CATEGORY III SERVICES
D7. INSIDE WIRE REPAIR SERVICES

7.1 INSIDE WIRE REPAIR SERVICES (T)(L)

7.1.1 DESCRIPTION (T)

Inside Wire Repair gives the Utility's customers the opportunity to subscribe to a plan or service under which the Utility will repair their inside wire. When the customer subscribes to WirePro (the Per Month Inside Wire Repair Plan), there is no charge repair work done on the customer side of the demarcation point. At the customer's request, the Utility will isolate trouble to the simple inside wire, jack, or customer provided equipment. The Utility will perform repairs on the customer's simple inside wire and/or jack. The Utility will isolate trouble associated with customer provided equipment but will not repair, adjust, nor perform any other work on customer provided equipment or facilities. WirePro applies only to line(s) that are covered by the plan (Plan is not transferable).

The Utility offers two inside wire repair options: WirePro and the Per Visit Inside Wire Repair Service.

7.1.2 DEFINITIONS (T)

Demarcation Point

The inside wire demarcation point begins where the customer's inside wire connects to the intrabuilding network cable (INC). Where there is no INC, the demarcation point is the point of entry at the Utility's entrance facility. The purpose of this demarcation is to separate the responsibility of the end-user from that of a vendor or the Utility, as the customer's vendor of choice for inside wire repair and CPE trouble isolation. See Schedule Cal.P.U.C. No. A2.1.20.

Inside Wire

Inside wire (also known as simple wire) refers to all non-system premises telephone wire. Inside wire includes the associated jacks on the customer's side of the inside wire demarcation point. Inside wire does not include customer premises equipment.

Intrasystem Wire

Intrasystem wire (also known as complex inside wire) connects station components to each other or to common equipment such as a PBX or key system. Connection of intrasystem wire to the telephone network is governed by Part 68, Subpart C, of the FCC's Rules and Regulations.

Landlord

The owner of real property which is leased or rented to another for the purpose of residential occupation by human beings.

(L) Formerly in Schedule Cal.P.U.C. No. A8. Sheet 65.

CATEGORY III SERVICES
D7. INSIDE WIRE REPAIR SERVICES

7.1 INSIDE WIRE REPAIR SERVICES (Cont'd) (T)(L)
7.1.2 DEFINITIONS (Cont'd) (T)

Non-Standard Wire

Non-standard wire is the wire or wiring that does not meet the National Electric Code and Electronic Industry standards for either installation and wiring standards, or both.

Standard Wire

Standard wire meets the specifications outlined in the National Electrical Code and Electronic Industry Association Standards and has been installed in accordance with these standards.

Tenant

A person who rents or leases real property from a landlord for the purpose of residential occupation.

7.1.3 REGULATIONS (T)

A. General (T)

1. The Utility's employees will inform the customer that competitive alternatives for inside wire repair are available. (T)
2. The Utility will repair inside wire. Such repair may include the replacement of nonworking wire and/or jack(s). However, if the inside wire is non-standard wire and the repair requires replacement of such non-standard wire, the Utility may perform repairs and advise the customer that the non-standard wire must be replaced. (T)
3. The Utility reserves the right not to repair or replace inside wire that is in nonworking condition due to obvious neglect or willful misuse. (T)
4. The Utility will determine whether the trouble is caused by inside wire or customer provided equipment. The Utility will not perform any repair on customer provided equipment including, but not limited to, telephone cords, telephone sets, answering devices, or any other customer provided hardware. (T)
5. Inside Wire Repair does not include the installation of new services, extensions, or jacks. (T) (L)

(L) Formerly in Schedule Cal.P.U.C. No. A8. Sheet 66.

7.1.3 REGULATIONS (Cont'd)

A. General (Cont'd)

- (D)
- (D)
6. The rates and charges for inside wire repair options are in D7.3.3 and D7.4.3 following, are determined by the customer's class, type, and grade of services as set forth in Schedule Cal.P.U.C. No. A2.1.3. (T)
7. Customers who have hardwired equipment only, i.e., without a modular jack, are excluded from the provisions of this tariff and its associated rates and charges. Except as set forth in D7.1.3.A.9 following, these customers are responsible, at their expense, for providing the modular jacks and inside wire necessary to restore their service. (T)
8. Where customers experience trouble with hardwired equipment that supports nonmodular handicapped services, the Utility at its discretion may modularize the jacks and wiring at no additional charge. (T)

