathered for the duration of the term.

(T)

(T)

13. Installation charges may be waived if a Access Advantage Plus Packages customer moves from one location to another location. In order to receive the waiver of installation charges, the customer must commit to a new 36 month term at the current rate. The new 36 month term starts when the service order for the change of address is completed. If the customer does not commit to a new 36 month term, they may elect to pay installation charges for their move and maintain the Access Advantage Plus Packages service for the remainder of the initial term. The customer must remain a retail Pacific Bell customer and the new location must be within Pacific Bell's serving area where Access Advantage Plus Packages is technologically available.

C. EARLY TERMINATION FEE

For term pricing plans discontinued prior to the end of their payment plan period, a Termination Fee will apply as follows:

1. The term commitment remains in force when the account(s) are moved, superseded, billing name changed, or billing number(s) change. The new customer must agree to maintain the remainder of the current term or the outgoing customer will be charged the early termination fee.
2. Customers may not switch to another Pacific Bell Value Promise term calling plan or G.O. 96-A Contract. If a customer chooses to switch to a different plan they will be subject to the early termination fee.
- 3a. With Access Advantage Plus Packages Usage Plan 1 the customers are required to bill a combined average of at least 1,000 MOU of IntraLATA Toll and/or Direct Dialed Calling Card and/or Custom 8 minutes per month over the most recent three months to remain on the Access Advantage Plus Packages Plan. If the customer bills less than the required 1,000 MOU per month as stated above, the plan will be terminated and early termination fees will apply. (T)
- 3b. With Access Advantage Plus Packages Usage Plan 2 the customer will be billed a minimum of \$80.00 per month for IntraLATA Toll and/or Direct Dialed Calling Card and/or Custom 8. This minimum charge is in lieu of the required level of MOU per month specified in 3a above for Usage Plan 1. (N)
|
(N)
4. If the customer receives a Loyalty Bonus and terminates their service prior to the end of the subsequent term commitment, they will be billed the full amount of the Loyalty Bonus received associated with the current term.
5. The customer has the option at any time to change their current term to a longer term (24 months to 36 months) without any early termination fees applicable to the current term plan and without new non-recurring charges applicable to the new longer term. In addition, the new term the customer chooses begins on the service order completion date and is treated as a new term plan period.

D. ACCESS ADVANTAGE PLUS PACKAGES USAGE PLAN

Basic Description

The Access Advantage Plus Packages Usage Plan consists of Local, ZUM Zone 3, IntraLATA Toll, Direct Dialed Calling Card and Custom 8 usage. (T)

1. Local usage will be timed in full minute increments. ZUM Zone 3, IntraLATA Toll and Direct Dialed Calling Card usage will be timed in 1 second increments with a minimum of 18 seconds per message. Custom 8 usage will be billed in 1/1,000 of an hour increments.

2. Customers who bill over 7,000 MOU monthly including at least 1,000 MOU of combined IntraLATA Toll, and/or Direct Dialed Calling Card and/or Custom 8 will receive a per minute credit for a maximum of 500 minutes depending on actual use. Credit will be applied in arrears.

3. If, in any month, the customer's usage exceeds 1,000 MOU of IntraLATA Toll and/or Direct Dialed Calling Card, an additional 15% discount off the tariffed rate will be automatically applied on that months bill.

4. If, in any month, the customer's usage exceeds 1,000 MOU of Custom 8, an additional 15% discount off the tariff rate will be automatically applied on that months bill.

5. If a customer has more lines or trunks than are included in their Access Advantage Plus Package option (up to 24 channels) on the same Access Advantage Plus Transport, their usage may also be counted towards the 7,000 MOU threshold, as well as the 1,000 MOU threshold as described in D2 preceding. (T)
(T)

6. Any calling card service charges will be billed at prevailing tariff rates.

7. Access Advantage Plus Package Usage cannot be included in any other Pacific Bell calling plan or G.O. 96A Contract and other Pacific Bell calling plans cannot be included as part of the Access Advantage Plus Packages options. (T)

6.5 VALUE PROMISESM (Cont'd)

6.5.12 VALUE PROMISESM PLUS - OPTIONS 2 & 4

A. APPLICABILITY

Except as otherwise provided in this tariff, Value PromiseSM Plus (VPP) applies to all directly dialed Message Telecommunications Service¹ (MTS) furnished or made available by the utility over facilities wholly within a Service Area.

