10.6.1 FLAT RATE PLUS FOR BUSINESS (FLAT RATE PLUS)

A. DESCRIPTION

Flat Rate Plus For Business (Flat Rate Plus) is a postalized rate calling plan with associated blocks of time for the business customer. Flat Rate Plus provides customers a predictable rate on directly dialed intraLATA calls and CUSTOM 8 incoming calls, includes four Custom Calling Features (Caller ID, Three Way Calling, Call Forwarding and Remote Access to Call Forwarding) and reduced Custom 8 monthly recurring charge.

Flat Rate Plus allows customers to select either Option 1 or Option 2 for business usage:

Option 1: For no monthly fee, customers will make calls at \$.11 per minute, regardless of time of day or distance. This option requires a monthly usage minimum of \$50 per plan. If the customer's undiscounted usage is less than \$50, the billing system will automatically charge the required minimum of \$50.

Option 2: For a monthly fee, the customer receives a predetermined call allowance. For all calls over the predetermined call allowance, each additional minute will be rated at a postalized rate as determined by the customer's monthly fee schedule.

Flat Rate Plus will provide customers with a single, consolidated account for all Billed Telephone Numbers (BTNs) in the Flat Rate Plus Group Plan.