D7. INSIDE WIRE REPAIR SERVICES

- 7.1 INSIDE WIRE REPAIR SERVICES (Cont'd) (T)(L)
- 7.1.3 REGULATIONS (Cont'd) (T)
- B. WirePro (T)
1. Customers who subscribe to this plan are charged monthly as shown in D7.3.3 and D7.4.3, Rates and Charges. The rates are for trouble isolation and repair of inside wire and/or jacks within their premises. The Utility will determine whether the trouble is caused by inside wire, jacks or customer provided equipment. (T)
 2. Per Visit Inside Wire Repair Services charges do not apply. (T)
 3. Customers may subscribe to WirePro only at the time their inside wire is in working condition and meets the Utility's standards.
 4. Subscription to WirePro becomes effective with the installation due date of the service connection for new service or, with established service, at the time the subscriber requests participation.¹ (T)
 5. WirePro does not include re-installation of inside wiring beyond one working jack where the wiring was destroyed by fire, major flood, or similar catastrophes. (T)
 6. Customers must advise the Utility when they wish to cancel WirePro. (T)
 7. Customers moving to another area served by the Utility wishing to continue WirePro will need to re-establish subscription to the Repair Plan at the new location. (T)
 8. Customers with non-standard wire are not eligible for the Plan. (T)
 9. Inside Wire Repair Plan applies to existing inside wire and/or jack(s) within customer premises. It does not cover inside wire and/or jack installation. (T) (L)

NOTE 1: For large residential complexes the tenant's Inside Wire Repair Plan becomes effective within 5 days of receipt of the agreement and consent forms from the Landlord. Additional time may be required to process the agreement and consent forms if a tenant does not provide the Landlord with their phone number. (L) (L)

D7. INSIDE WIRE REPAIR SERVICES

7.2 SIMPLE INSIDE WIRE REPAIR SERVICE FOR LANDLORDS (T)(L)

7.2.1 DESCRIPTION (T)

A. Simple Inside Wire Repair Service For Landlords (T)

Simple Inside Wire Repair for Landlords gives Landlords the opportunity to subscribe to a plan or service under which the Utility will repair their Tenants' inside wire. At either the Landlord's or Tenant's request, the Utility will isolate trouble to the simple inside wire, jack, or Tenant provided equipment. The Utility will perform repairs on the Tenant's simple inside wire and/or jack. The Utility will isolate trouble associated with Tenant provided equipment, but will not repair, adjust, nor perform any other work on tenant provided equipment or facilities.

The Utility offers two simple inside wire repair options: WirePro for Landlords and the Per Visit Inside Wire Repair Service for Landlords.

B. Applicability (T)

This tariff contains general regulations and definitions related to the Simple Inside Wire Repair Service for Landlords. These general regulations and definitions are in addition to specific definitions and regulations contained in Schedule Cal.P.U.C. No. D7.1, preceding. (T)

7.2.2 DEFINITIONS (T)

Landlord

The owner of real property, or his or her authorized representative, who (1) leases or rents property to tenants for the purpose of residential occupation of human beings, and (2) authorizes the Utility to perform inside wire repair service on his/her Tenant's premises as provided in this tariff.

Tenant

A person who pays rent to occupy real property owned by a Landlord and whose Landlord authorizes the Utility to perform simple inside wire repair in his/her rental unit as provided in this tariff. (L)

(L) Formerly in Schedule Cal.P.U.C. No. A8. Sheet 69.

D7. INSIDE WIRE REPAIR SERVICES

7.2 INSIDE WIRE REPAIR SERVICE FOR LANDLORDS (Cont'd)

7.2.2 DEFINITIONS (Cont'd)

Tenant Provided Equipment

Includes devices or apparatus and their associated wiring which do not constitute a multi-line terminating system and which when connected to the communication path of the telecommunications network are connected either electrically, acoustically or inductively. Tenant provided equipment includes telephones, data equipment and ancillary equipment.

7.2.3 REGULATIONS

A. General

1. The Utility will repair inside wire. Such repair may include the replacement of nonworking wire and/or jack(s). However, if the inside wire is non-standard wire and the repair requires replacement of such non-standard wire, the Utility may perform repairs and advise the Landlord that the non-standard wire must be replaced.
2. The Utility will determine whether the trouble is caused by inside wire or Tenant provided equipment. The Utility will not perform any repair on Tenant provided equipment including, but not limited to, telephone cords, telephone sets, answering devices, or any other Tenant provided hardware.
3. Non-payment by the Landlord of inside wire repair charges may result in discontinuation and denial of inside wire repair services (WirePro or Per Visit Inside Wire Repair Service) for Tenants by the Utility and disconnection of the Landlord's telephone service with the Utility until the inside wire repair charges are paid¹.

(T)

NOTE 1: Basic Service will not be disconnected for non-payment of anything other than residential and single line business, Flat Rate and/or Measured Rate Service as defined in D.96-10-066, Appendix B, page 5 (see A2.1.11,A.2.k).