B. TERRITORY

All MTS between two points wholly within a Service Area where the respective rate center of such points are also located wholly within said Service Area as defined in the Schedule Cal.P.U.C. tariffs.

C. DESCRIPTION

1. Customers may receive a discount on intraLATA directly dialed usage charges, non-operator assisted Pacific Bell calling card usage (including calling card service charges and pay station service charges, if any), Zone 3 or Pacific Bell Custom 8 inbound calls.
2. Applicable Pacific Bell calling card charges to points wholly within a Service Area will be applied under the rate specified and illustrated in F.1. following.
3. VPP allows customers to select Options 2 or 4, and pay an hourly rate for directly dialed MTS calls or Pacific Bell calling card calls. On options 2 & 4, customers receive a hourly rate for Custom 8 inbound calls. These options are illustrated in F.1. following.
4. VPP will provide customers with a single, consolidated account for all Billed Telephone Numbers (BTNs) for a Monthly Fee.
5. The applicable discount rate, as illustrated in F.1., is dependent on the total amount of monthly directly dialed MTS, Zone 3, Custom 8 or non-operator assisted Pacific Bell calling card usage billed.

D. REGULATIONS

1. VPP plans contained herein, are not available on residence exchange lines or on Centrex dormitory lines.
2. The discounted rates are provided to the Utility/s customer only and shall not be used for any purpose for which a payment or other compensation shall be received by the customer from any other person, firm or corporation for such use.
3. Person, collect, conference, third number billed toll station, or any other calls requiring operator handling (including operator handled calling card calls), are not included and will be billed at the regular message toll rates applicable. Only California intraLATA calls are included.
4. These discounts are applicable to VPP plans only and do not apply to any other Utility offered plans.
5. VPP is only available on BTNs billed to the customer of record.
6. Customers may select Options 2, or 4 per VPP group plan as illustrated in F.1. following.
7. Zone 1, Zone 2, and Extended Area Service (EAS) calls are not subject to the VPP plans. All Pacific Bell intraLATA calling card calls are included.
8. One month minimum billing as set forth in Schedule Cal. P.U.C. No. A2.1, Rule No. 9, is required when subscribing to any VPP plan.
9. VPP is not available on WATS or Private Line Service.
10. Each individual call is rated on the basis of one second increment with a minimum of 18 seconds per message.
11. VPP calling card rates do not apply to calls placed on calling cards other than Pacific Bell calling cards.

G. VALUE PROMISESM (VPP) TERM DISCOUNT

Value PromiseSM Plus (VPP) Term Discount allows VPP customers to subscribe to a discount plan which provides a discount on charges for directly dialed MTS, Zone 3, Custom 8 and Pacific Bell calling card (including calling card service charges and pay station service charges if any) usage for a fixed term in 12, 18 or 24 month increments.

1. The discounts will be effective when Pacific Bell completes the processing of the service order.
2. A minimum monthly usage charge of \$100.00 for directly dialed MTS, Zone 3, Custom 8 and Pacific Bell calling card usage shall apply as illustrated in G.9. following.
3. The applicable discount will apply against the actual usage billed and to the difference between the actual billed and the required minimum monthly usage, as illustrated in G.9. following.
4. A CLEC Reseller may cancel the current VPP term agreement without termination charges (as shown in G.9.a following, times the months remaining in the term agreement) provided the CLEC Reseller establishes a new term agreement from one of the following replacement term agreements for an equal or greater length of time than the current VPP term agreement:

VPP (12, 18 or 24 months), Access Advantage (36 months), Flat Rate Plus (12 or 24 months), Flat Rate Pro (12 or 24 months, or 96A Contract (minimum 12 months). All new term agreements begin from the date of the new agreement, and no credit shall be given for the term of the original agreement.
5. A customer may terminate an agreement by paying Pacific Bell a termination charge (as shown in G. 9. a. and b. following) times the number of months remaining in the term agreement.
6. Minimum usage is determined by the amount of directly dialed MTS, Zone 3, Pacific Bell calling card calls without operator assistance, Custom 8 inbound calls.
7. If a customer subscribes to a term agreement, the discounts as shown in G.9. following apply in lieu of Options 2, or 4 in F.1. preceding.
8. VPP Term Discounts do not apply to each BTN, they apply to all BTNs aggregated at the customer level.

