B. SERVICE DATE CHANGE CHARGE

Access Advantage Plus order dates for the installation of new services or migration of existing services may be changed, but the new service date may not exceed the original service date by more than 30 calendar days. When, for any reason, the customer indicates that service cannot be accepted for a period not to exceed 30 calendar days, and the Utility accordingly delays the start of service, a Service Date Change Charge will apply. If the customer requested service date is more that 30 calendar days after the original service date, the order will be cancelled by the Utility and reissued with the appropriate cancellation charges applied.

(T)

If the service date is changed to an earlier date, and the Utility determines additional labor or extraordinary costs are necessary to meet the earlier service date requested by the customer, the customer will be notified by the Utility that Expedited Order Charges as set forth in C.1 following apply. Such charges will apply in addition to the Service Date Change Charge.

If the utility determines it can accommodate the customer's request without delaying service dates for orders of other customers, a new service date may be established that is prior to the original standard or negotiated interval service date.

A service date change charge will apply on a per order, per occurrence basis for each service date changed as specified in Schedule Cal.P.U.C. No. 175-T, 5.2.2.

C. ORDER MODIFICATIONS

1. Expedited Order Charge

When placing an Access Advantage Plus Order, a customer may request an expedited service date. A customer may also request an earlier service date on a pending Access Advantage Plus Order. If the Utility determines that service can be provided to meet the requested service date and that additional labor cost or extraordinary costs are required the customer will be notified and will be provided with an estimate of the additional charges involved. Such additional charges will be determined and billed to the customer as follows:

To calculate the additional labor charges, the Utility will, upon authorization from the customer to incur the additional labor charges, and to bill the customer for such charges, keep track of the additional labor hours used to meet the request of the customer and will bill the customer at the applicable Additional Labor charges as set forth in Schedule Cal.P.U.C. No. 175-T, 13.2.6.

To develop, determine and bill the customer the extraordinary costs which may be involved, the special construction terms and conditions as set forth in Schedule Cal.P.U.C. No. 175-T, Section 15 will be used by the Utility. Authorization to incur the costs and to bill the customer will be in accordance with the terms and conditions of Schedule Cal.P.U.C. No. 175-T, Section 15.

When the request for expediting occurs subsequent to the issuance of the Access Advantage Plus Order, a Service Date Charge as set forth preceding also applies.

Any Expedited Order Charges in excess of 10% over the estimate of the additional charges shall not be billed.

2. Cancellation of an Access Advantage Plus Order (T)

a. A customer may cancel an Access Advantage Plus Order for the installation of service on any date prior to the service date. The cancellation date is the date the Utility received written or verbal notice from the customer that the order is to be cancelled. The verbal notice must be followed by written confirmation within 10 days. If a customer is unable to accept Access Advantage Plus within 30 calendar days of the original service date, the customer has the choice of the following options:

- The Access Advantage Plus Order shall be cancelled and charges set forth in (b) following will apply; or (T)
- Billing for the service will commence.