D7. INSIDE WIRE REPAIR SERVICES

7.2 INSIDE WIRE REPAIR SERVICE FOR LANDLORDS (Cont'd)

7.2.3 REGULATIONS (Cont'd)

A. General (Cont'd)

4. The Utility may deny coverage for a landlord(s) tenants under WirePro, when the landlord fails to pay the applicable charges, until such charges are paid. However, the Utility will not disconnect a tenant's telephone service when a landlord fails to pay the applicable charges for Inside Wire Repair service provided by the Utility to the tenant at the landlord's request. (D)
5. The Utility's inside wire repair service for Landlords is available to Landlords of Tenants with residence and business service. This service is not available to Landlords with Tenants subscribing to private line services.
6. Landlords of Tenants who have hardwired equipment, i.e., without a modular jack, are excluded from the provisions of this tariff and its associated rates and charges. Except as set forth in D7.2.3,A.7 following, these Landlords are responsible, at their expense, for providing the modular jacks and inside wire necessary to restore their Tenants' service.
7. Where Tenants experience trouble with hardwired equipment that supports nonmodular handicapped services, the Utility at its discretion may modularize the jacks and wiring at no additional charge.
8. The Utility will not bill a Landlord for a Tenant's inside wire repair (WirePro or Per Visit Inside Wire Repair Service) charges without the Landlord's prior consent as reflected in the Landlord authorization and consent forms provided by the Landlord to the Utility.² (D)

NOTE 2: See Schedule Cal.P.U.C. No. A2. Forms. The Utility may obtain a verbal authorization from the Landlord to bill the Landlord for Per Visit Simple Inside Wire Repair Service provided to the Tenant.

D7. INSIDE WIRE REPAIR SERVICES

- 7.2 INSIDE WIRE REPAIR SERVICE FOR LANDLORDS (Cont'd) (T)(L)
- 7.2.3 REGULATIONS (Cont'd) (T)
- B. WirePro (T)
1. Landlords who subscribe to this plan are charged monthly as shown in D7.3.3 and D7.4.3, Rates and Charges. In order to accommodate a Landlord's request to handle Tenant's inside wire repairs, the Utility will bill subscribing Landlords at the monthly tariffed rate per Tenant telephone number to be covered by the plan. The rates are for trouble isolation and repair of inside wire and/or jacks within their Tenants' premises. The Utility will determine whether the trouble is caused by inside wire or Tenant provided equipment. The Utility will not perform any repair on Tenant provided equipment including, but not limited to, telephone cords, telephone sets, answering devices, or any other Tenant provided hardware. (T)
 2. Per Visit Inside Wire Repair Service charges do not apply. (T)
 3. Landlords may subscribe to WirePro for a Tenant only at the time the Tenant's inside wire is in working condition and meets the Utility's standards. (T)
 4. Subscription to WirePro becomes effective with the installation due date of the service connection for Tenants new service or, with established service, at the time the Landlord requests coverage; provided, however, that for large residential complexes, the Landlord's inside wire repair plan becomes effective within 5 days following receipt of the Landlord authorization and consent forms from the Landlord. The Landlord may, but is not required to, provide Tenant's telephone number. Additional time may be required to process the Landlord authorization and consent forms if the Landlord does not provide the Tenants' telephone numbers or if the Tenant is not a listed customer with the Utility. (L)

- 7.2 INSIDE WIRE REPAIR SERVICE FOR LANDLORDS (Cont'd) (T)(L)
- 7.2.3 REGULATIONS (Cont'd) (T)
- B. WirePro (Cont'd)
5. Landlords must advise the Utility when they wish to establish or cancel coverage under WirePro for any Tenant. The Landlord must provide a new Landlord authorization and consent form for any new Tenant(s). (T)
6. Tenants moving to another area served by the Utility wishing to continue coverage under the Landlord WirePro will need to re-establish coverage at the new location under the new Landlord's WirePro. (T)
7. Landlords and/or Tenants with non-standard wire are not eligible for the Plan. (T)
- C. Per Visit Inside Wire Repair Service (T)
1. The Utility's employees will inform the Landlord or the Tenant, as applicable, that competitive alternatives for inside wire are available. (T)
2. Landlords not subscribing to the Landlord WirePro may pay for trouble isolation and repair of simple inside wire and/or jacks within their Tenants' premises. Upon request by a Landlord, the Utility will determine whether the trouble is caused by simple inside wire or Tenant provided equipment including telephone cords, telephone sets, answering devices, or any other Tenant provided hardware. (T)
3. A Landlord who requests, or a Landlord whose Tenant requests, the Utility to visit their premises to repair their inside wire, and then refuses to allow the Utility access to the premises, may be subject to the Per Visit Inside Wire Repair Service charges shown in D7.3.3 and D7.4.3 Rates and Charges, following. (T)
4. If the Landlord or a Tenant requests the Utility to perform the Inside Wire Repair Service, the rates and charges shown in D.7.3.3 and D7.4.3 following, will apply. If a Landlord refuses to pay the simple inside wire repair service charges, the Tenant will be held responsible for payment of those charges. (T) (L)