6.5.13 FLAT RATE PRO FOR BUSINESS - OPTION 1 (FLAT RATE PRO 1) (Cont'd)

B. REGULATIONS (Cont'd)

9. Eligible calls for Flat Rate Pro 1 must be within the Pacific Bell Service Area.

10. Calls will be rated without sensitivity to time of day or distance.

11. Customers must commit to a 12 or 24-month commitment in writing.

12. The 12 or 24-month commitment remains in force when the account(s) are moved, superseded, billing name changed, or billing number(s) changed. The new customer must agree to maintain the remainder of the current term or the outgoing customer will be charged the termination charge.

13. If the customer discontinues service prior to the end of the term agreement, the customer will pay Pacific Bell 83% of their current monthly fee times the number of months remaining on the term agreement.

14. Customer must maintain all of their BTNs in the Flat Rate Pro 1 calling plan to remain in compliance with the tariff.

15. The Custom 8 installation charge and monthly recurring charges will be waived for Flat Rate Pro 1 customers. All other applicable regulations, rates and charges for Custom 8 service will apply. (See Schedule Cal.P.U.C. No. A7.) If the customer discontinues service prior to the end of the agreement, the customer will pay Pacific Bell the amount of the waived charges, i.e., installation charges and the monthly recurring charges.

16. Term commitments will automatically be renewed at the end of the customers current commitment. Customers will have a 30-day grace period after the new term begins to cancel the new term without incurring any penalties.

17. Customers will be notified 30 days prior to the term expiration date that their term agreement will automatically be renewed with the same minimum monthly usage commitment and for the same term commitment unless Pacific Bell is notified by the customer.

B. REGULATIONS

1. Flat Rate Pro for Business - Option 2 is not available on residence exchange lines or on Centrex dormitory lines.
2. Flat Rate Pro for Business - Option 2 rates are provided to the Utility's customer only and shall not be used for any purpose for which a payment or other compensation shall be received by the customer from any other person, firm, or corporation for such use.
3. Person to person, collect, conference, third number billed toll station, or any other calls requiring operator handling (including operator handled calling card calls), are not included and will be billed at the regular message toll rates applicable. Only California intraLATA calls are included.
4. These rates are applicable to Flat Rate Pro for Business - Option 2 only and do not apply to any other Utility offered plans.
5. Flat Rate Pro for Business - Option 2 is only available on billing telephone numbers (BTNs) billed to the customer of record.
6. Flat Rate Pro for Business - Option 2 is not available on Basic 8, Easy 8, 900, 976, or Private Line Services.
7. The customer will receive one second billing with an eighteen second minimum on all Zone 3, Local Toll and Pacific Bell intraLATA calling card calls. Custom 8 usage will be billed in 1/1,000 of an hour increments with no minimum.
8. A termination charge will apply when a customer chooses to cancel their Flat Rate Pro Option - 2 calling plan prior to the termination date.

B. REGULATIONS (Cont'd)

9. Eligible calls for Flat Rate Pro 2 must be within the Pacific Bell Service Area.
10. Calls will be rated without sensitivity to time of day.
11. Customers must commit to a 12 or 24-month commitment in writing.
12. The 12 or 24-month commitment remains in force when the account(s) are moved, superseded, billing name changed, or billing number(s) changed. The new customer must agree to maintain the remainder of the current term or the outgoing customer will be charged the termination charge.
13. If the customer discontinues service prior to the end of the term agreement, the customer will pay Pacific Bell 83% of their current monthly fee times the number of months remaining on the term agreement.
14. Customer must maintain all of their BTNs in the Flat Rate Pro 2 calling plan to remain in compliance with the tariff.
15. The Custom 8 installation charge and monthly recurring charges will be waived for Flat Rate Pro 2 customers. All other applicable regulations, rates and charges for Custom 8 service will apply. (See Schedule Cal.P.U.C. No. A7.) If the customer discontinues service prior to the end of the agreement, the customer will pay Pacific Bell the amount of the waived charges, i.e., installation charges and monthly recurring charges.
16. Term commitments will automatically be renewed at the end of the customers current commitment. Customers will have a 30-day grace period after the new term begins to cancel the new term without incurring any penalties.
17. Customers will be notified 30 days prior to the term expiration date that their term agreement will automatically be renewed with the same minimum monthly usage commitment and for the same term commitment unless Pacific Bell is notified by the customer.

6.5.15 COMPLETELINK BASICSM

A. DESCRIPTION

CompleteLink BasicSM is an optional calling plan that provides business customers with one flat rate per minute to call anywhere within a LATA for toll, the same rate for toll-free and non-operator assisted Calling Card usage. Customers will receive a different flat rate per minute for Zone 3 usage. Rates are based on customer-designated minimum annual revenue commitment (MARC) levels.

B. REGULATIONS

1. CompleteLink BasicSM is available only on Business Service where the Utility also provides all local toll and local usage services.
2. A customer may subscribe to only one CompleteLink BasicSM plan at a time.
3. CompleteLink BasicSM is limited to a maximum of 250 statewide billing telephone numbers (BTNs) billed to the customer of record under a aggregated billing arrangement with a maximum of one consolidated bill.
4. Customers with Custom 8 service that terminate on a business access line will receive a waiver on the monthly recurring rate for Custom 8 on a Regular Business Line, as described in Schedule CAL.P.U.C. No. D8, 8.3.1(C)2(a).
5. CompleteLink BasicSM is not available with any other toll optional calling plan. Customers may move from an existing Pacific Bell optional calling plan (e.g. Value Promise Plus, Advantage 5, 10 or 25 or Flat Rate Pro) to CompleteLink BasicSM without being assessed early termination charges for leaving those plans. B. REGULATIONS (Cont'd)

6. CompleteLink BasicSM is only available under a 2 year term commitment. Customers must commit to one of the MARC levels. A customer may increase the MARC level at anytime, without early termination charges, which will start a new 2 year term commitment. A decrease of the MARC level during commitment period is deemed to be a termination of the service and the customer must pay early termination charges as described in (C) below.
7. The customer must meet or exceed its MARC at the end of the 12th and 24th month of the term plan. If the customer fails to meet or exceed its MARC in either year, the customer will be billed an Under Utilization Charge which is the difference between the MARC and total billed revenue for all regulated services the Utility provides to the customer, excluding taxes and surcharges.
8. If the customer decides to discontinue using the plan, customers will be obligated to pay early termination charges as described in (C) below.
9. Customers will be notified at least 30 days prior to the term expiration date. If a customer does not commit to a new term plan by the last date of the existing term plan, the customer's CompleteLink BasicSM service will end and the customer's service will revert to the non-discounted tariffed rates for the services included in CompleteLink BasicSM service.
10. The minimum annual revenue commitment (MARC) level is based on revenue from the Utility's regulated service only. Revenue from services offered by the Utility's affiliates (e.g., The Message Center currently offered by Pacific Bell Information Services; Frame Relay, ATM Cell Relay or DSL service currently offered by SBC Advanced Solutions Inc.; Internet Access currently offered by Pacific Bell Internet; or wireless phone service currently offered by Cingular) are not included in the MARC.

C. TERMINATION LIABILITY

CompleteLink BasicSM is provided only as a 2 year term commitment plan.

If the customer decides to discontinue using the plan, customers will be obligated to pay termination charges. Termination charges will be equal to 50% of the MARC multiplied by the number of years remaining in the customer's term period. For a partial year, if the partial year revenue is less than the MARC, the customer is liable for 50% of the difference between the MARC and the actual billed revenue.

EXAMPLE: if a customer signed a \$5,000 MARC agreement and were to leave in the 9th month of their contract and had total billed revenue of \$3,000 they would be responsible 50% of the remaining MARC for that year and 50% of the total MARC for the 2nd year. The calculation is as follows:
 $(50\% * (\$5,000 - \$3,000)) + (50\% * \$5,000)$ or a total of \$3,500.

Termination liability charges are not applicable if during the CompleteLink BasicSM term period, the customer converts to another access or usage plan with a term equal to or greater than the existing CompleteLink BasicSM plan, and a revenue commitment equal to or greater than the CompleteLink BasicSM MARC.

6.5.16 COMPLETELINKSM

A. DESCRIPTION

CompleteLinkSM is a feature and usage volume discount plan that provides business customers with monthly discounts on selected eligible business services (a combination of Category II and Category III products and services as described in Schedule Cal.P.U.C. No. A6.5.16; Category III services included in this plan are also referenced in Schedule Cal.P.U.C. No. D11.3.12) based on the customer's contributory services whose revenue is counted towards the achievement of a Minimum Annual Revenue Commitment (MARC), and term length. CompleteLinkSM also provides a discounted rate on all local usage, local toll, Calling Card, Custom 8, and ZUM 3 calls based on the MARC and term agreement length, as well as product level discounts on specific non eligible services as set forth in the following Sections.

B. REGULATIONS

1. CompleteLinkSM is available only for selected business service where the Utility also provides local service, including but not limited to basic business lines, Centrex and Coin and Coinless service as described elsewhere in these schedules.
2. A customer may subscribe to only one CompleteLinkSM plan at a time.
3. CompleteLinkSM is limited to a maximum of 250 statewide Billing Telephone Numbers (BTNs) billed to the customer of record.
4. CompleteLinkSM discounts are not available on Eligible business services with existing term discount plans, or with any other discount toll optional calling plan. Customers may change from an existing Pacific Bell Telephone Company optional calling plan (e.g. Value Promise Plus, Advantage 5, 10, or 25, Flat Rate Pro or CompleteLinkSM Basic) to CompleteLinkSM without being assessed early termination charges for discontinuing those plans. (D)
5. CompleteLinkSM is offered under a one year, two year, three year, or five year term. Customers must also select one of the offered MARC levels. A customer may increase the MARC level at any time, without assessment of early termination charges. To increase a MARC, customer must also commit to a new term. A decrease of the MARC level during the term is deemed to be a termination of the service and early termination charges as described in the following Section D are applicable.

- 6. The customer must meet or exceed the selected MARC at the end of each 12-months of the term plan. If the customer fails to meet or exceed the MARC in any year of the customer's term, the customer will be billed an Under Utilization Charge which is the difference between the MARC and the actual billings for the Contributory Services, excluding taxes and surcharges.
- 7. If the customer elects to discontinue the plan, early termination charges as described in the Section D following, are applicable.
- 8. Customers will be notified prior to the term expiration date. If a customer does not commit to a new term plan by the last date of the existing term plan, the customer's CompleteLinkSM service will terminate and the customer's service will revert to the non-discounted tariffed rates for the services offered in CompleteLinkSM service.
- 9. The MARC is the minimum annual revenue commitment selected by the customer which must be satisfied each year under the elected term (based on a one, two, three or five year term commitment) to receive a volume discount. The customer's term commitment commences the day after the CompleteLinkSM service is provided by the Utility. The date provided shall be the date the service order is completed by the Utility's billing system. MARC revenue is the sum total of the customer's annual billings on all included business accounts for services specified as Contributory in the CompleteLinkSM tariff.

Revenue from the following services are not included as Contributory Services nor counted towards the achievement of the MARC:

Enhanced 9-1-1 (E9-1-1) surcharges, Handicap surcharges, California Billing Surcharges (e.g. Federal Subscriber Line Charge, Federal Universal Service Fee, State Regulatory Fee, California High Cost Fund - A (CHCF-A), California High Cost Fund - B (CHCF-B), California Teleconnect Fund Surcharge (CTF), Universal Lifeline Telephone Service Surcharge (ULTS), CA Relay Service and Communications Devices Fund, Equal Access Recovery Charge, Primary Interexchange Carrier (PIC) charges, Local Number Portability Charges). Additionally, any services provided by the Utility's affiliates (e.g. Pacific Bell Information Services, Frame Relay, Asynchronous Transfer Mode (ATM) Cell Relay, Digital Subscriber Line (DSL) Service, Internet service or wireless, Customer Owned Pay Telephones); charges for services provided by any other service provider, and billed by the Utility on behalf of that other service provider and corresponding taxes and surcharges; and any other tax or charge imposed by any local, state or federal government entity. 10. There is no non-recurring service connection charge nor set up charge to establish a customer on a CompleteLinkSM plan. Other recurring and non-recurring installation charges will apply per applicable tariff rates.
11. With the exception of Local Usage, CompleteLinkSM customers are not required to purchase any of the MARC Contributory Services. Recurring and non-recurring charges at applicable tariff rates apply to the installation and use of the Contributory Services.
12. Contributory Services shall be defined as those regulated services whose revenue is counted towards achievement of the customer's selected MARC. Services contributing toward the MARC include all SBC Pacific Bell Telephone Company regulated services only.

The following are not considered Contributory Services:

- a. Any services provided by the Utility's affiliates (e.g. Pacific Bell Information Services, Frame Relay, ATM Cell Relay, DSL service, Internet service or wireless, Customer Owned Pay Telephones)
 - b. Charges for services provided by any other service provider, and billed by the Utility on behalf of that other service provider and corresponding taxes and surcharges.
 - c. Any other tax or charge imposed by any local, state or federal government entity.
13. Interstate/IntraLATA calls do not qualify for CompleteLinkSM discounts. Pacific Bell Telephone Company reserves the right to bill the customer the tariffed, standard rates for these calls, including the ability to adjust billing or back bill to reflect the proper rate.

6.5.16 COMPLETELINKSM (Cont'd)

D. EARLY TERMINATION LIABILITY

1. CompleteLinkSM is offered under a one, two, three or five year term commitment plan and the customer must select the term. (T)
2. Within 90 days of subscribing to a CompleteLinkSM term commitment, customers may cancel this service without incurring the early termination liability charges specified in this tariff.
3. A CompleteLinkSM commitment is not transferable to, nor may it be assumed by, a customer or customers other than the customer of record without prior written consent of the Utility.
4. CompleteLinkSM commitments cannot be superseded as described in Schedule CAL.P.U.C. No. A2, 2.1.23
5. The customer's term commitment commences the day after the CompleteLinkSM service is provided by the Utility.
6. Except as provided for elsewhere in this tariff, if the customer terminates their CompleteLinkSM agreement prior to the expiration of their term, early termination charges apply. Termination charges will be equal to 50% of the MARC multiplied by the number of years remaining in the customer's term period. For a partial year, if the partial year revenue is less than the MARC, the customer is liable for 50% of the difference between the MARC and the actual billed revenue.

EXAMPLE: if a customer signed a \$3,000 MARC agreement and a three year term commitment and were to leave in the 20th month of their three year term commitment and had a total billed revenue of \$2,000 in their second year, they would be responsible for 50% of the remaining MARC for that year and 50% of the total MARC for the third year of the term commitment plan. The calculation is as follows: $(50\% * (\$3,000 - \$2,000)) + (50\% * \$3,000)$ or a total of \$2,000.
7. Termination liability charges are not applicable if during the CompleteLinkSM term commitment the customer converts to another access and usage plan with a term equal to or greater than the existing CompleteLinkSM plan, and a revenue commitment equal to or greater than the CompleteLinkSM MARC.

8. Termination liability charges will not apply if: (N)

a. during the term of the CompleteLink agreement the Customer disconnects one or more of the services which are specified under Column A below, and those services are contributory to their CompleteLink MARC and replaces the service(s) with the SBC service specified on the same line in Column B, and as a direct result of that replacement the Customer's annual spending on those services is reduced (comparing customer's current spending on the removed services and the anticipated customer spending for the replacement services), and that reduction results in a 50% or greater difference between the customer's current MARC and the next lower MARC

b. at the Customer's option and request, the Customer may terminate the existing CompleteLink agreement without termination liability provided:

- (1) the Customer enters into a new CompleteLink service agreement for a term period which is equal to or greater than the time remaining on their current agreement, and
- (2) the MARC on the new agreement is the next lower MARC.
- (3) This waiver of charges as a result of replacing Column A contributory services with the associated Column B contributory service will be allowed only once per customer, per agreement term.
- (4) CompleteLink \$700 MARC service agreements are specifically not eligible.

c. For purposes of the waiver, "as a direct result" means:

- (1) that the newly installed product(s) must be installed at the same customer service location(s) and
- (2) in the same relative quantity (ies) as those being displaced
- (3) it is at SBC's sole determination whether a product change satisfies the requirements for waiver of the termination liability under this provision.

8. Termination liability charges will not apply if: (Cont'd)

(N)

d. The following is stated as a matter of convenience and not intended to imply that the list above is not inclusive. In no event will a product change from Centrex (any type) to PBX or ISDN PRI satisfy the conditions required for termination without liability under this provision.

e. This waiver only applies to the termination charge applicable to the CompleteLink agreement:

(1) Termination charges may apply on those services being disconnected, and the application of the termination charges is not affected by this waiver.

(2) All applicable recurring and non-recurring charges apply to the installation and removal of services.

(3) Products and services are subscribed to separately and not as a part of the CompleteLink subscription.

f. As a result of selecting a reduced MARC level, discounts provided under the new CompleteLink agreement may be less than those received under the higher MARC agreement (discounts for the new agreement will be those applicable to the new MARC level under the CompleteLink tariff in effect at the time the new contract is executed.) 90-day cancellation period does not apply to the new agreement.

Example: Customer has a CompleteLink \$25,000 MARC, 3-year agreement, with 18 months remaining. MARC attainment in current year is 60%. A customer replaces its Analog Trunks to ISDN PRI, which would result in an annual spending reduction of \$4,000 from what was spent for the Analog Trunks. At the time of the new contract, the CompleteLink tariff reflects the next lower MARC to be \$18,000, so the customer may terminate its \$25,000 MARC agreement without liability if it enters into a new 2-year (24 month) CompleteLink agreement at the \$18,000 MARC. The applicable discount will be that available with the \$18,000 commitment level.

E. RATES AND CHARGES

1. Retention, Save and Winback Discount Schedules¹:

- a. Retention rates apply to all eligible new or existing customers.
- b. Save rates apply to all customers who have received a written competitive offer/proposal (i.e. a competitive bill or competitive proposal on a legitimate competitor's letterhead) dated within the past three months and are considering discontinuing their business with the Utility for the purpose of establishing service with another Competitive Local Exchange Carrier operating within the Utility's territory but choose to remain with the Utility.
- c. Winback rates apply to all customers who have discontinued their business with the Utility for the purpose of establishing service with a Competitive Local Exchange Carrier and operating within the Utility's territory who now wish to return to the Utility.
- d. Upon termination of a Save or Winback commitment term period, the customer's service will revert to the non-discounted tariffed rates for the services offered in CompleteLinkSM unless the customer commits to a new term plan under standard eligibility rules prior to the last date of the existing term plan.

C. REGULATIONS

1. Person, collect, conference, third number billed, calling card, toll stations or any other calls requiring operator handling except as specified in 15.b, following, are not included and will be billed at the regular toll or ZUM rate schedule applicable to the type of call.
2. These rates are applicable to the Local Usage Optional Calling plans only and do not apply to any other Utility offered plans.
3. Local Usage Optional Calling plans are only available on BTNs billed to the customer of record.
4. Local Usage Optional Calling plans are not available on Basic 8, Easy 8, 900, 976, or Private Line Services.
5. Customers subscribing to another Optional Calling Plan that includes any Zone 1, 2 or 3 exchanges are ineligible for a Local Usage Optional Calling Plan.
6. Local Usage Optional Calling Plans may not be furnished to any individual business access line measured rate service (except Remote Call Forwarding Service as specified in Schedule Cal.P.U.C. No. A5.4.4) that is interconnected, physically, acoustically or by any other means to any other line, facilities or service at the customer's premises to extend a two-point connection beyond the originating station and called station location.
7. The premises of a customer is that shown in Schedule Cal.P.U.C. No. A2.1, Premises. In the event the premises is located in more than one exchange, the premises will be considered as in the exchange in which the primary service is located.

C. REGULATIONS (Cont'd)

9. Local Usage Optional Calling Plan is limited to one plan per business account or Billing Telephone Number (BTN). The Service Area subscribed to by the customer must be the Service Area in which their individual business access line service is served from.

10. Local Usage Optional Calling Plans are bill-round sensitive, i.e. regardless of the day of the month the customer adds (or removes) a Local Usage Optional Calling Plan, it will begin (or end) at the commencement of next billing cycle. The monthly rate will be applied in advance of the usage minutes, and the minutes will be applied to the block of time at the end of the billing cycle and appear on the customer's next bill.

11. If a customer subscribes to a Local Usage Optional Calling Plan and they disconnect that BTN, the calling plan fee and block of time minutes will be prorated to the date of termination.

12. Local Usage Optional Calling Plans cannot be added to foreign exchange service.

13. Toll restricted access lines will not be eligible for Local Usage Optional Calling Plans.

14. The minutes in the Local Usage Optional Calling block of time will be applied first to all Zone 1 and 2 call minutes billed to the individual business access line. After all Zone 1 and 2 calls are applied to the block of time, remaining block of time minutes will then be applied to any Zone 3 calls billed against the account. Once all the minutes in the block of time are applied, any remaining Zone 1, 2 or 3 calls left on the account will be billed at a special per minute "out of block" rate.

6.5.19 THE BIG EASY PLAN

A. DESCRIPTION

The Big Easy Plan (Big Easy) is a business package that includes unlimited local calling and series completion hunting. Unlimited local calling provides unlimited directly dialed communications to Zone Usage Measurement (ZUM) Zones 1, 2 and 3 and non-ZUM (local) exchanges. ZUM and Hunting are defined in Schedule Cal.P.U.C. No. A5.2.1,B.

The Big Easy is available to business customers with individual measured rate business access line service (access line), described in Schedule Cal.P.U.C. No. A5.2.1,B under Measured Rate Service, who enter into a three-year written term agreement (contract) to maintain a minimum number of access lines state-wide and a minimum number of access lines per customer location¹.

The Big Easy will provide a fixed monthly rate for each access line equipped with the package. The rate will be dependent upon the minimum number of access lines committed to in the state and the minimum number of access lines committed to per location. There will also be a maximum number of lines per location. The customer has a choice of a minimum of either 700 access lines (Option A) or 50 access lines (Option B) as the state-wide minimum and a choice of 2 or 4 lines minimum per location. The minimum number of access lines per location is the same for all customer locations in the state. The maximum number of access lines per location is 20 (with a minimum state-wide commitment of 50 lines) or 40 (with a minimum state-wide commitment of 700 lines).

NOTE 1: Location will be considered synonymous with Premises, as defined in Schedule Cal.P.U.C. No. A2.1, Definition of Terms.

6.5.19 THE BIG EASY PLAN (Cont'd)

B. REGULATIONS

1. Additional access lines (lines) and billing telephone numbers may be added to the contract during the contract term. New lines and billing telephone numbers will be counted towards the state-wide minimum access line requirements.
2. In any given month, if the total number of access lines in the state falls below the selected state-wide minimum, a debit adjustment of \$10.00 (ten dollars) per line for each line below the minimum, will be applied to the customer's designated master billing telephone number.
3. A minimum average of 2 lines per location must be maintained. Where the customer commits to a minimum of 4 lines per location, an annual line size assessment will be performed by the Utility. Using the past 12 months of line size data, if the average number of lines per location falls below 4 lines, the customer will be converted to the 2 line minimum pricing schedule. If the customer falls below an average of 2 lines per location, the contract will be voided and the customer will go to standard tariff pricing¹. Termination charges will not apply.
4. The customer may move or disconnect entire locations without incurring termination charges as long as the minimum number of lines in the state is maintained.
5. Upon expiration of the service agreement, the service will be automatically billed at the standard tariff rates¹ in effect at the time the service agreement expires, (as set forth in Schedule Cal.P.U.C. No. A5.2.1,B.) unless a new service agreement is negotiated prior to the expiration of the original agreement.
6. Customers not subscribing to eligible classes of service (per Schedule Cal.P.U.C. No. A5.2.1,B.) who wish to add The Big Easy Plan will need to first convert to the eligible class of service before subscribing to The Big Easy. Any charges to make the necessary changes will be billed in accordance with the tariff rates for such changes.
7. Call detail will not be provided to the customer on Zone 1 and Zone 2 calls.
8. The Big Easy Plan may not be furnished to any individual business access line measured rate service that is interconnected physically, acoustically or by any other means to any other line, facility or service at the customer's premises to extend a two-point connection beyond the originating station and the called station location.
9. The premises of a customer is that shown in Schedule Cal.P.U.C. No. A2.1, Premises. In the event the premises is located in more than one exchange, the premises will be considered as in the exchange in which the primary service is located.

C. LIMITATIONS

1. Toll restricted access lines are not eligible for Big Easy.
2. Big Easy is not available on Toll Free, 900, 976 or private line services.
3. Customers subscribing to another local usage optional calling plans or service that includes Zones 1, 2 and 3 or local calls are ineligible for The Big Easy.

D. TERMINATION LIABILITY

Customers requesting the termination of a service agreement prior to the expiration date of the term will be assessed termination charges equal to 50% of the monthly payments remaining on the term period for each business access line committed. Payment of the termination charges does not release the customer from other amounts previously or currently owed to the Utility.

Exception:

Termination liability will not apply if a customer upgrades to another service provided by the Utility under a service agreement that meets the following requirements:

- The term period is equal to or greater than the term period remaining on the service agreement being terminated, and
- The volume commitment [minimum line volume state-wide (50 or 700 lines)] is equal to or greater than the minimum line commitment of the service agreement being terminated.
